OF HENDERSON.

## The Weather.

For Kentucky: Generally fair Saturday. No decided change in temperature.

Emperor William, of Germany, became a grandfather for the first time on July 4. The young prince has been named Wilhelm.

George Campbell and Frank Vader fought a duel on horseback in Colorado because of an alleged horse theft. Campbell was killed.

Miss Levie Sherrow, of Danville, died from lockjaw caused by a rusty nail that stuck through her shoe and penetrated her foot.

Following the raid of Tuesday officers Wednesday began tearing out the gaming devices at the casinos of the West Baden and French Lick Springs, the paraphernalia filling two large freight cars.

San Francisco will permit her saloons to resume business, but the license fee will be raised to \$500 from \$84 per year. Liquor selling has been prohibited since April 18.

The Chicago Record-Herald, which keeps a list of the accidents, says there were 34 deaths and about 1100 accidents growing out of Fourth of July festivities in various parts of the country.

Admiral Rojstvensky pleaded guilty before the Russian court martial, practically asking his own death in an effort to save his own fellow officers. He asked that he alone receive the full penalty of the law.

Ollie James has settled the question of running for Governor by putting the ocean between him and temptation. He sailed from New York for London July 4 as a delegate to the Inter-parliamentary Union. He will spend most of the summer abroad.

Jas. R. Barret has presented to the Henderson Board of Education the magnificent Adams property for a Manual Training School. The lot contains two acres and the Adams residence thereon cost nearly \$100,000. The bequest is now valued at \$25,000.

The trial of Jim Hargis is in progress at Beattyville, with Judge Jno. L. Dorsey on the bench. There is much bad feeling and already several street fights have occurred. Somebody is liable to be killed before the trial is over.

The dock at Lake Manawa, a bathing resort opposite Omaha, on the Council Bluffs side of the river, collapsed while a large crowd was watching the fireworks July 4th and 100 people fell into 16 feet of water. Five women and one man were drowned and eight other persons probably fatally injured.

The consolidated Forepaugh and Sells Bros. shows have been sold to Ringling Bros. By an alliance with the Barnum & Bailey interests, which also own Buffalo Bill's Wild West, and with Wallace, they expect to have complete control of the circus business next season, except John Robinson, who claims to be outside of the "circus trust." This big independent show will be here July 16 and will bring back memories of the old time when the original John Robinson was here. With the present show there are now three later generations of John Robinsons. John II is in the 60's, John III about 40 and John IV, a boy of 15, who is taking his vacation on the road with the show.

The Washington Post recently referred to Mrs. Post Wheeler, nee Miss Hallie Erminie Rives, formerly of this county, but now a noted authoress of New York, as one of the "June brides." Miss Rives' friends here have not been advised of her marriage.

The charter of the Tobacco Planters' Protective Association of Kentucky, Tennessee and Virginia, with a \$200,000 capital stock, was filed yesterday with the Secretary of State at Nashville.

The War Department is advised of the virulent outbreak of cholera in Manila. For the week ending July 4, there were 116 cases and 99 deaths.

M. M. Twombly, Jr., only son of the New York millionaire of that name, was drowned while swimming in a New Hampshire lake.

The present Congress has already enacted 3,989 bills into laws, as against 2,160 by the last Congress.

Kaiser Wilhelm has gone to Norway on a visit to King Haakon, the new ruler.

The Spanish Cabinet resigned in a body and King Alfonso started the formation of a new one.

The Home-coming week for Tennesseans, to be held at Nashville, has been postponed until next spring or summer.

Prof. Henry A. Ward, of Chicago, the well-known naturalist, was struck by an automobile and killed.

## For the Public Good.

An independent and ably edited newspaper which commands a great circulation is probably the most potent influence for good in the United States to-day. The power for better things in public affairs and policies, for instance, which is wielded by such a newspaper as the Chicago Record-Herald can scarcely be exaggerated, and much of that strength comes in the case of this leading Chicago daily from the fact that it is absolutely independent, fearless and fair. It is not the mouthpiece of any interest except that of the public; the Record-Herald champions the cause of the good, the clean, the beneficial in every matter of city, state or national moment. It is the knowledge on the part of its readers that it cares not whom it hits or what enemies it makes, so long as it is battling for the welfare of the community, which gives to the Record-Herald much of the influence it enjoys. It gives in its news columns the most complete and impartial reports of political events, another evidence of its splendid news service.

## Items From Herndon.

Herndon, Ky., July 6.—Wheat threshing is the order of the day now, but it is progressing very slowly, as there is a lot of trouble with machines breaking, belts slipping and every other trouble known to farmers during the busiest season of the year.

Blackberries are plentiful and are unusually large and sweet.

Misses Cora Means, Hopkinsville, and May Vaughan, of Elmo, have returned to their homes, after a weeks' visit to Miss Martha Major.

