REFLECTIONS FROM THE MIRROR

(This Column is Edited by the Staff of The Mirror.)

As this is the first article in this column, we take pleasure in introducing the staff, Harry B. Moore, editor; Tower E. Belt, business manager; Frances Moore and Margaret Harri, historians; Hubert D. Crider and Jerry Rankins, literary; Melba Williams, Musical; James S. Henry, Jr., Athletics; and J. Willard, Daughters, cartoonist.

The object of this column is to keep the good readers of The Press informed as to the proceedings of one of the greatest things Marion High School has ever done. This column is to appear each week until further notice under the headline, "Reflections from The Mirror."

In order that you may be more thoroughly acquainted with The Mirror we will give below a description of it.

The Mirror is the name that has been aptly chosen by the staff for the Combined History of Marion High School Directory of the Alumni and an Annual of the Class of 1920.

One of the Alumni or some other person is going to write the history of the high school from its organization in 1896 to the present day. It will not deal so much in any one particular branch of the school history but will be a general account. A complete history of the orchestra, or which we are so proud, the history of the athletic teams, which have all won renown, the history of the "Glee Club," which caused so much excitement all over this end of Kentucky, and the history of the Manthorpean and girls' literary societies, which have been and still are doing their part in training speakers and leaders for the future, will all be published in separate sections of the history.

Class of 1917.  
"The First Class."  
Mr. Jas. L. Smith entered Phillip University after graduating from Marion High School and received the A. B. degree in 1917. In 1918 he married Miss Cora Beahly, of St. Johns, Ky. Mr. Smith is now in the retail dry goods business in Repton, Ky.

This is an illustration of the method we are using in publishing the directory. It speaks for itself and needs no further comment.

Our Class Annual will be similar to other such books.

The book will contain about 200 pages, will be printed on "White Enamelled Stock" with blue tint border. The cover will be black with the lettering in gold and the book will be bound in blue and white silk cords.

The price is \$2.50 for the cash in advance, or \$2.75 for one copy to be shipped and sight draft mailed later.

Address all communications to The Mirror, Box 423, Marion, Ky.

The following alumni have mailed their \$2.50 for a copy of The Mirror. We wish to thank them, and are very sorry that we are unable to thank all of them:

W. H. Rochester, J. S. Kevill, M. U. Condit, Mary D. Christian, E. Florine Jarrod, Virginia Blue, Gladys Hardy Moore, Dr. J. E. Chippis, Frances Blue, Beque, Wilma Wright, V. Y. Moore, Mrs. T. H. Carter, H. L. Babb, Wm. Moore, P. D. Maxwell, Dorothy Dean, Galen Dixon, R. Ruth Hill, Ruby Asner, W. J. Foster, Nannie Miller, C. W. Haynes, Era Debo, A. F. Crider.

Each week hereafter we will publish news of the alumni of Marion High School, news of The Mirror in its publication, good jokes and things to make you think. Also we will answer any questions in regard to The Mirror or any school item that is connected with The Mirror. If you have anything to ask, send it to The Mirror, Box 423, Marion, Ky.

Equalizing Salaries.

A Kentucky Woman Rundown-Nervous-Weak  
Newport, Ky.—"I most heartily recommend Dr. Pierce's remedies for they have surely been of great benefit to me. Several years ago I was run-down and nervous with congestion and a catarrhal condition. Dr. Pierce's Favorite Prescription, and Lo-tion Tablets cured me all my weakness and restored me to perfect health and strength. From that time to this I have had no feminine trouble of any description so feel assured that mine was a permanent cure."—MRS. AMANDA E. GEISLER, 913 Columbia St.

Another Testimony  
Louisville, Ky.—"Dr. Pierce's Favorite Prescription is the very best medicine a woman can take. I suffered for some time with organic weakness and at times I suffered so that I would be compelled to give up and go to bed; my back ached and pains would extend down into my limbs. I would become stiff and numb and was hysterical at times. I was so miserable and nothing seemed to help me until I began taking the 'Favorite Prescription' and this medicine so completely cured me that I have never had the least trouble since. I can recommend it to be the best medicine I have ever taken for the ailments of women."—MRS. E. CASHMAN, 826 Franklin St.

