This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this Set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the set FREE with each Majestic Range BOUGHT DURING DEMONSTRATION WEEK ONLY

REASONS WHY THE GREAT MAJESTIC YOU SHOULD BUY

- 1st. It has the reputation of being the best Range money can buy.
- 2nd It not only has the reputation, but is the best range made, and we will prove this to you if you will let us.
- 3rd It is constructed of Malleable iron, material you can't beat, and of Charcoal Iron--material that resists rust 300 per cent. greater than steel-, is riveted together air-tight No heat escapes or cold enters and thus uses very little fuel to do perfect work.
- 4th The reservoir alone is worth the price of the range over any other reservoir made. It boils 15 gallons of water; is heated like a tea-kettle, with pocket against left-hand lining, and is movable and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from fire.

Majestic Ranges use less fuel; heat more water--and heat it hotter; costs practically nothing for repairs; last three times as long; bake better; easier to keep clean and gives better satisfaction than any other range on the market. If you knew positively that the above statements were true, wouldn't you buy a Majestic at once? Come In During Demonstration week and we will prove it to you:
