FOR CONGRESS,
A. O. STANLEY,
OF HENDERSON.

New Hampshire Democrats nominated Nathan C. Jameson for Governor.

This is the last day for paying the entrance fee for the Democratic primary election.

Porto Rico had a series of earthquake shocks, Thursday. There was no loss of life.

Dr. A. Gatlin has been nominated for Congress in the Eleventh district, thus completing the Democratic ticket in every district.

P. O. Stensland, the Chicago bank convict, was assigned to the sorting room of the broom factory at the Joliet penitentiary.

As a result of the race riots at Atlanta, 18 negroes and one white police officer dead. After a second outbreak Monday night, quiet has been again restored.

Stensland, the Chicago bank-wrcker, was convicted within three hours after he reached Chicago from Africa, and in three hours more had begun a term in the Joliet penitentiary.

W. M. Shuster has been appointed a member of the Philippine Commission. He is not the famous baseball umpire of that name, who established a low-water record of unpopularity in the K. I. T. League a year or two ago.

The Democratic State Central Committee will meet in Louisville today to elect a successor to Jno. M. Leasing, from the State at large. Col. W. B. Haldeman will be elected.

Word from Calexico tells of the partial success of the efforts to turn the Colorado river back into its old channel and out of the new river, which has been carrying the most of it into the Salton sink.

The Board of Control is holding an investigation of cruelty to patients and the infliction of fatal injuries by attendants at the Eastern Asylum. Some very damaging testimony has been given against attendant Pharris and others.

Everything is in readiness for Secretary Taft to take charge of Cuba as provisional governor, if the moderate or Palma government persists in resigning, to force intervention. If the resignations are accepted the United States will take charge, as the Liberal party is causing the trouble.

"THE FARMERS FRIEND"

Congressman A. O. Stanley.

Mr. Stanley, whose re-election to Congress from this district is as sure as any future thing could be, is referred to very often of late as "The Farmers Friend" congressman, because he never misses a farmers' meeting of any consequence. He was on hand, as usual, at the Association's meeting at Guthrie last Saturday and was "one of the boys," just as much at home as "Old Shanks," and never missed an invitation to respond with his eloquent oratory.

The assembly of moderates in Havana Thursday night decided to refuse to accept President Palma's resignation, in the hope of inducing him to continue in office and thus avoid intervention. Intervention by the installation of a provisional government was contemplated for yesterday, but the United States peace commissioners will await the developments in the Cuban congress. In the event of no satisfactory arrangement being reached, Secretary Taft probably will take charge as provisional governor.

The New York conventions this week have nominated William R. Hearst as the Democratic and Chas. E. Hughes as the Republican candidate for Governor. Wm. T. Jerome, a rival candidate, has bolted Hearst and come out for Hughes. Hearst had previously been endorsed by the Independence League.

A terrific gulf storm has been raging in the South and was moving northward yesterday. Reports from the stricken district indicate that loss of life may result, but it is said also that the storm has relented somewhat. The storm passed inland west of Pensacola, Fla.

The first heavy frosts of the season are reported in Nebraska and Iowa, where, however, the crops are considered too far matured to be in serious danger.

McClure's for October is full of keen, vigorous articles and delightful fiction. First of all comes Lincoln Steffens' masterly study of the juvenile court of Denver, with its picturesque stories of "bad kids," and its vivid, human portraiture of Judge Lindsey, the man who has created a new method of dealing with juvenile offenders. Burton J. Hendrick continues his history of Life-insurance in "The Raid on the Surplus," a remarkable story of extravagance, waste and graft. George K. Turner tells how Galveston has cut down her city expenditures, cleaned and lighted her streets, and controlled disease and vice under a new form of city government—a political experiment which every citizen of America ought to study. C. P. Connolly, in the third chapter of "The Story of Montana," relates the dramatic story of Whiteside's exposure of Clark's bribery of the Montana legislature—a narrative of exciting incident and splendid movement. The fiction in this number covers a wide range of subject and treatment.

SOCIETY OF EQUITY

Will Hold National Convention in Clarksville.

