The Masons of Columbia are looking forward to an interesting time, beginning Monday, the 19th of this month. Columbia Chapter, No. 7 R. A. M., is to be reorganized and the degrees will be conferred upon fifteen or twenty Master Masons. The work will be done by the Grand High Priest of Kentucky, assisted by a number of companions, members of the Lebanon Chapter.

Master Masons who are in good standing and desire to take the degrees will never have a better opportunity to receive them. Mr. James Garnett, Jr., has the paper, and those who have not signed and desire to do so, are requested to call at his office or notify him by letter. It is hoped that Master Masons from Jamestown, Gradyville and other points will come into the new organization.

The Christian church was crowded to overflowing Sunday night, it being Eld. Z. T. Williams' last appointment before starting to Palestine. He spoke from the 47 chapter and 9th verse of Genesis, drawing a picture from the life and character of Jacob. While Mr. Williams was in a sad mood—leaving family and friends—starting on a long journey, his sermon was interesting and close attention was given throughout the discourse. At the close of the sermon many persons went forward and bade him good bye. We trust that he may have calm sailing and a safe return home.

The friends of Mr. W. H. Hudson, who has been confined to his home with rheumatism for several weeks, was glad to see him out last Monday. He has been active in trading circles for many years, and can tell the weight of a steer at a glance, and the value of a horse. He informed a News man that he was improving rapidly, and hoped to be himself again in a few days. He indorses the course of the Democrats at Frankfort, and will be ready and entirely willing to vote for the party's candidate for Governor if matters not who he may be.

Rev. W. H. Foley, who lives in Monrocity, Mo., was in Columbia last Friday night enroute to his home. Mr. Breeding is in poor health, and concludes that another climate will be beneficial to him.

A representative of the News was in Louisville last week and was agreeably surprised to find our friend and countyman, Mr. S. C. Neat, doing business in The Big Store. Mr. Neat is a fine salesman, straight in business affairs, and is proving his worth to his employers. We doubt if a better salesman can be found in the immense establishments. If you go to Louisville call and see Mr. Neat, salesman No. 17 first floor.

There is some talk of building a pike from Gradyville to Columbia. The move has been started by the Gradyville people, and from the way a gentleman expressed himself in this city a few days ago, they are certainly in earnest. There is no reason why this piece of road should not be built, and we believe this town, and the people all along the line, will lend helping hands.

Mr. J. W. Starnes, who is representing the Knoxville Nursery Co., in this county is having a fine trade, and we can cheerfully recommend both Mr. Starnes and the Nursery as being correct. Adair county should have more fruit and there is no better nursery to buy from. A new cottage is to be built by the Columbia Mill Company, containing five rooms with porches. Mr. Gordon Montgomery will also build a residence, two-story front and an ell, near the dwelling of Mr. Z. M. Staples. The contracts for both of these buildings were awarded to Messrs. Peese, Patterson and McFarland.

There is no "let up" in the stove business in this county. There has not been so many received here at town for the last few weeks, on account of the bad condition of the roads, but hands are in the woods getting out timber. Classifying and edging still goes on in the yard here, and a busy time this spring and summer is anticipated.

Rev. T. F. Walton's subscription for the Presbyterian Parsonage has reached \$36.50. He will turn over the subscription Sunday to a building committee. There are other subscriptions yet to receive which will materially change the amount given above. Persons who have subscribed this money are requested to have their donations ready when the collector calls.
