Owney Talis has been arrested, charged with the murder of Mrs. Nichols, who died of fright in New York, after three men robbed her of \$10,000 in gems. Talis was a servant in the home of the woman, who was the widow of a former wholesale grocer. The police say he has confessed. The robber stripped diamond rings from the woman's fingers and tore valuable jewels from her ears.

President Wilson's request for the recall of the Austrian ambassador, Dr. Constantin Theodor Dumba, has broadened into a situation involving Capt. Franz von Popen, the military attache to the German embassy; Alexander Nuber von Peroked, the Austrian consul-general in New York, and possibly Count von Bernstorff, the German ambassador. The official view is that the ambassador, although technically involved, is not so seriously concerned as the military attache or the consul-general. It is not unlikely that both of the latter may be recalled or dismissed from the country.

Gen. Venustiano Carranza, first chief of the constitutional party, has declined to acquiesce in the invitation of the diplomatic representatives of the United States and the Latin-American countries that he join the leaders of the various factions in Mexico in an endeavor to bring about peace. The reply of General Carranza, which was handed to John R. Silliman, President Wilson's representative in Mexico, at noon Friday said that General Carranza could not consent that the interior affairs of the republic be handled by mediation or by the initiative of any foreign government.

Drag of Mediocrity.

The world, of course, is in a secret conspiracy against youth and growth, declares a writer in the American Magazine. Any man who dares to be young, or to grow, or to be original, must expect to have the world set upon him and pound him unmercifully—and if that doesn't finish him off, then the world clings desperately to his coat tails, resolved that if it can not stop him entirely it will at least go along with him and make traveling as difficult as possible. This latter process is what a friend of mine illuminatively calls the drag of mediocrity. But this punching and pounding is mostly good for youth and originality—good if it doesn't kill—for it proves the strength of youth, tests faith and enthusiasm, and measures surely power of originality. And as for the provoking drag upon their coat tails, youth and originality should reflect that this is the only way by which mediocrity ever gets ahead!

JUDGE FOR YOURSELF

Which is Better—Try an Experiment of Profit by a Hopkinsville Citizen's Experience.

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back.

A lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from far away places.

It's different when the endorsement comes from home. Easy to prove local testimony.

Read this Hopkinsville case: Mrs. J. E. O'Daniel, 603 O'Neal St., Hopkinsville, says: "I suffered from pains in my back and sides and other troubles caused by weak kidneys. Doan's Kidney Pills quickly cured me. I know that they are the best kidney medicine to be had. I often advise friends and acquaintances to give Doan's Kidney Pills a trial."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. O'Daniel had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

Rechauffe of Beef.

Brown two tablespoonfuls butter, add two tablespoonfuls flour and brown thoroughly. Add two cupfuls of stock and one teaspoonful currant jelly. When the sauce begins to thicken add one-fourth teaspoonful salt, one-fourth teaspoonful paprika, a few drops of onion juice, one teaspoonful catsup and thin slices of rare roast beef. Stir carefully till meat is heated. A tablespoonful of sherry added just before serving improves it.

Cleaning Fine Fabrics.

Delicate fabrics like crepe meteor or crepe de chine generally require professional skill to clean properly. However, the homemaker can remove stains herself if she acts promptly by placing the soiled spot over steam issuing from the nose of the teakettle. The fabric can then be pressed between clean white blotters or brown paper, with a warm iron.

Pineapple Ade.

Cut slices of very ripe pineapple into small pieces. Put them with their juice into a large pitcher and sprinkle them well with sugar. Pour on boiling water, allowing a small half pint to each pineapple. Cover and let stand until quite cool, occasionally pressing down the pineapple with a spoon. Strain the infusion and serve in tumblers with ice.

Banana Conserve.

Take a banana and either slice it or split it and then put some of the conserve on it and a little sweet cream or top milk if you have it. It's simply great.

Unusual Offer To Our Readers.

For a limited time, and subject to withdrawal after 30 days, the well known publishing house of the J. B. Lippincott Company, Philadelphia, founded in 1792, offers to the readers of this paper a 12 months' subscription to "Lippincott's Magazine" and a year's subscription to the Kentuckian, both for \$3.00. This is the price of a twelve months' subscription to "Lippincott's" alone. Additional to obtaining every issue of this paper for a year, our readers will receive in "Lippincott's," 12 great complete novels by popular authors, 105 short stories, crisp, entertaining, original 45 timely articles from the pens of masters, and each month some excellent poems with the right sentiment, and "Walnuts and Wine," the most popular humor section in America. To obtain this extraordinary offer prompt action is necessary. Remit to J. B. Lippincott Company, Washington Square, Phila., Pa.

Every Month Near Death.

Foster, Ark.—Mrs. Fannie Ellis, of Foster, says: "I was sick for seven years, and half the time I could not stand on my feet. Every month I was near death. I tried Cardui, and in two months, I was cured, and am now stout and healthy. My friends all ask me what cured me. My looks are a testimonial to Cardui." No matter how serious or long standing the trouble, Cardui will help you. It is a mild, vegetable, tonic remedy, adapted especially to relieve and cure the common womanly ailments. It relieves womanly pains and restores womanly strength. Try Cardui.—Advertisement.

What Baby Had Seen.

A new baby brother came to the home of little John. In his joy he brought in his pets to show the new arrival. He brought his cat and then his pet chicken, and then standing back he said in triumph, "Now the baby has seen three animals—the cat, the chicken and the stork."

