

Let Your Animals Doctor Themselves

Thousands of farmers are doing it daily and are saving MILLIONS OF DOLLARS worth of live stock consequently
WE KNOW WHAT YOU CAN DO

Just Read This Letter From a SAL-VET User:

"I have used SAL-VET for two years, within which time I have not lost a single hog. Have fattened 74 head of May pigs that we sold Dec. 10th, and which averaged 207 pounds each. They took SAL-VET every day and never stopped growing. We cannot say enough for the merit of SAL-VET. F. R. DALRYMPLE."

What this farmer has done, you can do. Don't wait until your live stock gets past going and then call in a Doctor. The prevention is better than cure.

SAL-VET

is sold under a guarantee. Your horses, mules, cows, chickens, pigs, etc., all need SAL-VET. You should see to it that you don't make a hospital out of your farm. There is one way to prevent it. SAL-VET.

The Secret of Making Money From Cattle

is keeping them healthy, SAL-VET will do it. The cost is small. Your cattle should at all times have access to SAL-VET.

Call at Our Hardware Store

and let us furnish you some literature explaining just why you should use SAL-VET. We will make you some mighty interesting prices and once you try it, you are a SAL-VET customer for ever and ever.

DO IT TO-DAY FORBES MANUFACTURING COMPANY

INCORPORATED.

MEN IN MIND IN HOPKINSVILLE

Prominent Factors in The Busy Life of the Pearl City.

BIOGRAPHICAL SKETCH NO. 104.

One of the Young Men at the Head of the Keach Furniture Co.

CARL W. KEACH.

A stranger coming to Hopkinsville will note with surprise that many of the leading business houses of the city are conducted by young men who have climbed the ladder of success, roundly round!

The furniture business has shown marked development in Hopkinsville since the old days when its stores were not to be classed among the big enterprises of the city. Now the furniture stores are among the most attractive stores to be seen and this is especially true of the mammoth four-story, specially-constructed store occupied by The Keach Furniture Co., on Main street. Their house is considered by some the best business house in the city, new from cellar up and arranged in every detail for its present occupants and their mammoth furniture trade. The secretary and treasurer is Carl W. Keach, the president being his brother, Harry A. Keach, of whom the Kentuckian readers have read about in a previous sketch of this series.

Carl W. Keach was born in Evansville, Ind., Oct. 1, 1881, and was a boy of 13 when his father, Ovid Keach, came to Hopkinsville in 1894.

Carl was educated in the city schools and his first employment was with the Forbes Manufacturing Co. in the wagon shop during the time that he was not in school. When his school days were over he went to work in the store of H. A. Keach & Co., which has since developed into the present corporation. From his early manhood

he has been actively identified with the business and has worked hand in hand with his older brother for its development.

The Keach Furniture Co. is one of the big and growing concerns of the city and its secretary enjoys few idle moments.

Quite recently a complete undertaking department has been added to the various other lines that have been built up in the last decade or two.

Mr. Keach was for several years Democratic committeeman of his district and is prominent in fraternal orders. He is a member of the Odd Fellows, Knights of Pythias and Woodmen of the World. Also of the Baptist church.

He is married and lives in a cottage on Canton street.

The cut used represents Mr. Keach as a little more youthful than he appears today.

HOWELL ITEMS.

Mr. and Mrs. W. G. Fox, of Knoxville, Tenn., visited friends and relatives in the county this week.

Mrs. T. F. Clardy has returned from Knoxville, Tenn., after a three weeks' visit to her brother, Mr. W. G. Fox.

Miss Edith Williams is the guest of her brother and cousin, Messrs. Collins Williams and Sherrill Collins.

Miss Bertha Clardy is the guest of Mrs. Claude Ledford, of Gracey.

Miss R. E. Coleman has returned from a short visit to Miss Elizabeth Haynes, of Newstead.

Messrs. O. M. Wilson and W. W. Radford were on the sick list last week.

Mr. John Sumner had a delightful party at his home at Howell Thursday night. A large crowd was present and everyone enjoyed the evening very much.

Misses Ruth Major, Byrdie and Florence Rawls and Martha Gary are the guests of Miss Mary Fox Clardy.

Miss Love Allen and Mr. Fount Allen are visiting Osborne Radford.

Mr. P. T. Fox spent the week end with relatives at Howell.

Mrs. John Garnett entertained the Book Club last Tuesday morning. A large number were present and a most enjoyable morning was spent. Rook was the feature of entertainment, after which a delightful ice course was served.

Quit In A Week.

According to the Mayfield Messenger, Mrs. Henry Melton, a bride of one week, has left Mayfield for her home in Memphis, Tenn., without leaving behind a message of explanation. The bride was Miss Belle Smith, who was married to Henry Melton, a Mayfield boy on July 17.

A woman would rather break a ten-dollar bill than a ten-cent dish.

Baseball.

STANDING OF KITTY LEAGUE.

