A farmer who lives on Green river informs us that a small green worm is doing great damage to apple-trees in his locality. They are found in the foliage, eating the leaves and cutting the twigs upon which are the young apples. We will on Monday June the 4th 1900, move the Judge of the Adair county court to so change the boundary of Harmony and East Columbia voting precincts as to include us in the East Columbia voting precinct. C. M. and J. F. MEDAHLIS. Mrs. J. W. Butler, who is President of the Ladies' Goebel Monument Fund of Adair county, has in her possession seventy-five dollars which will be forwarded to headquarters in a few days. This amount was raised by small donations from each giver, and nearly all the Democrats who could be reached contributing something. To Mrs. Butler and her lady assistants is the credit due for collecting the above named sum of money.

Bull Duck Miller, of color, who shot at George Milam, two months ago, was indicted and tried at the present term of court. The charge was shooting with intent to kill. He pleaded guilty and the jury gave him one year in the penitentiary. Miss Lula Allen, a worthy and popular young lady of this place, has been awarded the best paying school in Cumberland county. We commend her to the citizens of the district, in which she will teach, as a lady of excellent character and standing. For Sale—My home place containing 22 acres, good dwelling, out-buildings, etc. It is in the vicinity of Cane Valley. Also 50 acres of land one and a half miles east of Cane Valley. C. DONOHAY, Cane Valley, Ky. The grand jury was only in session one week, and did but little business. Only twenty or twenty-five indictments were returned, and they are for minor offenses. Members of the grand jury say there was much work that could have been done, but it was impossible to get witnesses before the body. There will be preaching at the following places next Sunday:—E. W. Barnett, Milltown; J. S. Kilgore, this city; W. S. Dudgeon, Jerico; Lawrence Williams, this city; T. L. Hulse, Pickett's Chapel; W. H. C. Sandidge, Union; T. F. Walton, Ebenezer; H. T. Jesse, White Oak; J. T. Hall, Palestine; W. S. Dunford, Cane Valley. Bird Winfrey, who was a son of Judge J. G. Winfrey, Evansville, Ind., died one day last week. He was about twenty years old, and was a victim of pneumonia. He served in the Spanish-American war and returned from the army a hale and hearty man. The father of the deceased was reared principally in Columbia. The Gypsies have swapped a great many fortunes for "old clothes" since they have been in the vicinity of Columbia, and if everything takes place hereabouts that they have predicted, there are going to be some wonderful changes. If they have told the truth there will be eighty-three weddings in Columbia in the next few weeks. Rev. D. McDonald, of Danville, delivered an able and forcible discourse at the Presbyterian church in this city last Wednesday evening. Mr. McDonald is a very scholarly gentleman, but in preaching his points are presented in language that little children can understand, making his sermons the more valuable. At the entertainment last Friday evening we occupied a seat on the back bench. We were there to listen. To our right there were several people who do not live in Columbia. They were there for music. Imagine their disappointment when the teacher failed to have played "The Devil's Dream" and "Fisher's Hornpipe" Mr. Oscar Pile, who is now in his 81st year, called at the News office Saturday, renewed his subscription and ordered the paper sent to his daughter in the west. Mr. Pile has recently recovered from a spell of sickness, and looks remarkably well for one of his age. He does not use glasses, his eyesight being perfectly clear. A serious difficulty occurred at Pellyton last Saturday afternoon. It is reported at this office that Otha Pelly and Luther Maupin were paying their respects to the same young lady. They met and a fight ensued, resulting in Maupin getting seriously stabbed. The young lady is walking about as well and hearty as she ever was. Since making a notice that Dr. McDonald will be in Columbia in the interest of the M. & F. High School as appears elsewhere in this issue we have learned that he and Dr. Roberts, President of Center College, will be here Wednesday, June 20th, and will hold a public meeting in the courthouse on that day at 2 p. m. Everybody interested in the advancement of the community are requested to be present. There were sixty-six applicants to teach common schools in Adair county, certificates distributed as follows: First-class, 6; second-class, 33; third-class, 14. Failures, 18. Those receiving first-class are Misses Maranda Williams, Minnie Kemp, Mattie Hancock, Ella Bow and Mrs. Rose Price. Mr. C. R. Warriner, who has been conducting a general store in Columbia for more than a year, assigned to Mr. Jo Hill last Friday. Seemingly Mr. Warriner was doing a good business, and to some people his failure was in the nature of a surprise. We have not learned the amount of his indebtedness neither do we know the amount of his assets. We have been told that about one-half of his indebtedness is local, the other half in Louisville. There is a disposition on the part of many people in Adair and adjoining counties to attend a fair at the Russell Springs this summer. It is a fine health resort and the people, both sick and well want an outing. We have been authorized to state that the fair is a certainty, and will be held some time in August. The directors met Monday and probably by our next issue we will be in possession of the exact date. There will not be so many fairs this year, hence the one at the Russell Springs will be a drawing card.

Death of Judge John Crisp. Last Thursday the citizens of Russell county were shocked upon learning of the death of Judge John Crisp, which occurred at his late residence in Jamestown. For several weeks the deceased had been in feeble health, and when his condition became critical every body hoped for the best, believing that a life which had been spent in usefulness, would be spared. But the Death Angel came, and the spirit of an honorable and popular man took its flight. The deceased was President of the Bank at Jamestown, had been County Judge, and had filled other positions of trust. He was about 60 years old and leaves a considerable estate accumulated by industry and prudence. The deceased leaves a wife and several children, who are almost heart broken. His surviving friends are numerous and realize that Russell county has sustained an irreparable loss. Married. Last Thursday evening at the residence of Mr. Henry N. Smythe, who lives in the suburbs of Columbia, Mr. J. J. Biggs and Miss Mary T. Smythe were united in marriage. The ceremony which was very solemn and impressive, was rendered by Rev. E. W. Barnett, pastor of the bride. Only the family and a few intimate friends were present. While the date of this marriage was kept very quiet, the announcement of its solemnization was not in the nature of a surprise, as the couple have been lovers for a number of years. The groom is one of Adair county's best citizens, and at present is engaged in the revenue service. The bride is a very estimable young woman and for quite a while has been a popular teacher in the county. We understand the couple will reside upon the groom's farm, near Cane Valley. We trust that the remainder of their lives may be spent in unbroken happiness. Dr. McDonald, of the Presbyterian church, was in Columbia last week in the interest of the M. & F. High School at this place. Dr. McDonald, together with others of this church, who are interested in educational work will return to Columbia in a few days and will submit a proposition to the people of this section in regard to endorsing the school here to such an extent as will place it on a sure and safe foundation and guarantee us one of the best schools in Southern Kentucky. Those who are acquainted with Dr. McDonald's intentions are of the opinion that he will not ask more than \$3,500 as a contribution from this section, and that this amount will be spent in enlarging the grounds and improving the college buildings. It is to be hoped that the people of this town and community will not lightly consider the proposition that will soon be presented by our Presbyterian brethren. We need the school and the small amount of money that will be required at our hands is but a trifle compared to the real worth of the school. Due notice of the meeting will be given in the News. Mr. J. S. Royle will attempt to induce a number of the best farmers in this section to unite in buying a clover-huller. The machine will only cost about \$400 or probably it can be bought for \$300. Mr. Royle proposes that thirty or forty of our best farmers make up the amount by each putting in \$10. This seems to us a practical move, a move in the right direction and one that would result in much good to the stockholders and the country in general. With a good huller in this section hundreds of dollars would be kept at home which are sent out every spring for clover and millet seed. It would stimulate the interest in growing clover, etc., and in a short while our farmers would be sellers rather than buyers. We trust that the best farmers will see the importance of such an action and assist Mr. Royle in making it a go. Mr. James Page kept 7 stacks of clover for a number of years waiting for a huller, but by and by the clover rotted and later on the stock poles went to dust, and no huller ever came—he favors a huller. Our readers will remember that during the month of January, in this year, the News published a story entitled "A Kentucky Romance." It was founded upon the birth of a child in Adair county, which occurred many years ago. For the bulk of the story the writer drew upon his imagination. Last Saturday afternoon the original "Walter Sharp," one of the characters named in the story, called at this office. He states that his name is Heck O. Sharp, and from the best information he can get his mother, whom he has not seen since he was a baby, and does not remember, lives in Mercer county, and belongs to a wealthy family. He states that from the best information at his hand his mother is now married, and that her maiden name was Vastine Clauch. The name of her husband he never learned. He would like very much to see his mother, and this notice is written with the hope that it may lead to her whereabouts. Mr. Sharp is married and lives upon his own farm in Taylor county. His address is White Wood, Green county, Ky. Mr. Jo Meador, the oldest son of Mr. John C. Meador, who died in Columbia nearly four years ago, is winning laurels wherever he goes. He is a natural orator and a fine scholar, and has been awarded several medals won in contests. Since the death of his father, Jo has been living in Somerset, the native home of his mother. This week he will engage in an oratorical contest at Winchester. People of Columbia who have been watching the rise of this bright boy, are looking with interest for the result.