Any skin itching is a temper tester. The more you scratch the worse it itches. Doan's Ointment is for piles, eczema—any skin itching. 50c at all drug stores.—Advertisement.

The Lower Orders.

"A man walked right in front of our limousine yesterday and was quite badly hurt." "Still, don't you think the pedestrian class is less sensitive to pain than we are?"—Life.

Doan's Regulents are recommended by many who say they operate easily, without griping and without bad after effects. 25c at all drug stores.—Advertisement.

Distilleries on Old Farms. On all the old farms in the United States there was a little distillery, though on some farms it was not so little, just as there was an icehouse and a smokehouse, where the peaches and apples and grapes could be distilled into fruit brandy.

Children Cry FOR FLETCHER'S

AIR NEEDED IN ICE BOX

Provision for Proper Circulation is as Much a Necessity as Supply of Cooling Material.

It is astonishing how little the average housekeeper knows about ice. Some women seem to think all there is about ice is to have the man put it in the refrigerator. Others, more careful, think to save the ice bill by putting some kind of covering over the ice.

True, the ice does not melt so quickly with the cover, but then again, since it does not melt, it has no cooling effect. Unless ice melts it is useless. The faster it melts the colder the ice-box becomes.

The most important feature of a good refrigerator is ample facility for a free circulation of air when the box is closed. Cool air, being heavier than warm air, sinks. The warm air rises. For this reason the coldest place in the refrigerator is the bottom and not the ice chamber, as so many people think it is and consequently often put butter or milk directly in with the ice.

There must be suitable passages to allow the warm air rising from the things placed in the refrigerator to flow to and over the ice at the top, and for this same air when cooled and purified by the melting ice, to return into the food chamber.

The circulation continues until the temperature is equalized. While this circulation proceeds the ice melts rapidly, but when the temperature is once equalized the ice melts very slowly, that is, if the door fits tight. It will pay in the end to keep the ice compartment well supplied with ice. It should never be less than one-quarter full. The ice melts faster, and with less cooling effect, when the supply is low.

KITCHEN HINTS OF MOMENT

Proper Receptacles for the Preservation of Food—Meat When Roasting Should Be Kept Covered.

Everybody does not know that food in general should not be allowed to cool in tin, copper or iron. It must be placed while hot in agate, china or well glazed earthen ware.

Green vegetables should be dropped into boiling water to which a pinch of bicarbonate of soda has been added. Put in salt when the article is half cooked.

If you have covered a pan in which meat is to be roasted never open it to baste the meat. Keep it covered from start to finish. The idea is that the pans are filled with steam, which penetrates the fibers of the meat. If desired to brown the outside leave the cover off for the first half hour in a quick oven.

The shank bones of mutton, of so little general value, if well soaked add to the richness of gravies and soup stock.

When boiling haricot beans or dried limas do not put in the salt until they are nearly cooked, otherwise they are apt to split and come out of their skins. They should be brought to the boiling point, that water poured off and fresh boiling water poured over them.

Whipping Cream Should Be Cold.

Often the housewife finds that the cream she has will not whip. The department's dairy specialists point out that to obtain satisfactory results in whipping cream it should be cold and of the right thickness, containing about 30 per cent or more of butterfat. Ordinary cream, designated as coffee cream by the trade, is altogether too thin to give good results. The whipping cream, as delivered by the milkman, contains 30 to 40 per cent of butterfat. Thoroughly chill the cream before whipping by placing it in a covered bowl on the ice. The whipping process is also aided and hastened by standing the bowl in a par of ice water.

Scotch Broth.

Three pounds neck mutton, two tablespoonfuls pearl barley, two tablespoonfuls minced onion, two tablespoonfuls minced turnip, two tablespoonfuls minced carrot, two tablespoonfuls minced celery, two tablespoonfuls salt, one teaspoonful pepper, one tablespoonful minced parsley, three quarts cold water. Remove bones and fat from mutton, cut meat small and place with vegetables and seasoning, except parsley. Simmer three hours after coming to a boil, then thicken with flour and add parsley.

Beef Tea Meat.

Remove all gristle and fat from meat intended for beef tea. Place these trimmings in a pan with sufficient water to cover them, and add any vegetable to hand cut up small. Allow to simmer, then add the meat from the beef tea. Simmer for four hours, then strain through a hair sieve and pour the liquid into a mold to set. When cold it will be a nourishing jelly, suitable for invalids. The vegetable used must be quite fresh.

Paint Flower Pots.

Instead of buying expensive jardinières for your plants, paint the ordinary flower pots and saucers with an oil paint to harmonize with the color scheme of the room. Have pots painted a soft leaf green, or Chinese blues are very quaint and decorative.

To Prevent Gas Stove Sweating.

If you are careful to leave the door of your gas range open after using, it will allow the heat to escape and prevent the range from sweating.

225 Acre Farm For Sale

Meacham Farm Near Gracey To Be Sold For Division.

The A. W. Meacham farm, one mile northeast of Gracey, is offered for sale for division. It consists of three tracts of land, lying on both sides of the old Bellevue road. Two tracts of 112 and 45 acres lie along side each other on the South side of said road and the other of 68 acres is just across the road, on the North side. A cottage of seven rooms is on the large tract, with large barn, stable and other out-buildings.

A never failing stream of water, known as Meacham's branch, crosses the farm. A portion of the large tract is in timber. The farm is rented for 1915, but partial possession for seeding crops could be given in the fall. For further information apply to
