DENOUNCE GOVERNOR'S STATEMENT AS FALSE.

County Judge Bradford and County Attorney Kinney, of Bracken, Deny There Has Been Any Disorder in the County.

TROOPS ARE THE ONLY TROUBLESOME FACTOR.

August, Ky., Aug. 10.--County Judge H. L. Bradford and County Attorney George B. Kinney, of Bracken County, this morning authorized the following statement in answer to Gov. Wilson's charge that they have not been doing their duty: "The statement in the Times, purporting to come from Gov. Wilson, that the County Judge and County Attorney of Bracken County have failed to do their duty as officers of said county is false, and there is not a word of truth in it. They have been ready, able, and willing at all times to do their duty, and the county of Bracken at the present time and for some months past has had no trouble of any character except the trouble caused by the Gov.'s troops riding the turn pikes and intimidating and scaring some of the citizens and creating an expense unnecessarily, because the Gov. of Ky. has never made an investigation of the facts and situation in Bracken County, but has listened to false statements made by the American Tobacco Co and those who are opposed to the American Society of Equity."
H. T. BRADFORD,
County Judge Bracken Co, Ky.
GEORGE B. KENNEY,
Co. Attorney of Bracken Co, Ky.

Ainsworth--Hastie.
J. Seldon Ainsworth was married last Wednesday evening in Evansville, Ind., to a Mrs. Hastie, of Cave-in-Rock, Ill. He and his bride arrived here Thursday and went immediately to his home on Depot street, where he and his little daughters have been living alone since Miss Grace Ainsworth, his sister, married, she having kept house for him since the death of his first wife. Mr. Ainsworth is one of the county's best citizens and owns besides his home here, a fine farm on the Ohio river. His friends are congratulating him on winning the heart and hand of so estimable a lady as he has won and are wishing them both much joy and long life.

Ollie James to Aid Thomas.
In an endeavor to keep the Third district from repeating its Republican plurality, Congressmen O. M. James and A. O. Stanley are going to stump the district for the Democratic nominee, R. Y. Thomas. At present, of Dr. A. D. James Penrod, represents the district in Congress but it has always been close, and Thomas believes that with the aid of Ollie James and A. O. Stanley he can carry it safely.—Lyon County Herald.

The soldiers, who have been camping at the court house for several months past, are arranging to go into camp at the camp ground near the depot as soon as their tents, etc., arrive. The camp ground property is owned by Mrs. Sallie Catlett and she asks us to state that the camp is located there without her consent, that she refused to accept rent from the state and was told that by the governor's orders they would occupy the property regardless of her objection.

Schade--Clark.
Last Wednesday evening at the residence of Rev. W. T. Martin, of the M. E. Church, South, occurred the ceremony solemnizing the union of two loving hearts.

CRITTENDEN COUNTY FARMERS' INSTITUTE

Convened in Marion on August Seventh and Eighth, With Fairly Good Crowd in Attendance--Called to Order by President.

PRAYER WAS OFFERED BY THE REV. J. B. ADAMS.

The Crittenden County Farmers' Institute convened in Marion on August 7 and 8th, 1908, with a fairly good attendance. The meeting was called to order by the President, J. P. Pierce. Prayer was offered by Rev. J. B. Adams. Welcome address was delivered by Hon. J. W. Blue Mayor of Marion. Mr. Blue speech was appropriate and to the point. Mr. C. M. Hanna next made a talk on alfalfa and he brought out some points that were practical and to the point, and the people of Crittenden county should profit by his timely remarks. Mr. John A. McClure next made a very interesting talk on the acidity of the soil. Mr. McClure in his talk made it very plain that the soil should be sweet for the best results of crops and he advocates the sowing of clover and other leguminous plants and manure is very necessary for the best results. Mr. McClure talked at some length about getting a stand of clover he advocates the sowing of ground limestone for that purpose. Meeting then adjourned to meet again at 1 o'clock.

Mr. Geo. P. Rodgers next made a very interesting speech on the five points of corn culture and brought out some points as to the preparation, and selection of seed corn, cultivating gathering and marketing of the corn crop. I want to say right here if his ideas are carried out by the average farmer that their crops will improve wonderfully, for this talk was very interesting and practical.

Next came a very interesting talk by C. M. Hanna on the topic of roads, he dwelled at length on the mode and manner of how to work the roads and urged the County Judge for purchasing a road grader and made a plea for the town and country people to co-operate in the making of good roads. At the conclusion of Mr. Hanna's talk the audience was invited out to see Mr. Hanna demonstrate his mode and manner of working the public roads. The meeting then adjourned to meet again Saturday.