New Goods. We are now receiving our second purchase of Spring and Summer Goods. They were bought from manufacturers and jobbers, anxious to close out their stock at small figures for cash. We got bargains and we now propose to give them to our customers. We now have the most complete stock of white goods and thin wash fabrics ever shown in Columbia—any thing you want in dress goods or ladies' furnishing goods at prices that will satisfy you; summer clothing and furnishing goods of all kinds for men and boys. We are too busy selling goods to undertake to write up a "big windy" advertisement; exaggerations in advertising may attract passing attention, but we're not looking for permanent customers. You may find our prices elsewhere, but not our qualities; you may find our competitors, but save your money until you reach our store. We buy all kinds produce. Come and see us. RUSSELL & MURRELL. A young man from Russell county reached Columbia about two weeks ago and stopped at the Conover Hotel. He remained a day or two, hired a horse and buggy from Feed Hancock and left, to be gone a very short time. The horse and buggy were delivered to Mr. Hancock last Saturday afternoon by Mr. A. A. Strange, who was requested to get them from a livery in Campbellsville. Mr. Hancock lost the use of his outfit for ten days and also paid a livery bill to get it. The young man's hotel bill is also unpaid. The father of this young man is a good citizen, and doubtless the conduct of his son is very mortifying to him. The livery bill here is eighteen dollars; we do not know the amount of the young man's indebtedness at the hotel. Such conduct is very reprehensible, but it is hoped that the young man will see the error of his way and become a better man. They Are Very Pleasant. Smokers attention. He has come at last. The Never Down, Log Run and Keystone cigar. Its made of cabbage leaves and rotten stock, bad flavor. If you don't believe it, try one and you will like it. Ask your merchant for it. Manufactured by S. L. Howman, Somerset, Ky. Judge Wm. E. Russell, who was born and reared in this city, is lying in a critical condition at his home in Lebanon. Judge Russell removed to Lebanon in 1866, and at that time he was an active lawyer at the Columbia bar. For many years he was one of the leading lawyers of Lebanon, serving six years as circuit Judge since he has been a citizen of Marion county. He is now seventy-odd years old, and has not attempted to practice his profession for quite a while. A Warning. Pain or soreness in the back must never be slighted Kidney diseases creep on us with only that one warning. Delay is folly when by timely use of Morley's Liver and Kidney Cordial, the great system renovator, all danger can be avoided. This remedy is a positive cure for Kidney and Urinary Troubles. Sold by W. M. Bell, Joppa, Ky. Mr. Creed Watson, who was born and reared in Adair county, but who has been in Colorado for the past 38 years, returned to the county of his nativity last week. He is now seventy-odd years old, somewhat broken in health, and will not again return to the far west. In thirty-eight years there have been many changes in Adair county. Old buildings have passed away and new ones taken their place. Many familiar figures in the earlier days of Mr. Watson have gone to meet their reward, yet strange to say he readily recognized some of his old schoolmates and in return was recognized by them. To appreciate a first-class musical entertainment a person must have some knowledge of music, and those who are up in the art pronounce the selections rendered by Miss Mattie Taylor, last, strictly scientific. We take it that it was the object of the instructor to not only entertain the many present, but to show the advancement of her pupils, and how well she succeeded all who attended court. The music was of the highest character, but given to the audience without "flaw or blemish." Miss Taylor certainly feels proud of her pupils, the pupils evidently are in love with their teacher, and parents should be congratulated upon the aptness of their offspring.

