

THE CAMPAIGN FUND GROWING

List of Donors is Made Public At Headquarters of National Committee.

TOTAL AMOUNTS TO \$175,000.

Largest Gifts are \$10,000, Given By 3 Men in New York and Pennsylvania.

New York, Sept. 9.—Twelve thousand persons have contributed thus far to the Wilson and Marshall campaign fund. The fund at present totals \$175,000.

This was stated at Democratic national headquarters, which at the same time made public a list of contributors, containing, it was stated, the names of all who had contributed \$100 or more to the fund.

W. C. McAdoo, acting chairman of the Democratic national committee, declared that "a new political standard" had been set by this action.

"The American people," he said, "will never elect another president without knowing the sources from which financial support is drawn."

Rolla Wells, treasurer of the committee, declared that while the sum received was encouraging, it was totally inadequate to conduct the campaign properly, but he believed that contributions would continue.

The largest contributions thus far have been made by Henry Morgenthau, chairman of the national executive committee, F. C. Penfield, a wealthy Democrat of Germantown, Pa., and Henry Goldman, a New York banker. Each gave \$10,000.

Among other large contributors are: James B. Regan, D. W. Hyman and Jacob Wertheim, \$2,500 each; J. D. Phelen, former mayor of San Francisco, \$2,000; Wm. J. Bryan, Norman E. Mack, of Buffalo, New York national committeeman, John B. Stanchfield, of New York, former Democratic candidate for governor of New York, and Harry Belmont, \$1,000 each.

A COSTLY THROW

A Rock Thrown at Worthless Dog Breaks Two Glass.

Floyd Giles, who lives on the Madisonville road, just outside the city limits, was in town early yesterday morning, and while on the West side of Main street, near the Planters Hardware picked up a small stone and threw it at a worthless dog between himself and the F. A. Yost Co., on the opposite side of the street. Of course he missed the dog but the rock hit a large glass in the corner show window and broke it. The stone rebounded and struck a side glass in the middle show window and broke that also. The cost of replacing the two glass will not be under \$30. Mr. Giles told the Yost Co. to have the glass put in and send the bill to him. The dog still roams the street at will.

The Election.

The election returns from the different precincts in the county to select Association precinct committeemen are slow coming in. The election was held Saturday, but we have heard from but one precinct, Howell, where 35 votes were cast, Rufus C. Rives being chosen. Next Saturday the committeemen chosen will meet here and elect one of their number as chairman. The books will close on Saturday, Sept. 21, at which time the question of the continuance or dissolution of the tobacco association in Christian county will be definitely determined.

Dr. Lou Ammerman, of Franklin, Tenn., arrived last week on a visit to her brother, Dr. J. E. Oldham.

MARRYING TOO FREQUENT

Among Kentucky Lady School Teachers.

Superintendents of the Hopkinsville public schools, with the exception of the present year, have had some trouble in retaining teachers in the different grades, owing to so many of the lady teachers throwing up their positions and embarking in matrimony. Not very far back the trustees refused to employ married ladies as teachers, with a very few exceptions, but it is not so now, on account of the scarcity of competent unmarried young lady teachers. There are now several married ladies among the faculty of the city schools. Louisville at this time is wrestling with the same problem as will be seen by a clipping from the Post of the 6th inst.:

"Superintendent E. O. Holland has sent an appeal to St. Louis for four or five well-qualified teachers.

"During the past month the ranks of Louisville's first-class teachers have been sadly devastated by the little god, Cupid.

"The alarming number of consequent resignations has been the occasion of the distress call.

"The standard of qualification maintained by Prof. Holland is four years of High School, two years of Normal School training and several years of experience in teaching.

"We are downright opposed to matrimony, for the time being at least," said Prof. Holland.

Local Paragraphs

Are you going to the State Fair at Louisville this week?

The hottest day we have had this year was last Friday. The mercury reached 101 degrees.

What's next in ever busy Hopkinsville? Building bitulthis streets in the business section.

Farmers generally are quite busy now cutting tobacco. The first frost will not be feared this year.

This has been an "off year" for mad dogs. The "dog days" are gone and we have not heard of a single mad dog.

The hospital, from present indications, will soon be full of patients as we learn three new patients were expected yesterday afternoon.

