LOCAL JOTTINGS.

We will meet you at the Fair. After the Fair the roads will be worked. Bring an extra dollar with you when you come to the Fair and call on the News. A correspondent to a Louisville afternoon paper says the oil district in Wayne county is as good as a gold mine any day. People over 70 years old who desire to attend the Columbia Fair should call on or write C. S. Harris, who is ready to issue passes. If you want to invest some money in the Columbia Oil Co., call on or write Wm. F. Jeffries or any member of the company in this town. Now is the time to place all orders for monuments and tombstones wanted between now and Christmas. Delay no longer, but call on us at our shop, or write us a card and we will call on you. If you want work done this Fall let us have your order at once, so we can get it cut by the time you want it. Coakley & Sims Bros., Marble Works, Campbellsville, Ky.

Come and see the Automobile.

An Automobile will be exhibited during our Fair. There will be a basket singing at Stapp's Spring the 3rd Sunday. The automobile will make some fast time on the track next week at our Fair. Born to the wife of F. M. Montgomery, Tuesday, the 6th day of August, a son. Bring a few extra dimes with you to the Fair for you will want to ride on the automobile. In the land drawing at El Reno, Oklahoma, William Cochran, of Liberty, Ky., held a lucky number. The inclinations point to a large display of fine horses at our Fair. Already several stables have been engaged. J. W. Jackman has a new 'ad' this week. If you need any thing in his line he can please you to the stith. The attention of our readers is called to the 'ad' of the M. & F. High School published in another column. Season tickets for the Fair for sale until Tuesday forenoon at M. Craven's drug store. New paling fence greatly improves the appearance of Mr. N. B. Miller's property, occupied by Mr. E. G. Atkins. Death has again visited the family of Mr. Solomon McFarland removing his youngest child, made motherless two months ago. Mrs. Ann Eubank entertained Mrs. Jo Russell, Mrs. Rollin Hurt, Mrs. C. M. Russell and Miss Gertrude Grady at dinner last Wednesday. Columbia is in better shape to entertain a large crowd than at any other time in all the past. Come to the Fair there's room for thousands. Arrangements have been made with an Automobile Company who will exhibit one of their horseless carriages on the grounds during the Fair. Dr. J. H. Burnett, of Glasgow, who preached so entertainingly at the Baptist church last Sunday night, will preach in the same house this (Tuesday) night. Miss Sallie Montgomery is teaching a class in music at Gradyville. She spends two days in week at the above named point and teaches the remainder of each week in Columbia. Mrs. Collins, a widow lady who lived near Montpelier, died a few days ago in the 79th year of her age. Mr. Zack Collins, who was her husband died a number of years ago. J. Ralph Barg, Cincinnati Optician, will be in Columbia Aug. 19 to 25. Eyes examined and glasses fitted. Charges reasonable. Consultation and examination free. Office at Hancock Hotel. Parties in Columbia or vicinity desiring their pianos and organs tuned will please leave word with Mrs. Rollin Hurt, who will have me notified, and the work will be done at once. FRED M. SCHEIDLER. Rev. Atkins, of Burkesville, preached an interesting sermon at the Baptist church Tuesday night of last week. A large congregation heard him. Mr. Atkins is a young man of ability and has a bright prospect before him. The Columbia Fair was divorced from the drouth Monday morning and next Tuesday she will be dressed in her best—the best and most charming grass widow in all the land. Come and see her and you will never forget the gait she goes. We were visited by a soaking rain last Monday morning, thoroughly wetting the ground all over the county. Late corn will be greatly benefited, meadows, etc. It is now said the corn crop of this county will be up to the average. Mr. C. M. and John Medaris, of this county, who are prosperous farmers and traders, are making preparations to go to Oklahoma to locate. They are excellent citizens and would be greatly missed from the neighborhood where they were born and reared. Columbia hotel keepers are now ready for the Fair. They have large commodious buildings, but anticipating an unusually large number of guests, rooms outside of the main buildings have been fitted, and every body will be given quarters. Just after the Fair the Conclave, then comes the Russell Springs Fair Sept. 3rd, and when you have seen that match game of base-ball between Adair and Russell county boys at the close of their Fair, then comes the rough and rigid ways of life again. All persons owing me taxes for the years 1898, 1899 and 1900 must call and pay at once if they want to save cost. I must collect these back taxes. The taxes for 1901 are now due. Call upon me or my deputies and make payment. J. W. HURT, SHERIFF. Already visitors are arriving and by Saturday night Columbia will be thronged with handsome young ladies and gallant gentlemen—here for the purpose of taking in our Fair beginning next Tuesday. The young people of this city will do every thing in their power to make the visitors feel at home.

