

## GARCIA IS MAD!

### Writes Shafter That He Is Disgusted.

### Says That He Was Treated Discourteously at the Surrender.

Santiago, Cuba, July 21.—(Special.)—Gen. Garcia, of the Cuban army, in a letter to Gen. Shafter declares he is disgusted at his treatment at the hands of the Americans and will consequently withdraw his forces to the hills. He complains that Shafter failed to officially notify him of Gen. Toral's surrender.

He is also incensed at not being invited to the ceremony at the formal capitulation of Santiago.

Another grievance is Gen. Shafter's retaining the Spanish civil authorities in Santiago. For these reasons he says he will henceforth act independently of the Americans.

Gen. Shafter wired a formal answer to Gen. Garcia that Santiago is now quiet and that the Spaniards will assist the Americans in any way required.

This correspondence of course makes it unnecessary to deny the report sent out yesterday that Gen. Garcia had been killed.

On Gen. Shafter's recommendation all orders issued by Miles for distribution of arms among the Cubans or for sending supplies to the insurgents have been countermanded. No attention will be paid hereafter to Cubans as military allies. Gen. Shafter has been ordered to disarm the Cubans at the least sign of insubordination near his lines. His reports express the utmost disgust for them.