Somebody was hungry Saturday. Five pages on the register of Hotel Latham were filled with people's names who took dinner there.

The I. C. Railroad Co. is to spend \$5,000,000 for new equipment. Hopkinsville would like for a little of that immense sum to be used in erecting a respectable passenger station.

The 20,000 predicted were certainly here Saturday. A competent police force kept the best of order, no trouble occurring to mar a day of jollity and good feeling. Considering the crowd there was but little drunkenness.

You may think as you please, but our industrial parade Thursday was prettier than the circus parade Saturday. Each of them was twenty minutes passing a given point, by the watch. When old Hoptown goes into anything she does not do it by halves.

The weather clerk certainly was on the side of the Pembroke Horse Show this year, but the breakdown at the electric light plant Friday night was very unfortunate and materially interfered with the exhibition. The only remedy was to line up the automobiles and use the headlights and a few gasoline torches until half past ten o'clock. But a little thing like that will not kill out the enterprising Pembroke people.

Rescued Prisoners.

Eleven negro prisoners were rescued from three deputy sheriffs eight miles from Brooksville, Fla., Sunday afternoon by a band of armed negroes who fired and slightly wounded two of the officers. A posse was sent in pursuit of the negroes and a serious clash is feared.

John Boyd, of Canton, is visiting his sister, Mrs. Mollie Boyd.

AT PEMBROKE HORSE SHOW.

Premiums Awarded at Thursday and Friday Nights' Exhibitions.

The ninth annual Pembroke Horse show, which closed Friday night, was in many ways a great success and everything went off without a hitch, excepting the break-down at the electric power house, which caused no little annoyance and prevented many from attending that evening. Below we give a list of the awards for the two last nights:

Thursday's Awards.

Runabout Class.

No. 8.—Stallions, mares or geldings, not exceeding 15 hands 2 inches; to be shown to runabout

First prize, \$30, Barham, Son and Butler.

Second prize, \$20, Dan Slate.

Third prize, \$10, N. B. Riley, Jr.

Model Horse (to Halter).

No. 9.—Best stallion, mare or gelding, any age.

Prize \$5, Dan Slate.

Saddle Class.

No. 10.—Best saddle stallion four years old and over.

First prize, \$15, Dan Slate.

Second prize, \$10, Barham, Son and Butler.

Third prize, \$5, T. A. King.

Roadster Class.

Competition open to Christian, Todd and Montgomery counties.

No. 11.—Roadster stallion, mare or gelding, to be judged by speed, style, endurance, soundness, conformation, manners, hock and knee action.

First prize, \$15, C. C. Carter.

Second prize, \$10, C. C. Carter.

Third prize, \$5, Harry Searl.

Saddle Class.

No. 12.—Best saddle mare or gelding, 3 years old and under.

First prize, \$15, Dan Slate.

Second prize, \$10, Barham, Son and Butler.

Harness Class.

No. 13.—Harness stallion four years old and over.

First prize, \$15, Barham, Son and Butler.

Second prize, \$10, S. A. Reeves.

Saddle—Five Gaited Class.

No. 14.—Best saddle mare or gelding, four years old and over.

First prize, \$15, Barham, Son and Butler.

Second prize, \$10, Dan Slate.

JUST WHAT A GEYSER IS

The Intermittent Spouting Attending Same Was a Long Riddle to Scientific Men.

Washington, Sept. 9.—Just what a geyser is, and why, and a few other interesting bits of information of these curiosities of nature, is given in a new publication of the Interior Department.

The intermittent spouting of geysers was a long riddle to scientific men. The theory, which bears the name of the illustrious chemist, Bunson, is now generally accepted. This theory is based on the well known fact that the boiling point of water rises with the pressure.

In a long and narrow or an irregular tube evolution in the lower part is only possible at a much higher temperature than at the top, owing to the weight of the water column above it. If by continued heating the lower layer of water attains the temperature at which it can boil, steam is formed, whose expansive force lifts the super-incumbent column of water, causing a slight overflow at the top, which shortens the column so that steam is formed at a higher point and a further lifting and relief of pressure ensues, followed by an eruption.

Miss Una Hunter, of Guthrie, is the guest of Miss Vera Randle.