M. & F. High School.

We take pleasure in announcing to the readers of the News, that the M. & F. High School is now enrolling for a successful career and that the people of this section will soon have, in this old institution, as good facilities for an Academic education as any part of the entire country. Mushrooms may spring up in a night and perish in a day but the deep laid plans and the strong financial backing that this institution of learning has recently beired, will bring an abundant harvest of good results as it grows older. About one year ago the people of this community subscribed fully \$1700 for the purpose of improvements and beautifying the grounds, and at the same time the Missionary Board of New York, agreed to appropriate, annually, \$500 to pay, or help pay the Principal's salary. This appropriation is to be perpetual and is equivalent to a \$10,000 endowment fund. Prof. Granger, of Mo., an experienced teacher—a gentleman of high education and untarnished honor, has been selected as principal and is now at his post of duty working for the interest of this school. Work on the grounds and building will soon be completed and everything will be inviting. Those who have doubted the intention and good faith of the Presbyterian Board in regard to the building of this school, should now dismiss every fear, pay off their pledges and go to work for the school. Its ago and the young people of this section should patronize this school rather than go to distant places at a heavier expense and receive no better advantages. See 'ad' in another column.

S.lected.

"Am I my brother's keeper?" That question is in some way applicable to every one. When we have friends that are gliding along the glass railroad to destruction, are we not going say one word to arrest them in their heedless way? Are we going to let them dash into eternity without having by word or deed attempted to stem their mad career, Young man, if you are indulging in those things that are detrimental to you,—ahoy! Beware! The rapids are below you. For your own interest, if not for the love of a good mother, wife or friends call a halt. Young ladies, make your lives exemplary, and that will do more than all the exhortations, to lead others to a higher and better life.

Shall we hope to ever see the day when the country will be rid of grumblers? We find them on every hand, in times of prosperity and in times of adversity. They are continually looking for the flaws; they are always "down," never "up;" all bad luck, no good. They wear grayed faces, wreathed in graveyard smiles. They have an ear for the news of every failure, whether of a Wall Street broker or of a hayseed farmer. They are always feeling bad, or going to, unless an unforeseen Providence interposes. Their friends have all turned traitors, things all go wrong, and life is not worth a cent. Dear grumblers, the fault is mostly in you. The sun shines for all, and the world is open to those who seek, and strive from all within. Cultivate the habit of seeing every thing at its best, and appearing so, and you will be transformed into a healthy, cogent person.

For Mr. L. C. Cabbell.

Mr. L. C. Cabbell will please state whether he wishes to deny all three of my propositions or not. If he wishes to deny the first and third only, or the third only, please let him so state. The second proposition needs no discussion, for any one who believes his Bible, can read the proof in Habakkuk 2:15. I put it in to emphasize the first. I will meet him on the first and third propositions, at the court-house in Columbia at 2 o'clock on the first Monday in September, and we can have an evening session at the same place, beginning at 7 or 7:30 P. M. I will select Z. T. Williams for my moderator. Mr. Cabbell may select a man, and these two may select a third. These are to preside, keep order and call the time. I propose that the debaters alternate with half hour speeches till each proposition is sufficiently discussed. Mr. Cabbell will please state what propositions he wishes to deny, whether all or not, and make any further suggestions he may see fit. The Prohibition nominating convention will meet at the court-house at 1 o'clock P. M. and will finish its work by 2 o'clock, when the debate will begin. TOBIAS HUFFAKER.