Cash McGuire, of color, who some years ago, conducted a barber-shop in Columbia, is in the Elizabethtown jail charged with grand larceny. He stole a razor valued at five dollars and some money from Mr. M. H. Williams, a Hardin county man, and fled to Louisville where he was arrested by the police and turned over to the proper authorities. During McGuire's stay in Columbia he married the daughter of a respectable colored man, living a few miles from town, beat his father-in-law out of a hundred or more dollars, and left. At the time of his marriage here it was said he had a living wife in Louisville. Miss Rey and Master Earl McGarvey grandchildren of Dr. U. L. Taylor—here with their mother—from Lexington, are scientific musicians, and in our judgment no two persons in the State of their respective ages, 14 and 12, can excel them. Miss Rey's favorite instrument is the violin, and she plays the most difficult selections before large audiences so gracefully and so perfectly that her hearers are amazed at her wonderful skill. Her brother, Earl is a cornet player, and can discount many professional band teachers. He brings the notes out softly and accurately with perfect ease to himself. The parents of these children can not help being proud of their talent. A series of meetings commenced at the Baptist church in this city last Monday night. The pastor is assisted by State Evangelist Dew, a very able divine, and one who has been meeting with success at other points. He has just closed a series of sermons at Greensburg, where by his convincing logic, presented in its simplicity, many souls were converted unto God. All denominations are religiously requested to co-operate in this meeting, praying that the wicked may flee from the wrath to come. In a revival song service adds much to the success of the meeting, and the choir has prepared a number of special selections for these series of sermons. To Cure La Grippe In Two Days. Take Laxative Bromo Quinine Tablets. All druggist refund the money if it fails to cure. E. W. Grove's signature on every box. 25 cents. GRADYVILLE. Messrs. Charles Yates and R. L. Caldwell are confined to their rooms with lagrippe. Rev. E. W. Barnett filled his regular appointment here last Saturday and Sunday. W. L. Grady spent last Sunday at Sulphur Well. Mr. J. A. Wheeler and wife attended church at East Fork last Sunday. Mr. G. T. Flowers was at Breeding last Saturday having his saw repaired. Mr. Strong Hill was at Edmonton last Saturday. Mr. Waller Johnston, Columbia, was on our streets last week soliciting orders from our young men. Miss Lula Allen, Columbia, was the guest of Mrs. J. J. Hunter last week. Mrs. J. A. Wilmore spent Saturday and Sunday visiting relatives in our city. Mr. Lum Flowers and children, of Greensburg, spent a day or so last week visiting relatives in our city. W. C. Yates and Strong Hill were in Glasgow last week. While there Mr. Hill purchased 1500 pounds of mixed castings, (principally cane mills.) Mrs. Sam Lewis and children passed through here last week en route for their home at Columbia. Mr. and Mrs. John Q. Alexander, of Campbellsville, were the guests of the Wilmore Hotel last week. Mr. Joe H. Caldwell and family, of Portland, spent Saturday and Sunday visiting his brother at this place. Uncle James O. Nelson, who is in his 90th year of age passed through our place one day last week on a visit to his son, James Nelson, of Bliss. Uncle Jimmie is in very good health and expressed himself as being pleased with the way our State affairs were settled. Misses Josie Dillon and Lyda Simpson, two of Breeding's charming young ladies, spent a few days of last week in our city visiting friends. Mrs. C. C. Yates has been confined to her bed for the past week and is in a very critical condition. Smith & Nell bought last week in Clinton county, 52 head of cattle and 125 head of sheep; and the same firm sold to W. W. Lyons, of Hustonville, a head of cattle for \$210. Sold to Gains & Tandy of Campbellsville, 20 head of cattle for \$628.00; also to Hardesty & Bridgwater, of Lebanon, 14 head of cattle and 70 sheep for \$625. A son of Mrs. R. P. Dooley, Sparksville, while firing a gun last Saturday, received a serious wound by the breech pin of his gun blowing out and taking effect in his head. Dr. L. D. Nell was summoned and dressed the wound, and informed us that the young man was doing very well and would recover. Our school closed last Friday, and it is useless for us to eulogize our teacher for it is unanimously known in this section of country that Prof. G. P. Dillon is one of the best instructors, and controls his pupils with less trouble than any teacher we have ever had to teach for us. The exercises at night were extremely good considering the time spent preparing for the entertainment. The music rendered by the young ladies was fine, and the recitations were all good.