Indianapolis, Ind., Sept. 28.—A large number of leading tobacco growers from Kentucky, Tennessee, Maryland, Virginia, Ohio, Indiana and Wisconsin, will meet in convention in Clarksville, Tenn., on Oct. 10, the occasion being the third annual convention of the National Tobacco Growers Association, or the American Society of Equity Department of Tobacco.

"LOST AND WON"

Will Be the Bill For Monday Night.

Concerning the Kennedy Players, which will hold the boards at Holland's Opera House all next week, the Henderson Gleaner says:

"The Kennedy Company made its bow to the Henderson public for the first time last evening. The Park Theatre was packed and the unanimous verdict was one of approval. It was a well pleased audience from start to finish. The bill for the evening was "Lost and Won," and it was presented in a manner highly pleasing. The specialties were numerous and good. It is certainly one of the best popular-price companies that has ever visited Henderson."

Ladies will be admitted free Monday night, when accompanied by either gentleman or lady holding a paid reserved seat ticket, purchased at the advance sale before 6 p. m., one lady free with each ticket purchased.

NEGROES FEAR

World is Shortly Coming to an End.

The Dover correspondent for the Nashville American says: "While Mr. Bumpus's barn was burning a bird flew through the fire and it lit in his hand and was not burned in the least. The bird is dove colored, with a white breast and white wings, measures three feet six inches from tip to tip, and has a bill like a hawk. No one knows what kind of a bird it is. The negroes are badly scared and say that the Lord sent the bird as a signal that the world is coming to an end. Your correspondent saw the bird this morning, and after close inspection could not find a scorched place on it, but as to its flying through the fire he only has others words for that."

BAPTIST EDUCATION.

Dr. Hale at Head of Movement to Raise \$500,000.

Dr. T. P. Hale, the new secretary of the Kentucky Baptist Educational Society, was recently called from the presidency of the Southern Baptist University at Jackson, Tenn., to take the secretaryship of the Kentucky society. This position in itself involves the task of raising \$500,000.

The object of the society is to put Georgetown college on a university plane and to raise the standard of the seventeen other colleges which are directly under the control of the society. Coal lands consisting of about 4,000 acres near Williamsburg, Ky., have been donated on condition that \$400,000 be raised within the next four years. A New York man whose name has been withheld has given \$40,000 toward the fund. Bethel College, of this city, is one of the institutions to be benefited.

HORSE SHOW

At Pembroke Nearly Floated Down the Stream.

The enterprising men handling the horse show at Pembroke are having the same luck that befell the circus—raining all the time and people can't get to the grounds. Thursday and Friday rained them out and the attendance was too small to mention. If today proves as inclement the show will be drowned out. A gentleman who went from here to remain over Thursday night said the horses on exhibition are the finest he has seen, but everybody has to stay indoors on account of the rain. The track could not be used and there seemed no use in combating with the elements.

Circus' Wet Trail.

The report that Barnum & Bailey's show also failed to exhibit at Paducah Thursday was incorrect. Two performances were given in spite of the rain. Yesterday they were billed to show at Cairo and to-day at Mayfield and Monday at Nashville.

Dr. Thomas' Little Girl.

Little Beth Thomas, who had a collar-button removed from her throat at Rochester, Minn., is still quite ill, but her condition is growing less serious. Her parents, Dr. and Mrs. F. P. Thomas, are still with her.

AUNTIE WASN'T LIBERAL.

"What are you so out of sorts about?"
"Such wretched luck! Got \$50 under my aunt's will. Didn't expect anything, but that she should leave me so little was a surprise. I confess."

Revised.

"His great boast is that he always says what he thinks."
"O' no; you've got that a little twisted."
"Not at all. He told me that himself."
"Perhaps so, but that was before he met Banger. He always thinks what he says now."

Poor Place to Look.

The Old Reliable Jewelry House

of Hopkinsville is, after all, the best place to get anything in the Jewelry line. There's a record behind us, a record of over thirty years; a clean record of satisfied customers, a record of honest dealing, for honest quality, honest prices. It's a record any Jeweler might feel proud of. And when we sell an article we have in mind that we have a record to maintain, and no slipshod methods, no careless workmanship, no lack of quality, is ever allowed to mar the record of the past. But to improve, if possible, this record, is ever our aim, and goods are sold for as low a price as it is possible to sell reliable goods. It will pay you in the end to deal with the Old Reliable Jeweler.
