

ALL TEACHERS RE-ELECTED

Except Two Who Voluntarily Retired to Accept Other Positions.

TWO NEW MEN CHOSEN.

Prof. Will E. Gray and Prof. Herschel A. Long Added To The Faculty.

The Hopkinsville Public School Board of Trustees met Friday night and elected a full faculty of teachers for the fall term. Only two changes were made in the entire faculty. Prof. E. C. McDonald, Principal of the High School, was not an applicant, having accepted a place at Gainesville, Tex., and Prof. Davis A. Clark was promoted to the place vacated by Prof. McDonald. Prof. Clark's place was in turn filled by the election of Herschel A. Long, a graduate of the High School in 1906 who will complete a four-year course at Central University next month. Prof. E. L. Milligan also retires voluntarily and his place as teacher of book keeping and history was filled by the election of Prof. Wm. E. Gray, who retired January 1 from the position of County Superintendent of Schools for Christian County. He filled that position with much credit for four years and before his term began was one of the leading teachers in the county schools. Prof. Gray is now temporarily employed as book-keeper in one of the departments of the Forbes Mfg. Co.

The full list of teachers is here given:

- SUPERINTENDENT. Barksdale Hamlett
- HIGH SCHOOL. Davis A. Clark, Principal; Henschel A. Long, Miss Julia Arnold, Miss Mary Penn, Mrs. V. E. Watson, W. E. Gray, Bookkeeping, etc.
- GRADED SCHOOLS. Miss Lottie McDaniel, Principal; Miss Mary Walker, Miss Virginia Tibbs, Miss Mary Garnett, Miss Elizabeth Smithson, Miss Elizabeth Knight, Miss Lois Adecock, Miss Carrie Hopper, Miss Ellen Young, Miss Ella Shadoin, Miss Ellen Davison, Mrs. W. Ray Moss, Principal; Miss Susie B. Rutherford, Miss Gladys Bartley, Mrs. L. M. Clark, Miss Lula Earle, Miss Jean McKee, Miss Lalla Dennis, Miss Nannie Reeder, Miss Annie Cox, Miss Emily Braden, Mrs. Mary D. Callis, Miss Annie M. Brasher, Miss Virgie Nourse.

The vacancy in the chairmanship of the board caused by the retirement of Dr. F. M. Stites was filled by the election of Mr. Wm. A. Long, to the position.

The two new teachers are Hopkinsville men and their selection meets with general approval. Prof. Gray has many friends who are glad to see him return to the profession he adored.

Prof. Long is one of the city's most promising young men. He has not only won high honors in his studies, but as an athlete has achieved unusual distinction in college and has a state reputation in athletics. His friends predict a bright future for him.

Prof. Long was strongly endorsed in letters of recommendation by Prof. F. W. Hinit, President; Prof. T. Lindsay Blayne, Department European Literature; Prof. C. G. Crooks, Professor of Mathematics; Prof. S. R. Cheek and Prof. D. L. Thomas, all of Central University, Danville. He was recommended not only for his scholastic attainments, but for his executive ability, his high character as a man and his faithfulness to duty. Prof. Thomas added: "His personal qualities are also such as to insure his success as a teacher. In fact, his scholarship, his athletic prominence and his social

Matters For Attention In The Spring.

Spring is the best time of the year to put in Tiled Hearths and Facings, Cabinet Mantels and Radiant Grates. It is nice to do this just before house cleaning.

In the fall when you need this kind of work done before you can start into the winter satisfactorily, it is of course impossible to get such work done. Take time by the forelock and do it now. We carry a beautiful line of Cabinet Mantels and Tiles and invite inspection.

Spring is the time of the year when everything is putting on a new coat, let the house have one also. There is nothing that adds to the appearance of the place or the preservation of the house as good, well selected paint. Sherwin-Williams is the best. It has been sold here for 30 years. We have Sherwin-Williams Paint in every color, we also have White Lead and Linseed Oil with every color to mix it with.

FORBES MANUFACTURING COMPANY, INCORPORATED.

and personal qualities, which have made him a leader at Central University, should all recommend him to any high school to which he may apply."

Messenger Changes Hands.

A new management has leased the plant of the Hopkinsville Messenger, the Republican organ, which has recently been issued weekly by Clark & Simmons. The parties interested in the deal are Allan M. Wallis, who will be editor; Capt. E. W. Clark, who will continue as manager, and Ira Ferguson, who will be foreman. The paper will resume its semi-weekly form and may decide to issue tri-weekly. Mr. Wallis is a veteran newspaper man and a capable writer and all of the new proprietors are courteous gentlemen who will run the paper on a gentlemanly plane. It will change its name and politics and be known hereafter as the Hopkinsville Democrat.

BUSY BEE LINE.

Swarm of Bees Take Possession of Cable Box.

The trouble crew of the Home Telephone Co. ran into "a hot box" on the Canton pike line Saturday while engaged in construction work. One of the men climbed a pole and started to open the cable box, but found it occupied by a swarm of bees. The bees held the crew at bay until the box was fumigated with sulphur and the insects killed. A large honey-comb had been made and the bees had evidently located permanently in the iron box.

BINDER TWINE

We are authorized to announce that we have the Grange contract for twine and same is ready for delivery. F. A. YOST, CO. Incorporated.