The Bear Brands are not surpassed in quality for undersold in price. Good grade wheat grows from \$1.00 to \$1.25. Art. Hurt Columbia and Cray Craft. Oct. 14. Dr. Jackson will be at the Russell Springs Hotel, Russell Springs, Ky., during the Summer season—July and August. Persons desiring to try the new method of healing should avail themselves of the opportunity while on their summer vacation. Good hotel accommodations can be obtained at reasonable rates. At a meeting of the Directors of the Columbia Oil Co., held in its office last Friday in Columbia, Ky., it was unanimously agreed to sell \$4,000 of its capital stock, for the purpose of developing its property in Wayne county. Originally \$2,950 of the stock was placed on the market, and while the larger part of this has been sold and the demand increasing, the directors have done as above mentioned. This will be much better for those who have invested and will give others a chance.

Last Thursday night the manuscript for the Russell Springs Fair was received at this office, and the work of putting it in type was commenced Friday morning at 8 o'clock. Saturday evening at 8 o'clock all the printing was completed—twelve pages—in two days. In the meantime the other business of the office was not neglected. When you take into consideration that setting up a fair catalogue is slow business, do you know any other office that is trutting out work at a faster gait?

Prof. J. H. Burnett, President of Liberty College, Glasgow, preached an able and interesting sermon at the Baptist church, in this city, last Sunday night. His theme was the life and character of Paul and it was presented so eloquently and plainly that every body in the large congregation was sorry when the end was reached. Our people were perfectly delighted with Mr. Burnett and will give him a good hearing at any time he will make an appointment for Columbia.

A dispatch received here one day last week from St. Paul, Minn., stated that Mr. Henry C. Read, who was born and reared in Columbia, had been stricken with paralysis and was in a critical condition. Mr. Read resides at Ft. Smith, Ark., and was visiting his mother, who submitted to an operation for cancer, in St. Paul, two weeks ago. Mr. Read is an excellent gentleman and his old friends here will be glad to learn of any improvement in his condition. His mother, Mrs. Ada Read, whose right leg was amputated is getting along nicely.

It is not right to advocate trafficking in whisky in any way, but if it is to be sold and drunk what is best for the young men of the county and the town of Columbia, open saloons or the way we have it? It is said that within the last twelve months one man has delivered in Adair county, in jugs, over \$4,000 worth of whisky, the most of it being expressed to this place. Add to this sum the amounts sold by other parties and you have at least \$10,000. Take the present and the days of open saloons and compare them, and you will find drunkenness now much greater than in the past. This paper is against liquor to be sold in any way, the only object in sending out this item is to let people see the way things are drifting.

The Nashville Banner pays this tribute to an industry that brings thousands of dollars to Adair county annually: "We have read of Maud on a summer day, who barefooted, raked the new mown hay; we have heard of the maid in early morn who milked the cow with the crumpled horn, and we have heard the lay the poetising of the rustling corn and the flowers of spring; but of all the lay of tongue or pen there is naught like the lay of the American hen. Long, long before Maud rakes her hay, the American hen has begun to lay; and ere the milkmaid stiffs a peg, the hen is up and has dropped her egg; the corn must hustle and the birds of spring, if they hold their own with the barnyard fink. Long live the American hen. May her comb grow red as the rose in May as the eggs roll the mortgage from the farm away."

Pennsylvania oil men are leasing in Green county.

There is no telling, corn may yet overtake itself.

A gray horse belonging to Henry Fuiks died Sunday night.

Rev. W. ... will preach at the Baptist church next Sunday and Sunday night.

Remember that the Russell Springs will commence Tuesday, September 3, and will continue four days.

A party of Young people met at the residence of Mr. G. W. Roberts on Thursday night and spent a delightful time eating water melons.

Mr. John M. Patterson, who was born and reared in Adair county, died at his late home, near Hillsboro, Tex., on the 29th of last month. He was an excellent citizen and a leading factor in the Methodist church.

We understand that Russell county will send her usual number of delegates to the Adair county Fair. The friendship that Russell has for Adair is highly appreciated, and our people will attend the Russell Springs Fair in large numbers.