Pembroke Business Men's Champion Light Harness Stake.

No. 15.—Open to stallions, mares and geldings, any age, soundness, conformation, size, style, speed and action to be considered.

First prize, \$50, Barham, Son and Butler.

Second prize, \$25, S. A. Reeves.

Third prize, \$15, E. H. Dickinson.

Fourth prize, \$10, Dan Slate.

Heavy Harness Class, (Single).

No. 16.—Stallions, mares or geldings, 15 hands 2 inches and under, to be shown to appropriate vehicles.

First prize, \$15, Barham, Son and Butler.

Second prize, \$10, Harry Searl.

Friday's Awards.

No. 19.—Harness Ring—Best harness mare or gelding, four years old and over:

First prize, \$20, Barham, Son and Butler.

Second prize, \$10, Dan Slate.

Third prize, \$5, E. H. Dickinson.

No. 20.—Saddle Class—Competition open to Christian, Todd and Montgomery counties.

First prize, \$15, E. H. Dickinson.

Second prize, \$10, Harry Searl.

No. 21.—County official's champion combined saddle and harness stake.

First prize, \$50, Barham, Son and Butler.

Second prize, \$25, Dan Slate.

Third prize, \$15, Harry Searl.

Fourth prize, \$10, T. A. King.

No. 22.—Roadster class.

First prize, \$15, C. C. Carter.

Second prize, \$10, S. A. Reeves.

Third prize, \$5, N. B. Riley, Jr.

No. 23.—Champion Colt Stake.—

Get of Dawey 1564, foal of 1912

Given by Dr. G. P. Isbel, \$100.

First prize, \$50, H. C. Myers.

Second prize, \$25, Henry T. Simpson.

Third prize, \$15, Henry Pendleton.

Fourth prize, \$10, Pink Fears.

No. 24.—Grand sweepstakes saddle class.

First prize, \$15, Dan Slate.

Second prize, \$10, T. A. King.

Third prize, \$5, Harry Searl.

No. 25.—Grand sweepstakes harness class.

First prize, \$15, S. A. Reeves.

Second prize, \$10, E. H. Dickinson.

CHIEF HESTER RESIGNS PLACE

Council Has Unimportant Meeting Friday Night.—Will Open Fifteenth Street.

The council met Friday night and transacted the usual routine business. An appropriation of \$500 was made to pay for opening West Fifteenth street.

The police department was instructed to enforce the ordinance prohibiting buggies and other vehicles from being left on the streets. A person can leave buggies in front of his own property, but not in front of other people's property. This applies especially to the livery stables.

E. H. Hester presented his resignation as chief of the fire department, to take effect November 1st. Mr. Hester expects to move outside the city limits and of course this will necessitate a withdrawal from the city's service as the head of the fire department, a place he has filled most faithfully and efficiently for several years.

Scarcity of Teachers.

Supt. E. O. Holland, of the Louisville schools, is having trouble filling vacancies caused by his lady teachers marrying. The standard of qualification is 4 years of High School, 2 years of Normal School and several years of teaching experience.

HOTTEST DAY.

One Hundred and One Degrees Saturday.

Saturday was the warmest day of the year, the mercury in the government thermometer ascending to the 101 mark. On Sunday the register was 100 degrees. According to the forecast for this week issued by the weather bureau at Washington, there is little hope of lower temperature for several days yet. Following is the forecast:

"Normal temperatures for the season is predicted by the weather bureau for this week in the middle Atlantic and New England states, the lake region, the great central valleys, the plains states and the Mountain and plateau regions. In the southern states moderately warm temperatures will prevail.

"Though the weather will be generally fair, fairly well distributed showers are probable in the northern and eastern states."

Convicts Flogged.

Jackson, Mich., Sept. 6.—The prison revolt being over, punishment of the ring leaders is progressing. Fifteen of them were flogged today, three of them fainting under the punishment. The instrument used was a three-inch leather paddle, soaked in brine. Ten to thirty blows were applied, as the men were physically able to stand the punishment. The victims were convulsed with pain.

Purely Personal.

Attorney John Stites went to Louisville last week.

Sam Hardwick, of Owensboro, came over Thursday to spend a few days.

Mr. and Mrs. Henry Frankel returned from New York Saturday night.

