Announcements.

We are authorized to announce JOHN L. GRAYOT as a candidate for Commonwealth Attorney of the Fourth Judicial District of Kentucky, subject to the action of the Democratic party.

We are authorized to announce JUDGE J. F. GORDON as a candidate for re-election to the office of Circuit Judge of the Fourth Judicial District of Kentucky, subject to the action of the Democratic party.

The Union County Nominee For Sheriff.

Record-Press:—Did you ever stand on the opposite side of a room and see a party on a ladder hanging pictures... We are the party across the room, the Union county editors and voters are the workmen on the ladder.

Will you let us say a few unpersonal things to you? And first, let us state that we have nothing but a friendly feeling for all concerned and do not assume to pass upon the guilt or innocence of any one, and further let us say, we fully appreciate the unwritten laws of party fealty and primary pledges, and speak in the open with full knowledge of the situation.

Firstly, as the parson would say, no political party can, for its own well-being, offered to put an unclean man into a prominent position (and when I say "unclean," I mean in reputation and have no intention of judging any man's real character.) To do so is but to drive from your standard those who count purity of life above party preference.

In the next place, no party has the moral right to compel its supporters to insult their wives and daughters and stand condemned in the eyes of decency in order to be loyal to party promises. And again, if a candidate so far forgets the moral dignity of his position as to, by drunkenness, gross profanity, adultery, fornication, theft, lying, or any other public sin against good morals,—render his reputation odious to the general public, then he and not the public should suffer for it, and no party has the moral right to use the party lash to drive clean men to

foist such a candidate into office and onto the people. If your candidate is innocent of the charges that shame public taste and dishonor the sacred relations of the family, let him, like an honest man, retire to private life and by a future rectitude of living establish his innocence—as is said of certain characters in the christians law book. "Let them tarry at Jerico until their beads be grown."

Now ancient the nomination question and the sheriff's race, permit a few feeble remarks.

Last November, the votes of Union county held a primary election and in that election gave the nomination for sheriff to a man whom we will call Mr. C. No. 1—a man who has a moral standing—indeed a respected place in a christian church. Soon after this was done this candidate went to the county seat on some business and gave his certificate of nomination to a Mr. C. No. 2, (either gave it away, or suffered it taken from him, the case is the same.) This Mr. C. No. 2, stands before the public gaze (whether innocent or guilty I do not pretend to say) as an adulterer, a confessed fornicator, a man of low and offensive habits or acts, and the question now is, must those democrats who voted in the primary for reputable Mr. C. No. 1,—and those who voted against also, in order to maintain their party fealty and escape the odious of being called "bolters," vote for disreputable Mr. C. No. 2? It does not take an astute mind nor a logical thinker to see that the personately voted for last fall for sheriff candidate is not the same you are now being lashed into voting for, for that important office.

Mr. A. married a woman supposed by all to be a virtuous young lady. After the marriage it became a matter of universal report that she was a grass-widow, characterless and a shrew, does any one say that A's marriage vows are binding? Miss B married a man who is reputed to be a clean, honorable, industrious gentleman, after marriage he is conceded by the public to be a drunken, gambling, liar and a loathsomely diseased and libertine, has she broken her vows when she goes back to her father and refuses further association with this pretender? The school directors hire to teach their children a woman who brings certificates of good character and qualifications, before the school opens she by her actions shows herself to them as unqualified in mind and impure in life, is their contract binding? The voters of a county nominate for sheriff a man whose profession stamps him as a man, a gentleman, a Christian later it develops, as they think, that he is neither a Christian, a gentleman nor decent, are those voters bound? These cases are similar.
