The Weather.

FOR KENTUCKY—Fair and continued warm Saturday.

There have been ten deaths from football this fall, to say nothing of many broken bones and other injuries.

The returns from the state election will be canvassed next Monday. The Democratic majority will be a little less than 9,000 in the biggest vote ever cast in the state.

Gov.-elect A. C. Shallenberger is confined to his room at Lincoln Hotel, Lincoln, Neb., and is suffering from a fractured leg. He was injured while being initiated as a member of the Shriners Thursday night.

The sale of the Burley pool to the American Tobacco Co. is causing general rejoicing all over Kentucky, but it does not help the farmers of the Black Patch much.

Two more of the night riders under arrest at Union City, Tenn., have asked to be allowed to confess. Gov. Patterson's energetic work has knocked the bottom out of night riding in the Reelfoot region.

Judge Wells was abundantly able to take care of himself in the Caloway recount. In fact at every turn he proves himself a little too smart for the sympathizers with lawlessness, who seem to be dying hard. The people of this district need the services of such men as Judge Wells.

Mayor Tom L. Johnson, of Cleveland, for years reputed to be a millionaire several times over, has announced that practically his entire fortune has been lost. He said that he would be compelled to give up his home on Euclid avenue and also to dispose of his automobiles. He added that a large part of his fortune had been spent in an effort to save the properties left by his brother, the late Albert Johnson. He added that he would run for Mayor again.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.

AMUSEMENTS.

Zinn's Musical Co., which began a three-night's engagement at Holland's Opera House Thursday night, has been playing to good houses. The opening bill was a "Japanese Courtship" and the performance was greatly enjoyed by the large audience. The staging of the production afforded excellent opportunities for artistic scenic effects, and they were fully availed of by the management. The setting was very pretty and the tasteful Japanese costumes added very considerably to the beauty of the picture, being gorgeous in the extreme. The dancing of the chorus girls was most graceful and the music was well chosen and capably rendered. Last night the company presented "The Telephone Girl". The feature of this production is the cake-walk, which virtually stampedes the house. The play goes off with a snap and a vim which gets the hand from the audience often enough to make things lively. There will be a matinee at 2:30 o'clock this afternoon and prices will be 15c and 25c to all parts of the house. The bill selected for the matinee is "The Prince and the Girl". The piece is most entertaining and that is all it tries to be. As a conglomeration of mirth, music and maids it is said to be in the No. 1 class, an easy leader and a show well worth twice the price. "Teazy Weazy" will be put on tonight, this show closing the company's engagement here. This production is clean, well-costumed and full of rapid action. The principals can sing and the funny men are funny, and the chorus is full of dash and life. The company goes from here to Metropolis, Ill., for a week's engagement in that city.

THE MUSICAL EVENT OF THE SEASON.

Manager Holland wishes to announce to the theatre going public of Hopkinsville that he has secured for one performance, Friday night, Nov. 27, at the Opera House, a high class Semi-Operatic Production, "The ToyMaker's Dream" an adoption from the German, that is one of the very few shows on the road to-day that is a guaranteed attraction; not like the ordinary class of shows this is composed of artists of national reputation.

Got \$5,000.

Mrs. Lillie Hobbs, an undisputed, but illegitimate, daughter of the late Judge Robert Boyd, who was a wealthy man of London, Ky., received \$5,000 in full settlement of her suit of \$30,000 against Robert Boyd, Jr., as executor of the will of Judge Boyd, his uncle.

RECORD PRICES

Dark Brings \$12 and Burley \$23 in Louisville.

Louisville, Ky., Nov. 19.—Two new records of prices for 1908 tobacco were made to-day at the sales at the Pickett Tobacco Warehouse. Eleven hogsheads of new dark tobacco were sold at prices ranging from \$5.75 to \$12. Heretofore the record price this season was \$10. The tobacco was raised in Taylor county. Burley tobacco also brought fancy prices. In all forty-seven hogsheads were disposed of at good prices, ranging from \$13.75 to \$23. The previous best price was \$21.50 per hundred pounds. One especially good crop sold from \$21 to \$23. Of this lot two hogsheads sold for \$21 per hundred pounds, one for \$22, one for \$22.50 and the other for \$23.

The Triumph of a New Idea.

It has been a subject of comment that the usual features of the Sunday newspapers showed too little variety. A recent departure in Sunday journalism has met with popular recognition and approval. The great illustrated weeklies and monthlies no longer have a monopoly of the periodical field. Conan Doyle received \$25,000 for the American serial rights of his last story, the highest price ever paid for similar rights. Anthony Hope, Jack London, Sewell Ford and many other popular novelists contribute to the publication which set the pace by paying this record price. Celebrated men and women write constantly for it on all subjects of timely interest. Clever verse, wit, humor and interesting miscellany complete a most interesting table of contents. It is profusely illustrated by the leading artists. In fact the Sunday Magazine of the Record-Herald maintains the highest standard of periodical literature throughout. It gets the best at whatever cost.

NEW CONTRACT

Made by the Growers of Lyon County.

Paducah, Ky., Nov. 18.—Negotiations are said to have been entered into between Lyon county planters and the Farmers' Union and Society of Equity pools to handle the tobacco crop this year. The break came at the Lamasco and Eddyville meetings Nov. 7, when 500 planters declared they would stay out of the Planters' Protective Association unless their terms were agreed to. They declare that they have been offered nine cents for their loose leaf and they insist on a guaranty of that much on delivery of their tobacco to the prizing houses.

Mrs. Arthur R. House, of Church Road, Moorestown, N. J., writes:

"I feel it is my duty to let people know what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles, and last March my physician decided that an operation was necessary. My husband objected, and urged me to try Lydia E. Pinkham's Vegetable Compound, and to-day I am well and strong."
