One of the biggest poultry shows ever held in the South is in progress in Nashville this week.

Former Gov. Frank Steunenberg was killed by an explosion at his home in Caldwell, Idaho. A dynamite bomb was placed at his gate and exploded as he entered.

The King of Portugal is reputed to possess the most robust appetite in all Europe. It takes three colossal meals daily and snacks every two hours between them to keep him from suffering from hunger.

Chas. T. Yerkes, the traction king of New York, died of Bright's disease Friday. His wife, who had left him, relented at the last moment and went to his bedside in time to see him die.

White flags in Moscow mark the end of the uprising there. Those of the revolutionary leaders now in prison have surrendered and have declared their strike off. The loss of life, it seems, was greatly overstated.

Perry Belmont has announced that a meeting of the committee he has appointed to institute a movement for publicity of campaign contributions will be held in Washington January 17. Urey Woodson is one of the committee.

The Blackburn faction in Hopkins county yesterday held a mass convention to instruct Mun Wilson how to vote. It is hardly possible that "Walking Mun" can be induced to desert Paynter.

Waiter Wellman, the well-known correspondent, has been commissioned by a Chicago newspaper to search for the North Pole in an airship. The idea is to start the expedition from Spitzbergen, Norway next July and to make the round trip in two or three weeks. Sentres Dumout is to go with him.

The last formalities in the union of the Northern Presbyterian and Cumberland Presbyterian churches were completed Saturday in St. Louis and the two churches have now been officially merged into one to be known as the Presbyterian church. The Southern branch has not been taken into the re-united body.

Efforts to nominate a Speaker of the House was held at Frankfort, Ky., too late for the result to be known to-day. The contest between Henry Lawrence and Dickson was conceded on both sides to be and to an unprejudiced observer was very doubtful. In spite of the very evident attempt of the Louisville papers to create a stampede to Miller, the chances seemed to be in Lawrence's favor.

The now noted telephone case from Paducah will be heard in the Federal court at Louisville next Saturday. The East Tennessee Telephone Co. has applied for an injunction to restrain the city of Paducah from compelling it to buy a franchise. The telephone people are claiming they do not have to purchase a municipal franchise and that they operate under a state grant sold them by the legislature, while the municipality contends opposite. The decision will have a direct bearing on a similar situation in this city.

The Courier-Journal has developed into a partisan sheet, departing from its usual policy of keeping out of factional fights. Its strong bias for the Blackburn-Haldeman combine is showing itself in thinly veiled attacks on Gov. Beckham, Judge Paynter and other administration leaders, by making sensational charges against their friends. Dr. Milton Board, of the Western Asylum on account of an animated discussion in the lobby of the Old Inn, was reported to have engaged in an "altercation" with Geo. H. Madden, although the "altercation" never resulted in anything more violent than words. The same paper on the same page charges that a petition made up of "forged names in the Western Asylum" was presented to the Breckinridge county member. This sort of stuff following upon the publication as a sensation of the alleged investigation of the fact that one of Senator Blackburn's letters was put by mistake in Gov. Beckham's mail, shows that any kind of an attack on the administration can find its way into the Courier-Journal's columns.

The detective quality of the Review of Reviews as a "new magazine" is well illustrated in the opening number of the new year. In this January issue appears a well considered article by W. T. Stead, describing the political conditions and problems that confront the Liberal party on its return to power in Great Britain, together with an interesting series of thumbnail sketches of the different members of the new cabinet which took effect on December 11. The same number contains a vivid pen-picture of the serious crisis in London's labor situation as seen by a Canadian woman, Miss Agnes C. Laut, only a fortnight before Christmas. The strikes and lockouts of 1905 in the United States are graphically reviewed by Victor S. Yarros. Apropos of the action of Columbia University in abolishing football, a series of five brief articles by college presidents and experts in the department of physical instruction is timely and valuable.

### LOOKING FORWARD.

#### A Few Things of Importance for 1906

Be sure you write it 1906.  
 The new year was ushered in by the ringing of bells and blowing of whistles.  
 1906 is not a leap year, so the girls will have to wait two years longer.  
 Not a vacant house on Main street to start off with the new year is bad news for the pessimists.  
 Mighty few people in town Saturday, but yesterday being New Year's Day, the streets were full—and several fellows also.  
 The difference between the police and the reformers yesterday was: the police swore in and the reformers swore off.  
 The law against quail shooting went into effect yesterday, and what few Bob Whites are left can be happy for another eleven months.  
 The first marriage license of the new year was issued yesterday to Mr. Walter Wagner to wed Miss Bell Kinkead.  
 Some of the improvements for this year will be: A new passenger station for the L. & N.; big change in Bank of Hopkinsville building; the Y. M. C. A. building completed and in full operation; the Imperial Tobacco Company running and giving employment to 300 people. Probable: A new L. C. passenger station; street cars running and numerous other things, too numerous to mention.

Miss Maude Cansler is visiting at Morenci, Arizona, and will not be back to Hopkinsville until summer.

## GIDEONS HAVE REVIVAL WEEK.

Union Services at the Baptist Church Sunday Night.

### PALMER IS PRESENT.

Meetings Will Be Held Here Throughout the Week.

The union services introducing the Gideon revival were held Sunday night, all of the local pastors taking part. Rev. H. D. Smith preached the sermon for the occasion.

Yesterday afternoon a meeting for ladies only was held, at 2 o'clock. Last night the first service for men only was held at the Baptist church, conducted by Charles H. Palmer, of Chicago. Mr. Card, of St. Louis, will be in charge of the singing at all of the meetings.

Mr. Charles Palmer, the field superintendent of the Gideons, began the series of meetings at the Baptist church last night. His subject was "The Awfullest Thing in the World". Tonight his subject will be, "Believe for the Work's Sake". The meetings will close Friday night.

Mr. Palmer has been here before and our people know him to be a powerful speaker.

Wednesday—Behold the Man.  
 Thursday—The Life of a Gambler.  
 Friday—The Equipment of a Man.  
 Today at 3 p. m. prayer service by the ladies to which all ladies are invited. Mr. Palmer will address the afternoon prayer serves at 3 p. m., Wednesday, Thursday and Friday, to which everybody is invited.

All male singers of the town are requested to be present at the men's meetings and assist with the singing. The Gideons are a band of Christian traveling men. A camp is located in this city with a good membership.

There are nearly 50 traveling men who live in Hopkinsville.  
 All men are cordially invited to the meeting this week.

## Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

Trenton, Ky., Dec. 30.—At a mass-meeting of the business men and citizens of Trenton and vicinity the following resolutions were read and unanimously adopted.

Charley Spurlin and Billie West visited your city last Wednesday to see after their tobacco that was sold by the Dark Tobacco Association.

Christmas has come and gone. It was a very dull Xmas here. There were few eggs to make Egg-nogs and there has been no night parties nor dances. Our people are trying to serve the Lord instead of the devil.

"Honey Bee," late correspondent of the Kentuckian, is a mother now. She presented her husband, Mr. Joe Fruit, with a fine 9½ pound baby boy a few days ago. SENRAB.

## AMUSEMENTS.

The Cerman Countess, Olga Regina, one of the handsomest and one of the cleverest comedienne on the American stage, comes to Hopkinsville in Anna Held's elaborate production of "The Little Duchess" on January 11. The company supporting this comic opera star is one of the best and most expensive now before the public and the management promises one of the best and most attractive performances that have been given in musical comedy for years. The book of "The Little Duchess" was written by Harry B. Smith and the music by that king of musical comedy and comic opera—Reginald DeKoven.
