MAY 17, 1906.

Democratic Ticket.

FOR CONGRESS,
A. O. STANLEY,
OF HENDERSON.

Printer Wanted.

A good compositor who wants steady work can find an opening in the KENTUCKIAN office.

George Baker, of Central City, is a Republican candidate for Congress in the Third district.

Hundreds of Paducah citizens have petitioned the council to pass a municipal ownership ordinance.

Hon. John K. Hendrick has bought a residence lot in Paducah and moved from Smithland to that city. He has had an office there several years.

After running a mile to catch a train near New Albany, Richard Jones expired on the train from heart failure resulting from his over-exertion.

The great Ferris wheel, the engineering novelty which was a feature of two world's fairs and gave a dizzy whirl to millions, was destroyed with dynamite by wreckers in St. Louis last week. The iron in it weighed 4,200 tons.

A body believed to be that of Father Gapon, the Russian labor leader, was found hanging in a vacant house in Finland. It is believed he was murdered or executed by secret police and the body left in a position to suggest suicide.

Near Milton, Fla., an itinerant preacher named Ackerman, his wife and seven children, the eldest about fourteen years old, were killed and their bodies cremated in their home, which was fired by the assassins.

The Maharajah Gaekwar of Baroda, an Indian Prince of the first magnitude, is in this country with a string of attendants. He has one wife and speaks English—when she lets him speak.

Leiber & Co., of New York, have notified the Young Ladies' Guild of the Clarksville Episcopal church, that they will be prosecuted for presenting "Mrs. Wiggs of the Cabbage Patch," a copyrighted play. Every participant, manager or actor, will be proceeded against.

Dr. John D. Woods, for many years editor of the Glasgow Times, died of heart failure at his home in Bowling Green Sunday night. He had been a sufferer from the disease for several years. Dr. Woods was Public Printer for Kentucky from 1886 to 1890, and represented Warren county in the Legislature one term, in 1896-7.

In the gubernatorial race in Tennessee Cox has 403 and Patterson 400 uncontested delegates, Bond 71 and Washington 23. There are 289 contested and 44 uninstructed delegates. Washington is not a candidate and his votes are for Patterson. Cox appears to be about out of the race.

How's This?

We offer One Hundred Dollars reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & Co., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligation made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials, sent free. Price 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." Miss BEULAR BOYCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

Judge M. C. Givens, of Henderson, is critically ill. He is 77 years old.

Rufus Combs, of Midway, will receive one of the Carnegie medals offered for bravery. He will be the first Kentuckian to receive such a medal.

The Herald, which professes to know what is going on, says a conference will be held in Louisville this week to agree upon an anti-administration candidate for Governor. Congressman Ollie James and Senator Blackburn are being most seriously considered. Everybody agrees that senator and all will be nominated in a primary election.

Carl Schurz died in New York Monday aged 79 years. He was born in Prussia and came to this country in 1852 and became a leader of the Germans of Wisconsin, in the anti-slavery agitation. He supported Lincoln and was made minister to Spain, but soon came home to become a Brigadier-General in the army. In 1869, having drifted to St. Louis, he was elected to the Senate and in 1877 participated with Hayes in the usurpation of the presidency, being made Secretary of the Interior. In 1881 he became an independent in politics and supported first one side and then the other, devoting himself to literary work. He will live in history as the most conspicuous of the mugwumps of a quarter of a century ago.

CHILD RIDES UNDER CAR

Child Has Remarkable Escape From Death.

La Crosse, Wis., May 15.—Four-year-old George Kuster took one of the most amazing rides in railroad history. For eight miles, traveling at forty miles an hour and over one of the roughest bits of roadbed in Minnesota, the child was carried, absolutely unhurt, clinging to a cross-rod between two box cars and under the coupling, his feet resting on the brakebeam. When rescued, the boy was laughing.

George's extraordinary ride began at the Wyckoff, Minn., station of the Chicago, Milwaukee and St. Paul railroad, where he escaped from his father, Prof. George Kuster, and had crawled beneath a freight train. A few minutes later the train pulled out. When the train disappeared it was found the child had also vanished.

Between Wyckoff and Fountain, the next station, eight miles away, there is a steep down grade and a rough roadbed. Over these eight miles the child was whirled, resting between the cars where he had ensconced himself in the Wyckoff depot, and saved by some extraordinary chance from falling to death on the ties.

