

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is another proof that the kidneys are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest in its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

FORTY TON

Ice Machine Being Put In by Ellis Ice Co.

Everybody will have all the ice he wants this year. The Ellis Ice Co. bought a new machine some time ago and has already received part of it. The capacity of the new machine is 40 tons per day.

In reply to the question as to how many delivery wagons he would run this season, Mr. Ellis said that it would be owing to the demand. He said the company wanted to supply its customers promptly, and if necessary he would put ten wagons on the streets. As is well known the prices will be 25 cents for 100 pounds and 30 cents for over 50 pounds. For small quantities 50 cents per hundred.

EASTER

Preparations By the Fair Sex Kept Milliners and Dressmakers Busy.

SOME SPECIAL SERMONS

Some of the Churches Had Splendid Floral Decorations.

Saturday the streets were thronged by ladies, most of them intent on assuring themselves that their new head wear would be delivered in time, while the dressmakers were rushed throughout the entire day finishing spring dresses for Easter Sunday. In fact the whole of the week had been a rush, but some of the customers did not get their purchases until midnight Saturday night.

A strong cold wind swept over the city Saturday afternoon and for variety of dress the like has hardly ever before been seen here. Ladies who had dressed for spring went down town after dinner shopping and staid in the stores as much as possible to keep from taking cold; others had not discarded their winterwear and even wore furs; sometimes you would see a lady dressed in thin white, looking like a stray snowflake and chilled through and through; slippers had taken the place of high boots, showing the imprudence of the wearers; young ladies who had placed their orders for Easter hats early could not wait for Sunday and came out in them, reminding one of frost covered roses; most of the men were clad in their winter clothing, many of them wearing heavy overcoats; occasionally one would meet the fellow who was tired of winter and had "crowded the season" by donning his last summer's straw hat; dotting mothers had driven down town just after dinner with their little babes dressed just

A GRAPE CREAM OF TARTAR BAKING POWDER

It makes the most delicious and healthful hot breads, biscuit and cake

FREE FROM ALUM, LIME OR PHOSPHATIC ACID

Alum baking powders are unhealthful. Do not use them for raising food under any circumstances. So detrimental are alum baking powders considered, that in most foreign countries their sale is prohibited. In many States in this country the law compels alum powders to be branded to show that they contain this dangerous acid, while in the District of Columbia, Congress has prohibited the sale of all food that contains alum.

Alum baking powders are sold to consumers at from 10 cents a pound to 25 ounces for 25 cents, or 25 cents a pound, and when not branded may generally be distinguished by their price.

right for taking cold enough to last until the middle of May, while the little boy who had "turned his feet out to grass" looked as if he "wished he hadn't done it." Altogether such a varied, mixed-up affair is never seen except on Saturday before Easter. The observance of Easter, which

commemorates the Lord's resurrection is becoming more common by Protestants every year. The local pastors probably without one exception, had prepared Easter sermons. The floral decorations at some of the places of worship were grand, every potted plant, evergreen and early

blooming cut flower having been brought into requisition. A splendid musical program was rendered at the Episcopal church, while other choirs had made preparation for appropriate music. The Epworth League had a sunrise meeting at the Methodist church, which called many of the young people out at an unusual hour.

Sunday was not an ideal day for Easter. The sun rose without a cloud in the sky, but in an hour it was obscured by rather heavy clouds, the air was sharp and cutting, which continued during the day, and one felt more like staying indoors than donning spring suits. But the ladies, a few of them, were brave and sallied forth in new hats of every conceivable and inconceivable shape, size, color, trimmed and untrimmed, gowns light enough for midsummer, looking charming, it is true—but oh how cold—suggesting the practicability of frost the coming night; greenhouse flowers were not very conspicuous. Overcoats, furs and wraps were worn by the majority of people, however, and what the English call "an ugly day" was a great disappointment to everybody. To be plain, Easter Sunday for display was a failure, but all the churches were well attended.

ALL SOLDIERS

Of the U. S. Army Will be Armed Alike.

The War Department has about completed the issue of new rifles to the troops in the United States. This marks the passing of the carbine, so long a weapon of the cavalry branch of the service. Both infantry and cavalry are being supplied with same model of rifle, a modification of the model of 1903. This is about six inches shorter than the Krag and about two inches longer than the carbine now being discarded by the cavalry. For the present the rifles are being used with the rod bayonet, but later they will be called in, when the new bayonet recently decided upon will be substituted. The issue to the troops in the Philippines will follow, and

DISFIGURED WITH ECZEMA

Brushed Scales from Face Like Powder—Under Physicians Six Months But Grew Worse—Some Said Face Would Be Marked for Life—Now Without a Blemish.

CUTICURA REMEDIES WORK WONDERS.

"As I was a sufferer with eczema I write to tell you what a great friend I found in Cuticura Remedies. In six months I had tried three doctors, but did not get any better. It was on my body and on my feet so thick that I could hardly put a pin on me without touching eczema. My face was covered, my eyebrows came out, and then it got in my eye. I then went to another doctor. He asked me what I was taking for it, and I told him Cuticura. He said that was a very good thing, but that he thought that my face would be marked for life. But Cuticura did its work and my face is now just as clear as it ever was.

"My brother-in-law told me about the wonderful Cuticura remedies. I took his advice and got the Ointment, Soap, and Resolvent. I washed with the Cuticura Soap and then applied the Ointment, and took Cuticura Resolvent as directed. In a short time my face began to get better, and when I had taken one bottle of Resolvent I could brush the scales off my face like a powder. When I had taken four bottles my face was as clear as ever.

"I told all my friends about my remarkable cure. I feel so thankful I want everybody far and wide to know what Cuticura can do. It is a sure cure for eczema. (signed) Mrs. Emma White, 641 Cherrier Place, Camden, N. J., April 25, 1905."

In the book of Proverbs we find this advice: "Train up a child in the way he should go, and when he is old he will not depart from it." The advice of King Solomon may certainly be applied to the boy (or girl) who, by means of a Home Recording Safe receives, during his minority, practical lessons in thrift and savings. What our men and women of fifty years will be, depends on the children of to-day. Is it not worth our while, even at the cost of considerable effort, if necessary, to teach our boy or girl the value of money, the habits of thrift economy and savings. Herbert Spencer says, "Education is the preparation for complete living." One of our Home Savings Banks, which you can have FREE upon opening an account with one dollar or more, if in your home, is a constant, appealing educator, teaching the habit of savings silently, continuously, forcefully, and not to be denied.
