THE WRONG LOCALITY.

"Let us flavor our dinner with a little Attic salt."
"Attic salt? Why, we always keep ours in the kitchen."

FLOWERS OF THE FIRESIDE.

Wife—The policeman called on the cook last night.
Husband—Ah! a conference of the powers.

Confidence.

Why does this country tend always to belittle its wealth, its works, its men and its power to meet calamity? It does, and yet we are thought to be a people unembarrassed by modesty. Yankee boastfulness is a proverb in the world, but no Yankee ever told quite all the truth. He never dared, and, besides, he could not make himself believe the whole length and depth and breadth of it. Distrusting their own judgment, the American people lack confidence in their great estate. The temperament is rich in daring, faith and optimism, but poor in confidence, which is a quality that comes with time. A young people perhaps should not have it. It is not good to have everything.—New York Times.
