Pith and Point.

If you don't draw the line yourself, somebody will draw it for you.

A man who is ashamed when he does wrong will finally do better.

There is nothing so deep as the silence of an unsympathetic listener.

If you are unable to satisfy yourself—and you cannot—how can you hope to satisfy others?

It was never intended that a man should hear the things said behind his back. His ears were not set on that way.

The minute a man gets out of one trouble he gets busy and works overtime in trying to look for another.—*Atchison Globe.*

Home Hints.

A handful of borax or four table-spoonfuls of ammonia to a gallon of boiling water will clean windows and paint without soap. For glass it streaks less and polishes better.

Gunny sacks cut the same as carpet rags and woven with bright colored warp will make splendid rugs for the kitchen. They will last for years and are splendid for use in winter.

A plumbing hint is to never put rock salt in traps. It is true that the salt by absorbing moisture from the atmosphere will keep the traps full of liquid, but the strong salt solution will attack brass couplings and trap screws and injure the glaze of porcelain.

English Etchings.

One-third of the recruits for the British army enlist in London and Dublin.

Treasure trove belongs by law to the crown, and the retention of it is a punishable offense.

British railroads employ 581,000 men. Of these 84,433 are mechanics, 67,135 are engine drivers, firemen and cleaners, 66,812 are permanent way men and 65,063 are clerks.

Lord Curzon's decision to enter the house of lords because his physicians tell him the house of commons would be too great a physical strain is spoken of as another argument for the reform of the upper chamber.

HERE'S A WAY TO SAVE DOCTOR BILLS.

Physicians Give Free Advice by Which Parents May Profit.

It's a matter of general interest just now how one's physical condition can be got into shape to best receive the benefits of the summer season. Especially is this true of the children. They have become run down by a winter of unnatural manner of living because of ill-considered food and much time spent indoors. Spring comes with its sunshine, its fresh vegetables and all else invigorating, but the children are in no condition to receive nature's remedies.

Many parents call in the family physician. Many other parents take advantage of what the physician told them when he was first called in consultation. All good family physicians say: "Give the children Castoria." Healthy parents know this remedy of old, for they took it themselves as children. It was more than thirty years ago that Castoria made a place for itself in the household. It bore the signature of Charles H. Fletcher then, as it does to-day. The signature is its guarantee, which is accepted in thousands of homes where there are children.

Much is printed nowadays about big families. Dr. William J. McCrann, of Omaha, Neb., is the father of one of these much-read-about families. Here is what he says:

"As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Charles H. Fletcher has received hundreds of letters from prominent physicians who have the same esteem for Castoria that Dr. McCrann has. Not only do these physicians say they use Castoria in their own families, but they prescribe it for their patients. First of all it is a vegetable preparation which assimilates the food and regulates the stomach and bowels. After eating comes sleeping, and Castoria looks out for that too. It allays feverishness and prevents loss of sleep, and this absolutely without the use of opium, morphine or other baneful narcotic.

Medical journals are reluctant to discuss proprietary medicines. Hall's Journal of Health, however, says: "Our duty is to expose danger and record the means for advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge Castoria is a remedy which produces composure and health by regulating the system, not by stupefying it, and our readers are entitled to the information."

CALL FOR JOHNSON

LOGICAL STANDARD BEARER OF THE DEMOCRACY.

APPEALS TO THE VOTERS.

In His Name and with the Great Cause Victory is Assured to the Party of the People—Why Court Defeat?

Friends of Governor John A. Johnson of Minnesota have issued a letter and a pamphlet that together constitute an address to the Democrats of the country. Both make a strong appeal to Democrats everywhere to exert themselves to see that the Denver convention shall be a deliberate body that will look the field over and choose a candidate who, while representing modern Democracy, can win at the polls.

The letter, which is signed by Frederick B. Lynch, treasurer of the Minnesota Democratic State Central Committee, who has opened offices in the Grand Pacific hotel, Chicago, is as follows:

Dear Sir: You are a Democrat, and it is because you are a Democrat that this is addressed to you, with the feeling that you will exert yourself to give the party one of the greatest essentials to victory, a strong and acceptable candidate for the presidency.

The Democracy of the nation have for 12 years been losing ground and the belief is general that under the old conditions defeat is certain. For months the party has been drifting toward an autocratic convention, where popular choice is to be subordinate to personal will.

