Eighteen persons were killed and a score of others injured in an air raid on Bari on the Italian Adriatic coast, according to a Reuter dispatch from Rome. The victims were largely women and children, the dispatch states.

Capital stock of banks will be assessed at 100 per cent. and the surplus and undivided stock at 80 per cent., State Auditor Greene has advised bankers, who sought to have the assessment valuation reduced to 80 per cent., where it stood before.

The Rockefeller Foundation has announced that it had appropriated \$1,000,000 for war relief work in Poland, Serbia, Montenegro and Albania. The sum appropriated is to be expended at the discretion of the executive committee whenever satisfactory arrangements for the transportation of relief supplies can be effected.

Another conference of Mexican and American military commanders has been arranged. Secretary Baker announced that Gen. Pershing, heading the American expedition in Mexico, would meet Gen. Carranza's commander, in Chihuahua at the latter's request to work out closer co-operations. Gen. Funston has approved the proposal.

President Wilson is giving more serious consideration to the possibility of restoring peace to Europe than at any time since the outbreak of the war. From an authoritative source it was learned today that the president is preparing to do everything possible in an informal way to bring about the discussion of peace between belligerent nations, although he has not indicated his attention immediately to offer his services formally as mediator.

A censored dispatch from Berlin says: "Another visit by Colonel E. M. House to Europe would come as no surprise to initiated quarters here. The American rumors to this effect are regarded as having a certain basis in fact, although the opinion prevails that the trip would naturally be postponed until after the national conventions. It is hoped here that Col. House pay such a visit, he will come this time as a harbinger of peace, or at any rate, to prepare, if possible, the foundations for peace proposals, difficult as this task is recognized to be. The situation, it may be said, now has changed. Apparently there is no harm from either a political or a strategic standpoint, in saying that Germany would welcome peace."

The unprecedented fight against Louis D. Brandeis, one of the ablest Jews in America, for a place on the Supreme Court bench, is nearing an end. Victory for the administration in its fight to make Brandeis an associate justice of the supreme court is regarded as assured, the senate having agreed to vote on the nomination next Thursday, June 1. Leaders on both sides of the controversy agree that debate should not be extended but that the views of each side should be embodied in majority and minority reports to be made public after the vote. The vote, if there is a roll call, also will be made public. Republican senators, who have opposed Brandeis, concede that he will be confirmed beyond question; that he will receive practically unanimous democratic support and in addition get at least four republican votes. This will give approximately 60 votes in favor of confirmation, leaving 36 opposing. Some of the republicans said after a conference of minority members of the judiciary committee that it seemed so conclusive that Brandeis was to be elevated to the supreme bench that further prolonged debate over his qualification might be misconstrued.

### WHAT'S THE REASON?

#### Many Hopkinsville People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys—assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills.

Below is grateful testimony from a sufferer in this locality.

W. O. Freeman, railroad engineer, Cadiz, Ky., says: "My kidneys were weak for a long time, causing back ache and severe pains in my sides. Seeing Doan's Kidney Pills highly recommended by local people, I got a box and used them as directed. In a short time I was cured and now I seldom have any cause for complaint."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Freeman had. Foster-Milburn Co., Props., Buffalo, N. Y.

### Forest Notes.

It is estimated that automobiles carried to the Grand Canyon National Monument last year 20,000 persons, while the number of persons to reach the Canyon by railroad was 92,000, or five times as many as in 1914.

New Mexico official reports show that 360,325 cattle and 1,219,762 sheep were shipped out of that State in 1915. Most of this stock was grazed on public lands, especial the National Forests. On the Forest ranges the forage crop is as much an object of care as the timber crop, and is increasing as a result of scientific methods.

Approximately 85 per cent of the losses of cattle on the National Forest ranges due to poisonous plants is caused by tall larkspur. Death camas, lupine, laurel, sneeze weed and rubber weed are responsible for sheep losses from such cause, while the loco weed is the principal poisonous plant affecting horses. Last year the loss from these causes amounted to about \$300,000.

