The Moguls returned yesterday somewhat disfigured but still in the ring.

Following up three defeats by Fulton, they succeeded in taking only one of the four games played with Cairo. The games were all close, but 6 of the 7 played after leaving Henderson went the wrong way. Of the 10 away-from-home games, six were lost.

Cairo was played yesterday on the home grounds and the game to-day will be the last with the team.

Fulton comes to-morrow for the three closing games of the season.

Manager Nairn Goes to Danville.

John Nairn, the star first baseman and Manager of the Hopkinsville team, will be the manager of the Danville team of the Three I league next season, he having just signed such a contract.

This is a just recognition of Nairn's abilities. Too much cannot be said in praise of him. He is recognized all over the Kitty league as an ideal person to be in charge of a team and he has brought the most satisfactory results from the Hopkinsville players.

Last year Nairn managed Vincennes and he made a pennant winning team of it. This year he has had charge of Hopkinsville and won the pennant the first season with still a chance for the second pennant with at least second place, right after he had to lose several of his best players, either by accident or jumping contracts. He is held in the highest respect all over the league.

Nairn is one of the heaviest hitters in the league and has a high fielding average. He has made his players have the same. Three of his players have just been sold to faster company, at least three others will go up, among them Yon, the star pitcher of the league, a valuable aid to the team.

The Hopkinsville team is composed of young men, all gentlemen, in every sense of the word, and all working with pleasure under their manager. None of the constant kicking of the Vincennes-Henderson sort is seen with Nairn's players and as a result whenever the team plays the grand stand is crowded.

Not knowing anything of the conditions in the Three I still it is a thing—since Nairn will manage the Danville team, bet your money on it for the pennant. It's a with Nairn there. Good Luck to you. "Pap"—Cairo Bulletin.

LOOK OUT FOR THE CIRCUS.

Forepaugh and Sells Brothers' Big Show to Be Here Soon.

It is officially announced today that the Adam Forepaugh and Sells Brothers' circus will give two performances in this city on Thursday, Sept. 28. The circus comes after an absence of several seasons with a complete new outfit from beginning to end. It cost the management \$3,200,000.

This is the circus that makes its metropolitan home in the Madison Square Garden in New York City. It is considered there to be the most popular and largest of the world's tented shows. There is not a country on earth that is civilized where this circus has not at some time during its fifty years of existence pitched its ten acres of tents. It has displayed its thousand marvels before every crowned head of Europe. It has brought pleasure into the lives of countless millions of the earth's peoples.

Not one but at least 100 big sensations are disclosed during the various exhibitions of the day. There are elephants that play billiards, walk tight ropes and use the telephone; seals and sealions that give an exhibition of juggling, acrobatics and equilibrium, far beyond the abilities of any human circus performer that ever lived, and a funny monkey circus that is a scream of laughter. This season's thriller is a double somersaulting automobile flight through the air. The daredevil feat is accomplished by a French girl scarcely out of her teens. There are clowns, acrobats, gymnasts, riders, aerialists and other specialists that represent the very best talent of European countries. The menagerie is a million-dollar exhibit and a complete exposition of natural science. The parade of the forenoon is a three-mile panorama of the history of the world, from days before the flood up to modern times.

There is a question if the show can ever grow any larger than it is this season. Its present proportions are a serious problem for the railroads that have to transport it from city to city. This year one entire section of the train is required to haul the parade equipment. There are shows in the country which claim to be the largest. The entire train of any one of them is not large enough to even hold what Forepaugh

and Sells Bros. exhibit free upon the streets.

It would seem that after taking first place among all the shows of the world, the circus that is soon to be here, would be content with that distinction. But such is not the case. Not satisfied to leave well enough alone, it has contrived by the spending of vast fortunes to still enlarge the organization and to better it. Now it stands as a sort of a world's eighth wonder. There is not another show that could duplicate any one of its one hundred big features. The vast horde of performers is a wonderful thing to contemplate. Not in the history of circus affairs has such another array of talent been assembled under one management.

MR. DOSS' WILL

The will of the late J. W. H. Doss was probated Saturday. G. L. Campbell is named as trustee and guardian. The instrument is dated Sept. 12, 1911, and was witnessed by E. B. Davis and Dr. H. P. Sights.

Entertainment in the Home.

A Louisville barrister escorted his wife and daughter to a lecture and then to his wife's annoyance disappeared. He was on hand, however, when the meeting was over.

"Hello, there, Theodore," said a friend, meeting a barrister and his family in a street car, "been to the lecture?" The lawyer stole a look at his wife's face.

"No," he answered, "just going."—From Success Magazine.

Work and Worry.

"Worry wears out more people than work does," said the ready-made philosopher.

"Of course it does," replied Mr. Growcher; "for the simple reason that so many of us would rather put in our time worrying about work than doing it."

\$3.50 Recipe Free For Weak Men.

Send Name and Address Today —You Can Have it Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it. This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 3715 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$3.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.
