

NEWS OF THE COUNTY.

HURRICANE ISLAND.

The people of this island, in order to form a more perfect union, would like to have a place in some secluded corner of making known to the outside world that there is such a place as Hurricane Island and that it is almost a perpetual habitation.

The farmers of the little colony have at last cast their bread upon the waters, with fear and trembling that it shall not be gathered up many days hence, but be washed away.

They are about done planting the three crops the Tolu correspondent said they were to plant, that of corn, pumpkins, and Jonah's gourds. The pumpkin vine grows with such rapidity I am afraid it will wear the pumpkin out dragging it along the ground.

The health of our people is very good with the exception of two or three that are grunting around with Job's disease.

We have an agent for most anything you want to buy, from a bath cabinet to as common a thing as a sugar-coated pill—plenty of agents but no railroad near nor mineralogists.

We wonder why our Tolu friends don't come over to the land of sand and cocle burs, and the orange grows wild, for in our mansions there is room and we eat three meals a day.

One of our best citizens is in great trouble and refuses to be comforted because his best girl is in another State and the governor won't issue requisition papers for her return. Be of good cheer Bob, one of the sweetest days of your life will be when she returns.

One of the islanders floated silently down the current of the beautiful Ohio and quickly landed at Elizabethtown, and on his return was found to be the happy possessor of a bonnie bride. But what does a man want with a wife here unless he wants her to comb the burs out of his hair.

If a few good brothers and sisters will come over into Canaan and help us we can organize a good Sunday school and prayer meeting.

There is a prize at the post office at Tolu that is worth the winning, so say C. W. Taylor and L. Martin.

Bud Stone, Tolu's river man, started from the mouth of Hurricane creek on Thursday night with a raft of cypress logs, bound for Paducah.

As there are no visits to write about and Friday and I have been busy making preparations for a long touring expedition up Peters Creek, and everything now in readiness, guess I had better close and go on my way rejoicing.

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."