Anchored! The Hardluck Hoppers took a trip to the top but are back home again. It was a nice trip and the fans all enjoyed it. Some even hoped that the team would like it so well it would stay for awhile, but no such luck. However it is not time to hang up the crape yet. Another rejuvenation might help. Dr. Bassett still claims Hoptown will win the pennant. Here's hoping. Hopkinsville plays Owensboro here today and then goes there for a pair of games.

Spray for Flies

Flies are usually worst at this season of the year. A good mixture can be prepared with the following ingredients:

- 2 gallons of crude petroleum.
- 1 gallon of crude carbolic acid.
- 1 gallon of fish oil.

The entire mixture can be bought for about \$1.50. A fifty-cent hand sprayer will complete the outfit. The spray should be used on the stock at least once a day.

Getting Warm in a Cold Bed.

Many people have to sleep in cold rooms in winter, and some, not being able to warm up readily after entering the bed, lie awake a long time. To warm up quickly in a cold bed, lie upon the back, with the bedclothes well tucked in about the neck and shoulders, draw up and extend one foot, then the other, alternately, drawing the foot up as far as possible. Keep this up for a few moments; and if done with vigor, by the time one has drawn up each leg and straightened it out, say, 100 times, one will be in a glow, and will usually feel sleepy, the blood having been drawn away from the brain to the muscles and skin. Feeble patients can do a few strokes, and rest a moment or so, and then begin again.

The Danish Islands.

The three islands the United States is about to buy from Denmark lie 36 miles east of Porto Rico. St. Thomas is 12 miles long and one to three miles wide. St. John further east is eight miles long and St. Croix to the south is still smaller. The islands are valuable for strategic purposes. The principal export is bay rum.

Fair Warning to a Fanatic.

Will the fanatical person who pocketed that bottle of \$2 whisky return it at once to the editor of the Northern News with apologies for attempting to perpetrate a joke? Otherwise there will be criminal proceedings.—From the Athabasca Northern News.

INMATE KILLS REFORM GUARD

Monte Guess Attacks Sleeping Man And Then Escapes.

Louisville, Ky., July 27.—Monte Guess, aged 16, inmate of the school of reform, attacked Robert Orms, a guard, while he slept on a cot in his room at the institution this afternoon and beat him into insensibility, causing his death a few hours later at the city hospital. The boy then made his escape and has not been recaptured.

Other inmates witnessed the attack but were threatened and did not give an alarm until the boy had escaped. Mrs. Orms, who was at the reform school, was notified and called the city hospital ambulance.

THE WHEAT SITUATION.

(Contributed.)

Referring to an article in a local paper of recent date regarding the practice of fallowing for wheat, and the losses sustained by growers the idea was to call attention to the fact that the cost of producing wheat by this method was so great, and that the returns did not justify the practice when it is taken into consideration that there is a loss of humus and nitrogen sustained, and plant food used not commensurate with the outlay for seed, fertilizer, labor, etc., with a seven bushel crop at \$1.00 per bushel.

You first have to get a thing in your mind before you do it, and it was not expected that the farmers in Christian county would seriously consider cutting out fallowing for wheat at this time.

The object in presenting this question was to call attention to the fact that the practice can be eliminated, and wheat sown on corn crop and tobacco stubble. If the land is not good enough to grow a crop of wheat after corn and tobacco, steps should be taken to make it so, and thus cut down the expense of raising it. Most farmers in Christian county know how this can be done, and a good many of them have already adopted this plan.

DO YOU

Think dog muzzling cruel and then marvel at the spread of rabies?

Carefully select your brand of liquor and then feed your children unpasteurized milk?

Repeat the golden rule and then sneeze in somebody's face?

Go camping for your health and then place your toilet so that it drains into your water supply?

House on Wheels.

An old two-story house on a lot formerly owned by J. B. McKenzie, corner of Liberty and Fourteenth streets, was sold this week to Jas. R. Fears, who removed it to a lot on West Fifteenth street, rolling it several hundred yards through the streets. The McKenzie lot is being cleared off for the erection of two handsome new cottages.

Jerked Too Hard.

The Rev. William Perry Eveland, missionary bishop of the Methodist Episcopal Church for the Philippine Islands, was electrocuted while on a pleasure trip in Pennsylvania when his steel fishing rod came into contact with a high tension electric wire.

His Views.

"In case of war, what do you think we ought to have in addition to the general staff?" "I think we ought to have an advisory board of moving picture actresses."

ELOPERS ARE SEPARATED

Angry Father Won't Let Miss West Stay With Her Husband.

Clint Powell, 18, and Miss West, 13, of Kelly, went to Clarksville Tuesday to get married, but the girl's father telephoned in advance of them and license was refused, whereupon they went to Springfield and got their license and were married.

On their return home the girl's father took her away from her husband.

A widow's mite is spelled m-i-g-h-t when she makes up her mind to marry again.

Ready for Business

The public is cordially invited to attend the

Opening To-day

of The

Walden Bread Co's

NEW STORE

At 407 South Main Street,
 Saturday, July 29, 1916,
 from 4 to 8 p. m.

Music

Souvenirs Will Be Given

Ladies Are Especially Invited

Walden Bread Co.
