**FIRE DRILL**

**At Public Schools Begun and Doors to Be Changed.**

Since the great loss of life at Cleveland, Ohio, by the burning of a public school building, Louisville has had her school buildings examined and adopted precautionary measures to avoid such destruction of life.

We are glad to announce that the school trustees and Superintendent Hamlett have taken steps in the same direction. The fire drill has been resumed and all the outer doors of the school buildings are to be changed so that they will open outward, thus preventing the children from being fastened inside in case of a panic.

**THE ATHENAEUM.**

**Will Have The Usual Open Session In May.**

The Athenaeum met Thursday night with 21 members present. Prof. Edmund Harrison's thesis on "The Literature of the Bible," was the only paper read. A general discussion followed the excellent paper, which was a companion paper to Dr. Harrison's subject "Bibiana," upon which he wrote last year.

It was decided to have the usual banquet in May and the following committees were named.

Program—Dr. F. M. Stites J. T. Hanbery and Barksdale Hamlett. Arrangements—T. J. McReynolds, L. H. Davis and Dr. R. L. Woodard. The dinner spread by the new landlord, Mr. J. N. Brewer, was so excellent and elaborated that Mr. Brewer was called before the society and given a vote of thanks.

**Our New Landlord.**

Mr. J. N. Brewer, for the past 14 years, owner and proprietor of the Palace Hotel in this city and a popular and very widely known hotel man, has leased the Hotel Latham at Hopkinsville, and took charge of that famous hostelry Sunday morning. It is reported that Mr. Brewer has a four year lease with the privilege of extending his tenancy.

Mr. Brewer was once a member of our city council, and it is claimed he did excellent work in the council, especially in regard to the putting in the waterworks of the city. He and his accomplished wife are fine hotel managers, understanding thoroughly the business in every detail. We wish Mr. and Mrs. Brewer great success in their enterprise.—Princeton Leader.

**Musicals.**

A triumph of playbuilding is what "A Cowboy's Girl" really is. Built along new and original lines, with material carefully selected from the store of knowledge as to the wants and desires the public and careful to throw aside the impure and worn-out portions that caused the utter oblivion of thousands of other plays. This wonderful play stands solid upon the rock of everlasting success—a play of merit, a cast of unusual excellence, a wealth of beautiful scenery. At Holland's Opera House Saturday night (to-night), March 7.

**NIGHT RIDERS BURN.**

**Raid Takes Place in Bracken County.**

Newport, Ky., March 5.—Masked night riders early this morning invaded Bracken county and burned four thousand pounds of tobacco, owned by John Hull. The raid occurred near Wellsburg. Oil was poured on the tobacco, after it was carried into the public road, and a match applied.

**Resolutions of Respect.**

To the bereaved family of our departed comrade, W. G. Miller, Benton Marshall county, Ky.,

We have learned today, with genuine sorrow, of the demise of one of our co-workers and Directors in the great cause, which the Planters' Protective Association espouses against the foes of the planters' interests, the tobacco monopolies, the money power.

While tendering his family our sincere sympathy, we invoke the presence of the Great God. We do not bid him good-bye in the sense of his having left us for ever, but in the sense of his having simply crossed the River into the Garden of paradise, where he will meet us in the Sweet Bye-and bye.

May this Divine Love be with those sorrowing in this hour of trial. At eventide may they have softly, kindly light and at midnight when the moon falls aslant their homes, may they have peaceful, restful sleep, may the guidance of the Great Healer and Time assuage the anguish of their hearts.

C. H. Fort, G. A. McElwain, F. G. Ewing, George Snadon, Committee. Mrs. N. E. Greene, Secretary. Guthrie, Ky., March 4, 1908.

Recruiting officer Robert Riding was seen yesterday and on being asked as to how he was succeeding here in getting recruits for the United States army, he said that he had had several applicants under the rod but few could stand the rigid examination.
