THE TERMS OF PEACE.

Already Being Considered at Washington.

Washington, June 8.—There have been intimations to the State Department from representatives of the Powers outside of Spain, looking towards negotiations for peace. While they have been, of course, unofficial, they are known to be with the view of trying to ascertain what conditions the government would demand, if Spain sued for peace. Answers to the enquiries have been given in the same spirit in which they have been made, and it was plainly stated that the administration would only consider terms of peace on the conditions of the freedom of Cuba, the permanent occupation of Porto Rico by the United States, and holding of the Philippines until the future of that country shall be decided by this government with the intimation that we will also permanently hold it.

Very Few Were Present.

Owing to several conflicting events of a social nature there were very few members of the late Latham Light Guards at the Armory last night to turn in their uniforms and equipments. Capt. Feland thinks that he will be compelled to call upon each member individually and collect the property of the state.

Cunningham is wanted at Bowling Green for an alleged attempt to outrage Miss Emma Dodd. They were driving and it is charged that Cunningham first tried persuasion. Failing in this he drew a revolver, the story goes, and tried by threats to succeed. The young lady jumped from the buggy and ran to a neighboring house, where she procured a conveyance to bring her to the city. Cunningham took leg bail and is yet at large. He was an employe of the Louisville & Nashville Railroad Company. Great indignation prevails.

Harrison On Hobson.

Chicago, Ill., June 8.—"I consider the American navy, ship for ship, gun for gun and man for man, unequalled by any navy in the world to-day," says former President Harrison. "The courage and daring of our men, the personnel of the officers of our ships, the gunnery, the nerve and spirit manifested in all done, offer to the world the spectacle of a navy of which there is no superior."

"The act of Lieutenant Hobson," he said, "has few, if any, parallels in the history of the world. At Manila the act of Commodore Dewey was brave, but he entered a hostile harbor able to give shot for shot to beat down his assailants, to triumph by the force of his own arms."

"Lieutenant Hobson and his heroic crew not only went with the Merrimac into the range of an awful fire, unable to reply, but the interior of their own vessel was loaded with torpedoes for her destruction at the proper time. They went in unable to fire one gun at the enemy, and prepared to destroy the very deck under their feet. We search the pages of history in vain to find some act of heroism for our country and flag that approaches this."

A FLASH IN THE PAN.

A Double Elopement Foiled at Lexington.

Lexington, Ky., June 8.—A nicely planned double elopement with two handsome and highly connected young girls at Richmond and two young gentlemen of Louisville as the actors, was foiled by the Lexington Police Department last evening, and the result was the two young girls spent several hours as semi-prisoners at the station house awaiting the arrival of their fond father.

Monday Benjamin Armstrong and Benjamin Way, of Louisville, went to Richmond and planned a double elopement to Cincinnati with Misses Grace and Ruth Taylor, daughters of Hon. John Taylor, for 20 years Postmaster of Richmond. Their strategy was apparently well founded, but it was knocked away. They chose a circuitous route, and at Richmond easily slipped the watchful parent. At Nicholasville they "ducked" the police officers who had been notified to intercept them. Lexington was also notified and two patrolmen sent down the road to put a stop to cupid's affair. They did it. When the train arrived here the two couples were quietly taken to the station. The would-be grooms departed quietly and the pretty girls waited for the coming of their father. The girls declared that while they were foiled this time the next attempt would be a success.