Time to sack your hams. Sacks for sale at this office.

HENDERSON ALSO FLUNKED

The Kitty League is Made Up Of Only Four Cities.

SCHELULE ANNOUNCED.

Now for The Organization of A Winning Team.

The final meeting of the K. I. T. League officials was held at Paducah Sunday and the schedule was adopted for a four-team League. Henderson failed to finance its team and the sixth team was not admitted. The schedule is given in this issue.

PLAYERS ARRIVE.

The following players reported here yesterday for a tryout: Dave Anderson, manager; McDill, pitcher; Burns, Yon, Greer, Odum, DeMarre, Diamond, Shuck and Schreiber. Murray, Rader and Dowd from Louisville, were expected last night.

FIVE PER CENT

Increase Will Stand Against Christian County.

The State Board of Equalization reduced the contemplated raise of 10 per cent. in Christian county to 5 per cent. The increase amounts to about \$650,000 in county and city, or \$6,500 more taxes. The Board will adjourn Friday.

Sells Farm.

J. F. Ellis, as agent, has sold to N. A. Barnett a farm containing 100 acres.

FISCAL COURT

In Session For Some Important Matters.

The Fiscal court met yesterday and made several appropriations for road work. Julien hill will get 150 yards, Mt Zoar and Buttermilk roads 600 rods. Citizens agree to do the grading and furnish the stone for quarrying.

The court yesterday afternoon was considering the proposed changes of grade by the L. & N. Railroad on the Madisonville road.

BRAINS OOOZED OUT

Of A Hole Knocked In A Negro's Skull.

The L. & N. Railroad brought a negro named Link Wallace to the city Sunday whose skull had been crushed by a train at Mannington. Acting under instructions Agent Hooe declined to provide medical attention for the man and County Judge Knight had him sent to a colored lodging house and put Dr. W. E. Reynolds in charge of the case. The man's wound seems to be necessarily fatal, as brains were oozing out and one eye was knocked out. He was still alive yesterday and was able to talk. No one seemed to know how the accident occurred.

MILES TRIAL

Case Was Called In Louisville Yesterday.

The case of the commonwealth against Arthur Miles, the Christian county boy who killed Bessie Stith in Louisville about two months ago, was set for trial in Louisville yesterday. Mrs. Miles, who has been at Bennettstown for some weeks, went up to Louisville Sunday and G. W. Southall, one of the attorneys for Miles, also went to Louisville Sunday night.

STANLEY'S HOBBY

Officially Endorsed by The Government--Cornstalk Paper.

Experiments by the Federal Government in the making of high grade paper from cornstalks have been completed on the Government's experimental plant at Cumberland Mills, near Portland, Me. Samples of paper were brought to Washington a few days ago and are now under test and further investigation in the papermaking laboratories of the Agricultural Department.

The experiments have been so successful as to lead experts to declare that cornstalk paper rivals that made from wood pulp for books, writing purposes and other uses requiring a good grade of paper. At the present time the manufacture of cornstalk paper is too costly to make it available for newspaper use. The Government experts declare it can be manufactured to compete profitably with wood pulp paper for other uses, and that it gives promise of being more endurable than the paper now in use.

The machine invented by George R. Sherwood, of Oak Park, Ill., was constructed for the experimental plant near Portland, and the corn experiments will be followed by attempts to make a commercial product from rice straw. Experiments were also made with broomcorn, but were in no sense as successful as those recently completed with cornstalks.

The experiments have resulted in statements by the Government experts that cornstalks can be converted into paper at a commercial scale, and that they offer a satisfactory and immediate substitute for pulp wood. The recent action of Canadian provinces in prohibiting the exportation of pulp wood in this country has resulted in close observation of the Government's experiments by the financial interests, and the new paper is being submitted to close scrutiny and severe tests.—Chicago Tribune.

Meet at Baptist Church.

The W. C. T. U. will meet at the Baptist church Thursday, May 19, at 4 o'clock p. m.

CARNIVAL WEEK HAS ARRIVED

Osterling Amusement Company Now Ready to Entertain the Crowds.

TEN GOOD SHOWS.

With Favorable Weather Conditions Week Promises to be a Gala One.

The Osterling Amusement company which will furnish the shows during the carnival this week, arrived Sunday night and everything was placed in position yesterday morning. There will be seven shows at three free acts. The company also has an excellent Italian band which will furnish music at the park, also a free concert on Main street each afternoon and night.

The shows carried are: The big circus, the old Plantation, the Electric Theater, the Flying Lady, Adams' Congress of Novelties, the Crazy House, a Ferris Wheel and Merry-go-round.

With favorable weather the carnival should do a big business. A good sized crowd was out last night and by the latter part of the week the grounds will probably be full to overflowing each afternoon and evening.

The Osterling Amusement company is one of the cleanest and most up-to-date companies on the road.

"Three Old Friends."

In W. T. Cooper & Co.'s show window is a large picture of Dr. E. R. Cook and C. A. Thompson, with Mr. Thompson's dog, Rondeau, between them. The picture is about 2 by 3 1/2 feet and all of the likenesses are excellent. It is labeled "Three of Our Old Friends," and is handsomely framed. During the last years of their lives "The Three Old Friends" were inseparable companions and the picture is attracting much attention.

SCHEDULE OF KITTY LEAGUE GAMES.