At the Fountain siding the train came to a standstill and George, in the best of humor with the world, was found by Conductor William Plumber. The child was not even scratched, and his white dress was scarcely soiled. Trainmen declare the ride to be one of the miracles of railroading.

Tomatoes Wanted.

The Hopkinsville Canning Company will make contracts for a few more acres of tomatoes. Those contemplating growing tomatoes this season will please call at once and make arrangements, as plants are ready to be set out.

W. R. BRUMFIELD, Manager.

BAIL \$500.

In Default, Layne and Springfield Were Sent to Jail.

The trial of the two negroes, Charlie Layne and Joe Springfield, occupied nearly the entire time of County Judge Breathitt Monday. Quite a number of witnesses were examined. Officer Haydon, who received a flesh wound, testified that Springfield fired the first shot, but when Layne gave his evidence he said that he did not fire at all, though Haydon testified that Layne fired the second shot. John Rowland, one of the four negroes arrested at the time, when put upon the stand, proved a "lullaby" by his own evidence, as he was in another room during the whole time of the shooting, nothing disturbing his dreams. He and Wm. Layne had been dismissed, on motion of the commonwealth, at the opening of the trial.

It will be remembered that the shooting was occasioned by the effort of officer Haydon and his deputy Dougherty to locate the negro Wallace Layne for beating an old man by the name of Reeves, the father of W. E. Reeves, who was in the grocery business here several years ago. Wallace Layne made his escape from the county after committing the crime and no one has an idea as to his whereabouts.

After hearing the evidence and the arguments by the attorneys for the defense and County Attorney Duffy, Judge Breathitt granted the accused bail in the sum of \$500 each, in default of which they were remanded to jail. The negroes were defended by Prowse, Feland, Southall & Son and Ward Headley, of Princeton. Mr. Duffy stood alone for the commonwealth.

A. S. OF E.

Will Hold Regular Quarterly Meeting Here June 2.

The American Society of Equity farmers will hold their regular quarterly meeting in Hopkinsville, the first Saturday in June instead of July.

This meeting in the forenoon will give all wheat growers a chance to co-operate with the five states that produced 197,626,311 bushels in 1905. The world's crop is about the same every year. We showed you that \$1.20 wheat was in sight in 1904. Some were too busy making money to give our plans any thought and sold for \$30.00 less on the hundred bushels.

We came in the tobacco districts in January 1904, to organize the farmers and let them decide as to the best plan to make growing tobacco profitable. Now we have over 1,000 local unions in the tobacco districts. Several districts have decided on a plan that has given satisfaction at Owensboro and other places. We will decide on a plan at this meeting to put this district on a safe basis and place it in a position to command the respect, confidence and approval of all farmers.

The trusts are only co-operating intelligently to protect their own interests. We have the same privilege. Every local union is entitled to one delegate. This includes locals in Tennessee and Kentucky that have not been placed in some district. Everybody is invited to attend this meeting. Respectfully,
F. B. McCOWN, President
Christian County Union.
Other papers please copy.

SATURDAY LAST DAY.

City May Forfeit Street Car Franchise After 19th.

Saturday, May 19th, is the last day for beginning work under the street railway franchise, held by the estate of the late H. M. Dalton. If the work does not begin in good faith by that day, the city may declare the franchise forfeited. A certified check for \$3,000, one of the conditions of the franchise, was attached to the bond given by Mr. Dalton, to guarantee that the work would be begun in 90 days and finished in one year from Feb. 19th.

FOR HIMSELF.

M. H. McGrew, the Machinist, Buys Out Partner.

Nearly everybody in the county that has anything to do with machinery has become acquainted with M. H. McGrew, who has been in partnership with John Metcalfe for the past four years. Mr. McGrew is a practical machinist, conscientious and up to date. He is a young man of great energetic force, personally agreeable and devoted to his business. It is a pleasure to speak of such men and we can truthfully say that when you patronize him you will not regret it. He has bought

out Mr. Metcalfe's interest in the machine shop which they have conducted pleasantly and profitably during their partnership and in future will put all his energy into his own business, and being fully supplied with the best make of lathes, planers, drills and everything necessary for conducting a general machinery repairing business, he asks a continuation of the large patronage heretofore extended to the old firm. In addition to this he will handle mill supplies, piping, etc. Mr. McGrew is going to make things hum at the old stand and deserves every encouragement from our people, for, when it is necessary, he never lets darkness stop him, but turns on the electric light, and by morning is nearly half a day ahead in his work.

