#### The Prayer Meeting At Fredonia.

The Baptist prayer meeting of the Ohio River association met with Fredonia Church Dec. 4, 5 and 6th.

The attendance was small but the spirit of the meeting was fine.

Pastors who were present and Evangelist R. A. Barnes reported the out look fine with most of the Churches within bonds of the association.

The talks from the brethren were very helpful and the prayers in the behalf of the progress and spirituality of the work within our midst were very earnest and sincere. Brethren R. A. Barnes, B. F. ## ROAD MEETING AT BOWLING GREEN

### Road Meeting At Bowling Green To Be The Biggest Ever Held In Kentucky.

#### Beautiful Country Home Destroyed.

John Lowery, that prince of good fellows, who lives up on the old state road near Fredonia, had the misfortune to lose his fine home by fire Monday. He was here, as was his custom, on county court day, and a phone message from Fredonia was the first he knew of it. Mrs. Lowery was at home until after dinner when she drove to Fredonia a mile and a half away, the children were at school.

The house and contents were insured for \$4,000.00 so we are informed which was about half their cost. The home was new and modern and well furnished. The only things saved of any value much was the piano and a few chairs. We have not heard what Mr. Lowery's plans are but he no doubt will rebuild in the near future.

Mrs. Lowery was, before her marriage, Miss Kate Guess of Cedar and a sister of Mrs. J. T. Alexander, of Madisonville.

#### A Cyclone And Twister Near Cave-In-Rock, Mo.

Monday afternoon at about four o'clock a regular twister descended on the old Shadrach Lowry homestead where Joe Lowry now lives, which is about five miles north of Cave-In-Rock, tearing up his dwelling, unroofing some out-buildings and demolishing or wrecking a mile and a half of telephone wire and posts. A younger son of Lowry's who is about grown was picked up and carried a quarter of a mile and according to report we received was severely hurt. This section is in the heart of the old Canadian mineral reserve where owing to the strong metallic current storms play their worst havoc. Just a mile northeast of this place is where the cyclone descended that overturned the Steamer Belmont at Henderson with a loss of all on board save two near a quarter of a century ago.—Rosiclare Centinel.

#### Former Marion Citizen Sees For \$5,000 After Face is Maltreated.

J. Frank Hays values his appearance at \$5,000. Allezing that J. E. Allcock destroyed it, Hays has filed suit in circuit court for that amount, asking redress for his many grievances. Hays states that in October, Allcock beat him up. Among other things, he cut, stabbed, bruised and maltreated him, both with a knife and with his fists; that he cut away part of his face, nose, ears, body and limbs and thereby disfigured him permanently. For this he prays for judgment in \$5,000. Where or how the fracas occurred or what caused it the action does not state.—Paducah Sun.

#### Parts of Mangled Body Found in Two States.

Evansville, Ind., Dec. 11.—Parts of the mangled remains of an unknown man were found on the tracks of the Louisville & Nashville railroad below this city today and the head was missing. One leg and a foot were found in the railroad yards at Henderson, Ky., twelve miles below here. It is thought the man was struck by a train.

## WAGONS LINED UP FOR MILES

### Tobacco Rolling Into Henderson From All Points.—Growers Receiving Record Prices

Henderson, Ky., Dec. 12.—This city put on new life today when tobacco began rolling into town from points in four counties. Long before it was light there were long strings of white covered wagons lined up at the three loose-leaf floors waiting to be unloaded. This afternoon more than 200,000 pounds of the weed sold on two of the floors and the third could not be reached on account of darkness. The prices ranged as high as \$15 for leaf, while trash went to \$8 and \$9. There are fully fifty wagons in town tonight, waiting to be unloaded, and tomorrow, for the first time, the sales will last all day, starting at 8:30 in the morning.

Owensboro, Ky., Dec. 12.—Sensational prices were paid for tobacco on the Owensboro loose leaf floors today, 558,175 pounds selling at a general average of \$10.59. Pryor leaf brought \$21.75, the highest price in the history of the tobacco industry in the Green River district. Pryor trash sold as high as \$12.75, another record. All of the trash sold around \$8.

G. O. Tuck & Co., of Louisville, announced today that they would pay \$13.00 to \$7.50 for all leaf, \$10 to \$7.50 for leaf trash, \$7.50 for all trash, a jump of \$1.00 in the past few days. The Louisville buyers recently bought the Equity pool, paying \$13 for leaf and \$7 for trash. They raised their price for the pooled and non-pooled crops.

Lexington, Ky., Dec. 12.—Tobacco sales reached 60,195 pounds at prices ranging from \$29 to \$8, or an average of \$17.60. At one house the average was \$18.74 a hundred for 104,000 pounds, which, tobacco men say, is a world's record for loose leaf Burley tobacco sales for this much tobacco. The market was noticeably stronger today than last week. Better grades of fillers showed a decided advance, as did the medium and good types of tobacco. The offerings were hardly as good as last week, despite the advanced price.

Eminence, Ky., Dec. 12.—The third sale of the local tobacco market was held today and the high prices of the opening sale were maintained. The Farmers' sold 80,000 pounds at a floor average of \$15.08; the Growers' house sold 33,000 pounds at a floor average of \$15.75.

Bowling Green, Ky., Dec. 12.—A total of 1,600,000 pounds of dark tobacco has been sold at the three loose-leaf warehouses this week, bringing an average of \$10.50. There were no sales last Saturday.

#### The Deutschland Has Returned To Her Home.

Berlin, Dec. 13.—The German commercial submarine Deutschland, completing a quiet trip home from the United States, arrived at noon Sunday off the mouth of the Weser.

The arrival of the Deutschland at a German port marks the successful completion of the second round trip of this commercial undersea boat to the United States.

The Deutschland on both of her trips brought valuable cargoes, chiefly of dyes and chemicals. On her present voyage she took a cargo estimated at \$2,000,000 in value and official mail for Germany.

#### Memorial Wanted.

Dear Editor: Will you allow me a little space in your paper to call the attention of the Sunday Schools, especially, and to the public generally to a matter that I believe should have our attention.

Several months ago, R. M. Franks, having served the Sunday Schools of this county for many years, financially and for fourteen years was Sunday School County agent; he was through all years faithful and efficient without compensation out of love for the work. There is no monument to mark his last resting place and the Sunday Schools of the County should respect and appreciate his services and direct to his grave. I suggest that we as individual members of the various Sunday Schools of the County, start a subscription for this purpose and that we contribute any amount to one dollar purpose; it will not cost very much and will be a well deserved mark of appreciation. This idea was suggested by a funeral of Brother Franks. The family has understood it was my intention to put a matter before the Sunday Schools of the County and for this perhaps no monument has been erected by the family.

We start this matter now, and to head the list with a subscription of \$1.00. Report the amount you want to contribute and I will arrange with some one in Marion to act as treasurer and hold the funds until a sufficient amount has been raised to erect the Monument. From time to time subscriptions will be reported in the Record press.

## ASKED FOR VOTERS SUPPORT

### Gene Clark Appeals To Voters For Support In Race For Sheriff.

Having heretofore made my announcement for sheriff subject to the action of the Republican voters of the county, I wish to say to them, that I was born and raised on a farm, and have worked on a farm all my life. On account of being kept busy with my crop I have not been able to see all of the voters, and want them to know that I am the farmers friend, know the hardships of farm life and how to sympathize with all laboring people.

As the time is now too short to see you all in person, please remember that no candidate will appreciate your vote and influence more than I will. While on my name as C. E. Clark, people know me as Gene Clark.

C. E. Clark.