Robert Hill left last night for Chicago, where he will attend a veterinary school.

H. Friedman, the well known street carnival man, is in the city for a few days.

Miss Jane Atkinsen, of Muhlenberg county, is visiting her sister, Mrs. Odie Davis.

Sam Frankel and his nephew, Malcolm Frankel, returned from New York Friday.

Miss Alice Merritt left yesterday for Lexington to resume her studies in the State University.

Clarence McGraw, of Providence, Ky., who visited Chas. P. Jarrett, returned home yesterday.

Virgil Watson is very ill of typhoid fever at the boarding house of Mrs. Hugo Higgen, East Sixth street.

Miss Ermer Rohland, of Evansville, who has been visiting friends in the city, returned home Sunday.

Logan Green is in Lexington attending the department of mechanical engineering of the State University.

John Adams, Jr., who is with the L. & N. in construction work near Cincinnati, is at home for a short vacation.

D. H. Armstrong and wife are here on a visit, after spending several weeks in Portland, Oregon, and Colorado.

Miss Bertha Stephens, who spent her vacation with her father, Mr. Jas. H. Stephens, left yesterday for DeLand, Fla.

Mr. and Mrs. Thomas Burns, of Huntington, W. Va., arrived the latter part of last week on a visit to Mrs. Emma Saunders, West Seventh street.

S. B. Ficken, T. E. Lawson, M. C. Burns, R. H. McLaughley, and Mr. and Mrs. S. B. Quisenberry are attending the State Fair at Louisville this week.

Miss Ruth Baynham returned home a few days ago after an extended visit to Owensboro and Providence. She will leave soon for Buena Vista, Va., where she will attend school.

Mrs. J. H. Donnelly and two little daughters are ill with fever of a mild form at the home of Mrs. M. O. Soyars, where Dr. Donnelly and his family have had rooms since coming here from New York.

LITTLE HOPE FOR PLAISTED

Democrats on Defensive in Maine Election Yesterday.

NO BULL MOOSE TICKET.

State Normally Republican By 30,000 in Presidential Year.

Portland, Me., Sept. 9.—In the absence of any separate activity by the progressives as a party organization in the state campaign, the biennial contest in Maine today for control of the legislative and executive branches of state government, the four congressional districts and fifteen counties is regarded mainly as an old-time lineup between democrats and republicans. The prohibitionists and the socialists will also be represented on the ballot.

Governor Plaisted's plurality two years ago was 8,660. A plurality vote is sufficient for election in Maine.

The democrats will be on the defensive, as they will endeavor to re-elect Governor Plaisted and to retain control of the legislature, which will elect a United States senator for the term beginning next March. Senator Obediah Gardner, democrat, and former Congressman Edward C. Burleson, republican, are the accredited candidates for the office, through their victories in the primaries last June.

Getting Late Start.

One of the entering pupils this year in the preparatory department of Keuka College, of Penn Yan, N. Y., is Miss Charlotte Swartz, 57 years old. She is nearly 40 years older than any other scholar in her class. "I have wanted to come here for many years," she told the registrar, "but lack of funds and fear of being hazed caused a postponement from year to year. Now I am going ahead and finish the course."

COURT CLERKS

Held Annual Session in Lexington Last Week.

Circuit Clerk Walter A. Radford has returned from the annual meeting of the circuit clerks of the state held at Lexington last Thursday and Friday. The attendance was the largest in the history of the organization and the meeting proved a most interesting one. At this meeting the organizations of circuit clerks and county clerks were united and in future they will meet together. The next annual meeting will be held at Covington. A banquet was given Friday night by Joe L. Van Meter, of Louisville, at the Phoenix hotel, and this proved a highly enjoyable feature.

The Largest Ever.

Many people have expressed the opinion that the crowd in town last Saturday was the largest by far that ever gathered here on any occasion, estimates running between 10,000 and 20,000. Mr. Morrow, local agent for the I. C. railroad, states that he sold 11,114 round trip tickets for the afternoon and night circus performances. It is believed by some who live on South Main street that nearly as many people went to the grounds by that street as went out on the cars. Not to mention the large number that went out Canton street, it looks like a conservative estimate would put the number of people who came to town Saturday at 15,000.