That wild burros in the Grand Canyon of the Colorado are increasing rapidly is the report of a ranger on the Tusayan National Forest, who says the animals in their search for forage are finding their way to the top in such numbers as to constitute a nuisance. Already there are thousands of the animals in the Grand Canyon from Supai to the mouth of the Little Colorado, according to the Forest ranger.

### Watch Child's Cough.

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. Its a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Always prepared, no mixing or fusing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds.—Advertisement.

### Daily Thought.

The art of being happy is the art of discovering the depths that lie in the common daily things.—Brierly.

One way to relieve habitual constipation is to take regularly a mild laxative. Doan's Regulents are recommended for this purpose. 25c a box at all drug stores.—Advertisement.

### Helpless As A Baby.

Valley Heights Va.—Mrs. Jennie B Kirby, in a letter from this place, says: "I was sick in bed for nine months, with womanly troubles. I was so weak and helpless, at times, that I could not raise my head off the pillow. I commenced to take Cardui, and I saw it was helping me, at once. Now I work all day." As a tonic, for weak women, nothing has been found, for fifty years, that would take the place of Cardui. It will surely do you good. Cardui is prepared from vegetable ingredients, and has a specific, curative effect on the womanly organs. Try a bottle today. At your druggist's.—Advertisement.

### WATER OF MUCH IMPORTANCE

Cows Giving Milk Require Great Quantities of Water—An Essential as Feed in Winter.

Water is fully as important to the dairy cows as feed during the winter. They must have access to it so that they can drink all they want, whether they have it in automatic water basins, or in the yard tanks. Cows giving milk need great quantities of water. Careful experiments have proved that it requires more than five pounds of water for every pound of milk produced by the cow.

### DAIRY NOTES

The milk crop is one which comes in every day.

When possible, test the cow's milk before buying her.

Never buy a cow whose milk tests below three per cent.

Stanchions are a thing of the past. Cow ties are now in order.

After the good cow is born there is lots of work in her making.

The sooner dairy tools are washed after using the more easily they will be cleaned.

Why not settle on dairy farming as a business? Then breed and feed and work for a better breed.

Don't use the milk pail for carrying feed to the pigs if you desire to be classed as a good dairyman.

The grade bull calf will not pay for the cost of raising if the dairyman can dispose of his products otherwise.

There's as much in the man behind the cow as in the cow herself. Brains count everywhere in dairying.

As a rule milk should not be used within 15 days before calving or during the first five days after calving.

You don't know much about your cows until you weigh their milk and test it with a Babcock tester. Keep records.

### A CARD.

I desire to inform the public that I am now with the Waller & Trice Co., and, in the future, can be found at their establishment, where I am better prepared than ever before to handle any business entrusted to me in either the furniture or undertaking department. I wish to thank my friends for past favors and would be pleased to have them call on me at my new quarters.

H. L. HARTON.

### Fizzle.

"What is it a sign of when one's lips itch?" asked the dear girl in the parlor scene as she lowered the blinds and seated her person on the end of a sofa built for two. "I don't know, I'm sure," replied the dense young man, as he folded his arms and tried to look wise, "but I presume it indicates some sort of a cutaneous trouble."—Indianapolis Star.

### Pills Best For Liver.

Because they contain the best liver medicines, no matter how bitter or nauseating for the sweet sugar coating hides the taste. Dr. King's New Life Pills contain ingredients that put the liver working, move the bowels freely. No grip, no nausea, aid digestion. Just try a bottle of Dr. King's New Life Pills and notice how much better you feel. 25c at druggists.—Advertisement.

### The Modern Spirit.

The modern spirit is not the spirit "which always denies," delighting only in destruction; still less is it that which builds castles in the air rather than not construct; it is that spirit which works and will work, "without haste and without rest," gathering harvest after harvest of truth into its barns and devouring error with unquenchable fire.