Miss Beulah Word, of Hopkinsville, is a guest here.

Mr. C. W. Johnston spent last week at Cerulean Springs.

Misses Maude and Myrtle Dawson were guests of friends at Roaring Spring last week.

Miss Sallie Faulkner, of Church Hill, is visiting Miss Louise Pace.

Miss Mary Anderson, of Hopkinsville, is the guest of relatives here.

## Rock Throwing.

Two white boys got into a row Thursday morning, and preferring to settle their differences at long range, tried to use all the rocks lying 'round loose. Both were poor throwers and expert dodgers and no harm was done.

There is an ordinance against throwing rocks on the streets and the police are going to arrest every one guilty of violating it. This propensity of boys is indulged in so much that the officers are going to keep an eye on them. The two boys who were arrested, but not tried Thursday, attracted quite a crowd of small boys at police headquarters. The ones arrested made promises to be good in the future if allowed to go home. The other boys should profit by their experience, and if they do not they are going to get into trouble.

## CHARLIE McPHERSON

Will Go to Philadelphia Monday to Reside.

Chas. Jarrett McPherson, son of Mr. and Mrs. J. E. McPherson, will go to Philadelphia Monday or Tuesday and enter the mechanical and engineering department of the Baldwin Locomotive works.

Mr. McPherson is one of our best and most popular young men, and after a three-years' course at the State agricultural college, at Lexington, where he has just graduated, goes into one of the largest establishments of its kind in the world, well equipped for the first duties in his chosen work. Some idea can be formed as to the business done by the Baldwin works when it is known that the works make an average of eight locomotives a day, employ 1,700 men and has a pay-roll of \$250,000 per week.

The indications are that a large crowd will be at Cerulean today to attend the barbecue during the day and old time Fiddlers' Contest at night. Quite a number of people from this city will attend. If you failed to get the train this morning at 6:40 you can go at 11:20.

## WHY NOT

Have Open Air Concerts During the Summer?

We heard a man remark the other day that, if approached properly, he believed Capt. Whitlow would build a band stand in the vacant lot in the rear of Hotel Hatham, where Lebkuecher's band could give open air concerts. Capt. Whitlow is a public-spirited man, but that would be too much to ask of him. He probably would allow the use of the ground, but somebody else ought to furnish seats and build the stand. Everybody loves music and during the hot months would enjoy the evenings listening to the music. The band is a good one and our people ought to be proud of it, as it is the only musical organization in the city.

# Large Men. Stout Men.

Men who think they are hard to fit because they are out of the ordinary--can dress as neatly and becomingly as the most perfect tailor's model.

Inexpensively? Yes, extremely so. It's not the price that makes the fit; it depends entirely on the design and tailoring. Schloss Bros. & Co., of Baltimore and New York, are known the world over as Specialty makers of fine Ready-to-Wear Garments. They have made a study of draping large, stout men and men out of the ordinary proportions.

What we mean by "draping" is not merely "dressing," or "clothing." We mean fitting them perfectly in garments particularly designed to moderate where nature has been profuse and to fit out where nature has been deficient.

In other words, this Schloss clothing not only clothes the figure, but "drapes" it as well,—makes the style of the moment seem to have been especially designed for the wearer.

A trial is all that's necessary, to convince you. Come to see us. Try one of these Schloss specialties and you will be surprised to see how well-proportioned and handsomely dressed you can look—by simply wearing clothes especially designed by these skillful tailors to fit men of just your build and physique.

Prices are not high! To the contrary, very reasonable, because these celebrated clothes makers cut and tailor these goods in large quantities by the wholesale, and they cost you no more than similar clothes of ordinary size.

We are certain that if you come in and try on one of these suits you will become a permanent patron, and thank us for the suggestion.

Yours truly,

# New York Life.

Hopkinsville, Ky., April 30th, 1906.  
Mr. Walter F. Garnett, Agent,  
New York Life Insurance Co.,  
City.

Dear Sir:— It gives me pleasure to acknowledge receipt of statement of optional settlement on 20-Payment Life Policy, No. 223,593, for \$1,500.00, issued at age 35, with premium of \$52.50, taken out with you Apr. 29, '86. After having been insured for 20 years, I am offered a paid up policy for \$1,500 and a cash dividend of \$406.88, or the total value may be withdrawn in cash—\$1,215.88, (which is more than I have paid in in the 20 years) or a fully paid up policy payable at my death for \$2,219.00.

The cash settlement of \$1,215.88 is equal to Term Insurance at \$12.87 per \$1,000 and an investment of the balance of premiums with 5 1/2 per cent. compound interest for twenty years. This showing is certainly a creditable one for the New York Life, and I will be pleased to give you my application for \$1,000 on the Ordinary Life plan.

Yours very truly, C. E. WEST.