A singing that will eclipse any thing in magnitude this side of the Fair will be held at Stapp's Spring next Sunday. It will be an all day affair, and dinner on the ground for every body. The singing will be conducted by Stapp brothers.

We are in receipt of a letter from Mr. M. Rosenbaum, of Carrollton, Mo., in which he speaks very complimentary of the News and our efforts to get out a good interesting local paper. He enclosed to us \$1.50 to pay for the News and Courier-Journal another year. We appreciate such subscribers and trust that others may do as he has done.

There will be preaching at the following places next Sunday: T. F. Walton, Ebenezer; W. S. Dudgeon, Creelsboro; W. H. C. Sandidge, Union; F. C. Shearer, Mt. Pleasant; J. F. Roach, Prices Creek; T. Huffaker, Pleasant Hill; W. P. Gordon, Cane Valley; T. L. Hulse, Elroy; W. B. Cave, Columbia.

It is publicly stated by parties who have reasons for the conclusion, that ten or twelve negroes, living Columbia and vicinity, are constantly selling liquor. They have no Government license, and it does look like a trap might be set to catch them. If they were all run in there would be but little drunkenness in Columbia.

Our sympathy is extended to Hon. Joseph H. Chandler, of Campbellsville, who was bereft of his devoted wife last Tuesday. She had been the companion of his bosom for nearly a half century—a patient and loving wife and mother, and will be greatly missed in the community where she so long resided.

On the 2nd of this month at Fairview, Ok., Mrs. Lula Bowen passed over the river of death leaving a husband and two small children to mourn her death. Mrs. Bowen was a daughter of Mr. and Mrs. W. W. Murrell who left this county several years ago. She was 28 years old and a member of the Methodist church.

Squire A. M. Gowen, of Gradyville, was in town last Friday and in conversation with a News man stated that he was for the ticket, because he was a Democrat from principle and not a Republican. Mr. Gowen made his race upon a high and honorable plane and came out with the good will of his fellow Democrats.

Mr. W. S. Griffin, of Cane Valley, and Henry, his brother, of Taylor county, have recently purchased the stallion, Red Bird, from widow C. T. Cheung for \$300. Red Bird is almost a thoroughbred Lexington and has proved himself a superb breeder. Some of his colts have sold for fair prices even when horses were low. Red Bird will be brought to Cane Valley and bearing accidents will make the next season there.

Prof. Granger, who will be the principal in the M. & F. High School, is becoming acquainted with our people and feels satisfied that he can build up a good school, beginning the Fall session next month. Some improvements will be made upon the building and a well sunk upon the grounds. Prof. Granger is a classical scholar and has spent several years in the school-room. Persons who desire to be taught the higher branches should start when the term opens.

Tuesday night a difficulty occurred at Greensburg between W. L. Mudd, and his son, Jake, on one side, and Joe and Jim Cantrell on the other. Several shots were fired and W. L. Mudd was instantly killed and his son seriously wounded. Some weeks ago one of the Cantrell's and young Mudd engaged in a difficulty and Cantrell was stabbed in the back, so it is said. The last trouble is what the people were expecting. The dead man is a licensed lawyer and his son, who is reported to be wayward, is perhaps the cause of his father's death. One of the Cantrell's is the Town Marshall of Greensburg, and was in discharge of his duty when the first trouble came up.

We tender our sympathy to Judge Chas. McConnaghy and wife, of Monticello, who lost their oldest child, Nellie, a few days ago. She was a victim of scarlet fever, a disease that has been raging at that place.

The Larue County Herald has been reading up on farming, and has gathered the following from scientific men: "If we are to put any faith in what the scientists say we must expect more severe drouths than the one just through with, and for this reason farmers must devote their attention to a variety of crops. While corn, hay, oats and wheat will doubtless be made leading crops, farmers should give these lands rest by sowing clover and some other recuperative crop. Kentucky lands by reason of a continual cultivation are rapidly falling off in fertility, and for this reason the crops quickly wither during a drouth."

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's Pain Balm.