Minnesota Democrats, feeling that party duty transcends individual interest, have had the courage to break away from the drift and offer

GOV. JOHN A. JOHNSON.

the party a candidate who, if nominated, can carry more states than any other living Democrat, and who will be practically certain of election. Rebelling against the doctrine of despair, we take it for granted that there is no necessity for the ravens of defeat to perch on the banners of Democracy in 1908, simply because they did in 1896, 1900 and 1904.

Conditions industrially, financially and politically are such that we have this year the opportunity of a generation to win the presidency.

If you and the other Democratic leaders of the country will but respond to the invitation and the opportunity extended to you by the Democrats of Minnesota, we can escape from the blighting tradition of defeat, and rehabilitate the party and the nation by a great political victory next November.

There is still ample time to see that enough delegates are elected to the Denver convention to make that a deliberative Democratic body that will give the party new hope and new inspiration and a winning candidate. To this end, we solicit your co-operation and will heartily welcome and consider any suggestions you may offer.

Let Us Try to Win.

In view of the foregoing, is it not the duty of every loyal Democrat desiring his party's success, if it can be had without the sacrifice of principle, to take judicious and comprehensive thought of the situation and exert himself to see that the delegates to the national convention at Denver, July 7, shall go there unfettered by the dead hand of the past and prepared to consider calmly the political outlook and the chances of Democratic success, and then with cool and careful judgment select a nominee who can win?

This is a Democratic year, if the Democrats of the nation will but make it so.

Why postpone all hope of success and the beginning of the restoration of Democratic control for another four years?

Did Away with Passes.

In one of his messages, Gov. Johnson said: "If the public officers are not adequately compensated now for their services, fix the compensation to such an extent as to make it reasonable compensation and do away with the possibility of any officer becoming a beneficiary of the favor of corporations, and by reason of gratuities being placed under some obligation to the corporation which extends the courtesy."

And urge most earnestly the early enactment of a law which will forever abolish the system in Minnesota. And it was done.

DIRECTNESS AND ACCURACY.

DOCTOR PIERCE'S AIM ALWAYS HAS BEEN TO GIVE POSITIVE AND VALUABLE SERVICE for every dollar received, therefore when he began professional life he sought to

AIM STRAIGHT AND HIT THE MARK,

especially in the treatment of a very large class of cases that were being maltreated by many physicians through ignorance of their real nature.

This necessitated going to the root of things in two special senses,—IN CAREFUL, EXHAUSTIVE STUDY to know what was the real cause of the innumerable aches, pains, drains and weaknesses which afflicted women, and AGAIN TO THE ROOTS which Nature had provided so plentifully for the HEALING OF MANKIND.

Thoroughly convinced that alcoholic stimulants and medicines prepared with alcohol did far more harm than good, Dr. Pierce prepared his remedies, extracted their virtues and preserved them without alcohol, then, guided by actual experience, formed combinations by which a minimum of medicine produced the maxi-

imum result. This insured his success and gave him the reputation of "the successful specialist," and, quite naturally, the prescription that he thus used most became "HIS FAVORITE," and was the origin of

Dr. Pierce's Favorite Prescription as now known. In no sense is it a "patent medicine," or even a secret one, but a REAL PRESCRIPTION OF A REAL DOCTOR.

that had run into great popularity because it cured more than ninety-eight out of every hundred of the cases in which it was correctly used.

One of the important ingredients of this now world-famous "FAVORITE PRESCRIPTION" is

BLUE COHOSH ROOT, which was in great repute among the American Indians a century ago. The squaws used it for the relief of their special troubles, particularly for the easing of the pains of maternity, calling it "Papoose root." Then there are four other ingredients in this "Prescription," namely: Lady's Slipper root, Black Cohosh root, Golden Seal root and Unicorn root.

It Stands Alone not only in its known composition, but also as the only specific, advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This is what Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

1000-page Doctor Book sent free on receipt of 21 one-cent stamps to cover postage only; 51 stamps for cloth-bound copy. Formerly sold for \$1.50 to extent of over 500,000 copies. Every family should possess a copy for ready reference in case of sudden illness or accident. It is illustrated with hundreds of wood-cuts and several colored plates. Address Dr. R. V.