UNION SERVICE.

Rev. Frederick Fredenhagen's Stereopticon Lecture.

Miss Lucy Starling, State Superintendent of Prison Work for the Union Society of Christian Endeavor, has arranged for Rev. Frederick Fredenhagen to deliver his great stereopticon lecture in this city next Sunday night. She has brought the matter before the pastors of the city and they have agreed to omit their regular night service and unite in the service to be conducted by Mr. Fredenhagen. The service will begin at the usual hour.

Mr. Fredenhagen and a number of ladies and gentlemen of the city will go down to Eddyville Sunday morning and hold a service in the prison. The I. C. train south now arrives here at 6:15 p. m., which will give the lecturer time for a little rest after his day's work at Eddyville. Mr. Fredenhagen's lecture will be repeated at the State Endeavor Convention, which meets for a three day's session at Newport on the 25th of this month. He was one of the speakers at the International Convention at Baltimore last year. He is a great worker for moral reform and is at the head of a branch society whose object is to assist in every way criminals who have served their times in the penal institutions of the country and are thrown out on the world to become better men or worse criminals. Our people will hear much from Mr. Fredenhagen that they have never before given a thought.

It was first arranged to have the meeting at the Christian church, but afterwards thought best to have it at the Baptist church, as it has the greatest seating capacity.

Patent for Claude Sisk.

Among the patents issued Kentuckians at Washington this week was one for Claude J. Sisk, Hopkinsville, on motor sleigh.

QUEEN OF ACTRESSES PRAISES PE-RU-NA.

MISS JULIA MARLOWE
Heartily Approves of Peruna For the Nerves.

In a recent letter to The Peruna Medicine Co., Miss Julia Marlowe, of New York City, writes the following:

"I am glad to write my endorsement of the great remedy, Peruna, as a nerve tonic. I do so most heartily."—Julia Marlowe.

Nervousness is very common among women. This condition is due to anemic nerve centers. The nerve centers are the reservoirs of nervous vitality. These centers become bloodless for want of proper nutrition.

This is especially true in the spring season. Every spring a host of invalids are produced as the direct result of weak nerves.

This can be easily obviated by using Peruna. Peruna strikes at the root of the difficulty by correcting the digestion.

REVISED FORMULA—For a number of years requests have come to me from a multitude of grateful friends, urging that Pe-ru-na be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Pe-ru-na that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character.

Buy a bottle of Peruna to-day. If you do not receive all the benefits from Peruna that you expected, write to Dr. S. B. Hartman, Columbus, Ohio.

"S. B. HARTMAN, M. D."

New York Life.

Hopkinsville, Ky., April 30th, 1906.
Mr. Walter F. Garnett, Agent,
New York Life Insurance Co., City.

Dear Sir:—It gives me pleasure to acknowledge receipt of statement of optional settlement on 20-Payment Life Policy, No. 223,593, for \$1,500.00, issued at age 35, with premium of \$52.50, taken out with you Apr. 29, '86. After having been insured for 20 years, I am offered a paid up policy for \$1,500 and a cash dividend of \$406.88, or the total value may be withdrawn in cash—\$1,215.85, (which is more than I have paid in in the 20 years) or a fully paid up policy payable at my death for \$2,219.00.

The cash settlement of \$1,215.85 is equal to Term Insurance at \$12.87 per \$1,000 and an investment of the balance of premiums with 5% per cent. compound interest for twenty years. This showing is certainly a creditable one for the New York Life, and I will be pleased to give you my application for \$1,000 on the Ordinary Life plan.

Yours very truly,
C. E. WEST.

The Old Reliable Jewelry House

of Hopkinsville is, after all, the best place to get anything in the Jewelry line. There's a record behind us, a record of over thirty years; a clean record of satisfied customers, a record of honest dealing, for honest quality, honest prices. It's a record any Jeweler might feel proud of. And when we sell an article we have in mind that we have a record to maintain, and no slipshod methods, no careless workmanship, no lack of quality is ever allowed to mar the record of the past. But to improve, if possible, this record, is ever our aim, and goods are sold for as low a price as it is possible to sell reliable goods.

It will pay you in the end to deal with the Old Reliable Jeweler.

M. D. KELLY,

N. Main St., Opp. Court House.