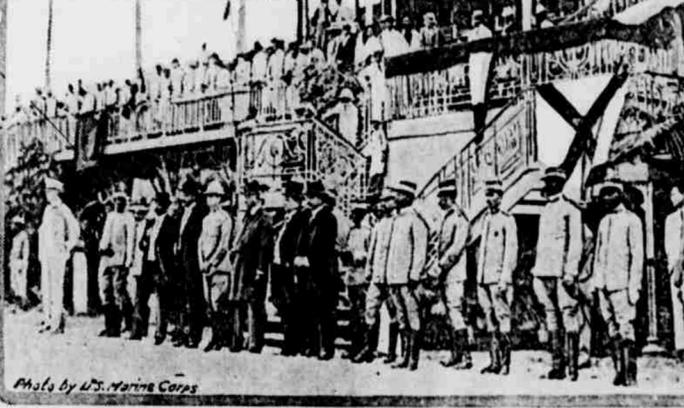

FOR YOUNG MOTHERS  
Louisville, Ky.—"I can never thank Dr. Pierce enough for what his medicine has done for me. I had nursing sore mouth and was so weak I could hardly walk. My baby also suffered. I got medicine from our family physician but it did me no good. I grew worse instead of better, so almost in despair I began taking Dr. Pierce's Golden Medical Discovery and before I had taken half a bottle I felt like a different woman and when I had finished taking that bottle I was almost well. I believe I would have been in my grave had not been for this medicine."—MRS. EMMA PEAK, R. 1, A., Box 214.

Children Given Lessons in Law.

A remarkable educational establishment is the school for Judges in Paris. Here mock trials are held by pupils under the supervision of able attorneys. The whole procedure, from the issuing of a warrant for arrest to the summing up and the jury's verdict, is carried through in a businesslike manner.

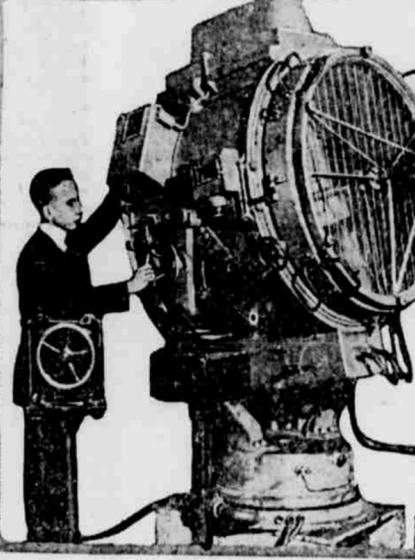

Difference of Opinion.

"What did you think of the senator's speech?" asked the low browed citizen. "I thought it was rather tautologous," replied the high browed person. "Well, if it taught you anything, that's more than it did for me."—Birmingham Age-Herald.

MEMORANDUM BY PEACE COUNCIL  
STATEMENT ISSUED BY SUPREME COUNCIL DEALS WITH MANY PROBLEMS.  
REDUCTION OF ARMAMENTS  
Peace and Normal Economic Relations Should Be Re-established at Earliest Possible Moment in Eastern Europe.

London.—The supreme council has issued a memorandum on world economic conditions. Its conclusions are as follows:  
First—It is of paramount importance that peace conditions should be fully and completely restored at the earliest possible moment throughout the world. To achieve this object it is desirable (first) that peace and normal economic relations should be re-established at the earliest moment possible throughout Eastern Europe, (second) that armies everywhere should be reduced to a peace footing that armaments should be limited to the lowest possible figure compatible with national security and that the league of nations should be invited to consider as soon as possible proposals to this end; (third) that states which have been created or enlarged as a result of the war should immediately re-establish full and friendly cooperation and arrange for unrestricted interchange of commodities in order that the essential unity of European economic life may not be impaired by the erection of artificial economic barriers.  
Second—Not only the government of each country, but all those engaged in the task of production in every land should give immediate attention to the execution of all measures which will contribute to the full resumption of peaceful industry, to the encouragement of a better output on the part of the workers in every country, to the improvement of machinery and means of transportation and the removal of such disturbing factors as profiteering.  
Third—Each government should immediately consider means for urging upon its nationals in every rank of life the vital necessity of suppressing extravagance and reducing expenditure, so as to bridge the gap which must for some years exist between the demand for and the supply of essential commodities.  
Fourth—It is essential that early steps be taken to secure the deflation of credit and currency (first) by the reduction of recurrent government expenditure within the limits of the revenue; (second) by the imposition of such additional taxation as is necessary to secure this result; (third) by the funding of short term obligations by means of loans subscribed out of the people's savings; (fourth) by the immediate limitation and gradual curtailment of note circulation.  
Other sections of the statement refer to provisions for raw material cooperation, devastated regions, proposals as to Germany, etc.
