UNITED PARTY TO FACE FOE

Democrats in Agreement on All the Main Issues That Will Come Before the Country.

Governor Harmon of Ohio stated no more or less than the truth when he said at Omaha:

"There is no sound reason for serious disagreement among Democrats. The wishes and ambitions of individuals have not a feather's weight compared with the interests of the party and its bright prospects. There are no present vital national questions on which all Democrats do not substantially agree, and we shall not attract the confidence of the country by letting such differences as there may be about other matters mar the party harmony."

The Democrats of the country are united on the general issue of tariff reduction. They are united, with rare exceptions, on specific measures of tariff reduction as passed by the Democratic house.

They are united against trust monopoly and for trade regulation by competition. They are united in favor of an income tax and placing a part of the federal expense burden on wealth.

They are united for the popular election of United States senators, for publicity in campaign expenditures before elections, for less extravagance in government, for relief of the people from the growing costs of public administration.

Democrats like Governor Harmon and Mr. Bryan disagree about such innovations as the initiative, referendum and recall, but they are agreed that these have no part in a national platform.

Not before in twenty years, not before since Cleveland's last election to the presidency, has the party been in such accord on the great public issues of the day.—New York World.

ANYTHING TO CATCH VOTES

Roosevelt's Present Attitude in Marked Contrast to Expressed Sentiment Last Summer.

Explanation of Mr. Roosevelt's seeming strength in northern New England is found in his present attitude of opposition to Canadian reciprocity—the farmers in that section having become scared by fear of competition of their dominion neighbors.

It is interesting, in this connection, to note that no longer ago than last summer Mr. Roosevelt heartily endorsed the reciprocity plans. Now, however, he appeals for support of the border farmers on the ground that "their interests should not be sacrificed" by legislation.

Lowell once remarked that some men can "iltelong sentiments extemporize." Hope for a third term is a powerful incentive toward such extemporizing.

Not Likely to Be Caught Napping.

The Steel trust wishes everybody to understand that on no account will it destroy its records and that the insinuation of the government to the effect that it might do so is unworthy of one great power in its dealings with another. Nevertheless publicity has never been a fad of the trusts. Possibly it had the foresight not to have any records that would prove embarrassing.

Sunday's Games.

At Paducah—Paducah 10; Cairo 6.
At Henderson—Henderson 3; Evansville 5.

At Hopkinsville—Hopkinsville-Clarksville, no game on Sunday.

Saturday's game at Evansville was attended by only 300. Hopkinsville the same day had over 500.

The Clarksville team is a good one, well matched with the Moguls. The players are well disciplined and free from back-talk and rag-chewing. The team made a most favorable impression. The batting order was Schlenky, Pique, Lockhart, Hart, Jolly, Pfeifer, Goolby, Basham and pitchers Coleman, Humphrey, etc.

Burnett, a McLean College student, was signed Saturday playing 3rd base and helped to save the day with his heavy hitting. Webber played first base.

Hawkins pitched the first game here with Clarksville and Johnson the second.

Friday's Games.
Hopkinsville 0, Clarksville 2.
Cairo 5, Paducah 2.
Henderson 6, Evansville 1.

Saturday's Games.
Henderson 4, Evansville 2.
Paducah 9, Cairo 4.
Hopkinsville 5, Clarksville 3.

In a saw game Hopkinsville defeated Clarksville. With three men on bases in the seventh Coleman replaced Humphrey but Lyons smashed out a two-bagger and Burnett followed with a single. Only three runs counted, however, as Lyons was called out for cutting third.

WILD MAN OF BORNEO DIES AT 92 YEARS

Last of Pair Brought Over in Early '50's Passes Away at Waltham, Mass.

Boston, June 3.—Pitcano, the last of the famous pair of "wild men of Borneo," died at the home of Mrs. H. A. Warner, in Waltham, May 31. Pitcano is believed to have been about 92 years old, and with his brother Wano, who died in 1905, had traveled all over the world.

Pitcano and Wano were brought on a ship to New York in the early fifties, and were said to have been captured on the Island of Borneo.

Since 1857 the "wild men" had been in the care of Capt. Hansford A. Warner, or one of his descendants. It was not possible to teach the little men to speak English.
