SHOT FOR DESERTION.

Reported Execution of Three Paducah Colored Recruits.

There was a report in circulation yesterday and last evening, says the Paducah Visitor, among the colored population particularly, to the effect that three boys who joined the volunteers here and went south deserted at Tampa, Fla., on finding they were to be sent to Cuba, and were caught and shot. The statement was written back here by some of the men who went away from here, for their letters were seen by several colored friends. The Visitor last evening endeavored to run down one of these letters to learn more definite statements, but could not do so, though it was able to satisfactorily verify the report. The names of the negroes said to have been shot as stated are Tighlman Rowlett, Al Smith and Will Nolan, all well known.

COL. HENRY RETURNS.

Lieut. Col. Jouett Henry in town on a Furlough.

Came in this Morning and Will return to Chickamauga To-night.

The Hopkinsville friends of Lieut. Col. Jouett Henry were surprised this morning to see his sunburned face and soldiery form on the streets. He came up from Chickamauga last night looking every inch a soldier. He wore the light blue trousers and the darker blue coat of the regular army, with heavy shoes and leggings and the regulation hat.

He has "turned out" a crop of mutton-chop whiskers which bid fair to greatly alter his looks.

The Colonel came in principally to see his mother and sister before leaving for the front. He is expecting to be ordered to Cuba within the next few days and got a leave of absence to make a final visit home.

He was seen by a KENTUCKIAN reporter this morning and talked pleasantly of the boys at the Chickamauga camp.

He says all of them are now well and impatient to get to business.

The "green squad" mustered in last week arrived on time and were put to work drilling and getting acquainted with military duties.

Col. Henry will spend to-day and to-morrow in the city and unless his leave is extended will return to Chattanooga to-morrow night.

WIDOW GOT HIM.

A Member of the K. P. A. Married in Haste By an Indiana Widow.

Mackinac Island, Mich., July 4.—(Special.)—The Kentucky Press Association steamed from regions of torrid heat to regions of icy chill. The lake trip yesterday was altogether delightful, but the temperature fell rapidly last night and this morning it was bitterly cold to the thinly-clad Southerners, who reached Mackinac Island at 5:30 o'clock. The day had been abnormally cold, but a short rest and an excellent meal put every one in good humor and a largely-attended business meeting was held at the Casino in the afternoon. It was presided over by President Woolfolk.

A romantic wedding that took place this evening culminated from the excursion of Kentucky Press Association. Editor James W. Stewart, of the Elizabethtown Leader, and Mrs. Cora Hively, of Fort Wayne, Ind., were united in marriage in the Casino at the Grand Hotel, just after the Fourth of July celebration by the Kentucky Press Association. The ceremony was performed in a simple and impressive manner by Rev. George F. Nason, editor of the Southern Journal of Osteopathy, of Franklin, Ky. The bride and groom met first Saturday morning when the former boarded the train at Lima, O.

HIS LEG SHOT OFF.

Hopkinsville Hotel Man Turns Up in the Army.

Loses a Leg at Santiago and is Coming Home—His Mysterious Disappearance.

J. L. Bailey, the proprietor of the European Hotel, on Seventh street, who disappeared from this city mysteriously on May 23, has been heard from.

He left without telling his wife or any one else where he was going and Mrs. Bailey was much concerned about his disappearance. After he had been gone several days he wrote back that he had gone on a long trip and expressing great fondness for her. Mrs. Bailey, who is a daughter of Stephen Rives, went to live with her father.

To-day she is moving to Guthrie to live and this morning received a telegram from Santiago telling her that her husband had one of his legs shot off in the battle of Santiago last Friday and would return home as soon as he was able to travel.

It turns out that young Bailey, who is 23 years old, went from here to Tennessee, where he enlisted in the army and moved to the front with the first troops to Cuba.

He was in the fight last Friday and was brought down by a Spanish bullet. His leg was badly shattered and amputation was necessary.

Being unable to continue in the service, he will be sent home in a few weeks.

KILLED IN CHURCH. SEIZURE OF LADRONES

A Drunken Man Fires Into a Crowded Tent.

Four People Were Killed in Less Than a Minute—The Tragedy in Mercer County.

Harrodsburg, Ky., July 5.—News of one of the most startling and horrible tragedies ever enacted in this section of Kentucky has reached here. At Cornishville, 10 miles from here, Rev. Bottom is holding a tent meeting, which is attended nightly by hundreds of people. At the services, which began at 8 o'clock Sunday night, Richard Votaw, a well known young farmer, crazed with whisky, opened fire with a revolver at the worshippers in the tent and killed four people.

The first one to be shot was John Benton Hale, a highly respectable farmer. He died instantly. The second shot killed a young man named Adkinson, whose father lives in this city. The desperado then turned his revolver on Miss Julia P. Coulter, killing her instantly, and then shot a Miss Campbell, who was dying when the runner who brought the news of the tragedy to this place left Cornishville.

Miss Campbell is a daughter of Rev. Mr. Campbell, who ran for Representative against Hon. Morgan Chinn last November.

After his bloody work Devatau brandished his revolver and exclaimed: "I have done enough to be hanged for. Let the officers come. I am ready for them." He had not been arrested when the runner left for this place. The excitement is intense.

American Flag Was Probably Planted on Island of Guahan.

One of the Best Harbors and Coaling Stations in the Pacific Ocean is Captured.

Washington, July 5.—(Special.)—The Navy Department has received a long cablegram from Admiral Dewey confirming the announcement of the arrival of the American troops and the seizure of the Ladrones Islands by our ships. In the absence of more definite information, it is assured that the American flag was planted on the island Guahan, one of the Ladrones group.

The chief city of the islands is Guahan. It is exceedingly well fortified for such a small place, and affords one of the best harbors and coaling stations in the Pacific Ocean. About six months ago the Spanish government strongly fortified the islands to prepare for the emergency of an attack. The island of Guahan will be used as a coaling station.

It is believed that some of the artillery which was taken on the City of Peking in the first expedition was intended to fortify this island after its capture by the American troops. It is thought that the Monadnock will remain at Guahan as a permanent guardship for the island so long as it remains under the American flag.
