Auditor Couiter and Insurance Commissioner Chenault have found that a number of mutual insurance companies have been doing business in the State for several years without paying the license tax assessed by the State. The officials hold that the policy-holders or members are also liable for the failure of the concerns to pay the amounts due and suits may be instituted if the amounts are not paid.

Grider is the Democratic nominee for the Legislature from Clinton and Wayne counties. Grider married McKinley's sister.

The State Board of Health has issued circulars advising the people at large to use every effort to prevent the spreading of scarlet fever and diphtheria, diseases which are now prevalent in many sections of the State. Isolation and disinfection are the chief suggestions of the circular. The circular also calls attention to the law which requires that all contagious diseases be reported to the County Board of Health within twenty-four hours, and urges that the law be adhered to.

A Village Blacksmith Saved His Little Son's Life.

Mr. H. H. Black, the well-known village blacksmith at Grahamville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptom appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by M. Craven's.

Resolutions of Sympathy.

Resolved, That we the members and delegates representing the Christian Churches of Adair county, now assembled in co-operative meeting at Pleasant Hill Church, do hereby express our profound regret at the enforced absence of our beloved and worthy brother, F. C. Shearer; and that we extend to him our warmest Christian sympathy in his affliction.

2. That we hereby express our appreciation of the faithfulness of our brother in the past, in attending our co-operative meetings and doing so much to make them a success, and that we remember and prize his many words of fatherly wisdom and counsel at these meetings; that we admire his noble, Christian character and commend it to others as a worthy example of Christian living.

3. That we hope and trust through prayer and the providence of God that he may soon be restored to his usual health and be permitted to resume his work in the Church of Christ.

4. That these resolutions be published in each of the county papers.

Words of Praise.

Editor Adair County News: I wish to congratulate you on the acquisition among your population of Bro. Shelley, who recently filled the M. E. pulpit at this place. Although not a member of his' Denomination it was my pleasure to listen to him preach a number of times, and it was with regret I learned that he had been sent to another field. Although only here for one year he made a number of warm friends among the members of all denominations by his consistent godly life and by going about doing good whenever he saw the opportunity. May the people of Columbia extend to him the hearty cooperation in his work which he so well deserves, is the wishes of

A FRIEND, Lebanon, Ky., Nov. 1st, 1901.

Sunday's Courier-Journal has the following upon Durbin's refusal to grant requisitions for the return of Taylor and Finley: "In a highly sensational, if not libelous, letter, Gov. Durbin refuses to honor requisitions by Gov. Beckham for the return to Kentucky of fugitives Taylor and Finley, indicted for complicity in the murder of William Goebel. He calls the entire case persecution, says Gov. Mount's reasons still remain, re-infused by subsequent events; speaks of the 'purposes of persecution'; says juries are organized for conviction; says the record of previous trials shows that convictions were made upon a mass of self-evident perjury; attacks Judge Cantrill and the trial court in a vindictive manner, and accuses him of exploiting his senatorial candidacy, and finally tells Gov. Beckham he will honor no requisitions from him until there is provided an impartial Judge and a nonpartisan jury."

In Rockcastle county, William Lair was fatally shot by John Tankersley.

A Great Medicine.

"I have used Chamberlain's Colic, Cholera and Diarrhea Remedy and find it to be a great remedy," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick-cures which it effects even in the most severe cases make it a favorite everywhere. For sale by M. Craven's.

At Indianapolis the Supreme Court decided Joseph Keith must be hanged in the State prison at Michigan City for the murder of Nora Kifer, a neighbor's daughter at Elberfeld, Ind. Chamberlain's Cough Remedy in Chicago.

Hilgen Bros., the popular South side druggists, corner 69th street and Wenthworth avenue, say: "We sell a great deal of Chamberlain's Cough Remedy and find that it gives the most satisfactory results, especially among children for severe colds and croup." For sale by M. Craven's.

An exchange warbles thusly: "The melancholy days have come, the saddest of the year. The small boy leaves the swimming hole, the farmer stuffs the steer. The urchin trudges off to school, the pullets begin to lay, the preacher gets a move on him, the coal men have their day. The trees put on their sombre hue, the grasshopper ascends on high, the little ant its cellar fills, the toper calls for rye. The lonely church oyster laughs in glee, for now his time has come; the girls have terrible appetites, the boys must spend their 'mon'; and the meal barrel is empty, and the butcher's short of liver; and the thought of icy winter makes your spinal column quiver. And Johnny gets his gun and sallies through mud and stubble, and shoots an agriculturist's colt and has no end of trouble. The days are full of sunshine and the nights are full of frost, and the house is full of stovepipes and half the joints are lost. O, spring time has its drawbacks, but it doesn't have them all, for the worst part of the year is just before the fall."

To remove a troublesome corn or bunion: First soak the corn or bunion in warm to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general ailment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by M. Craven's.

The Fusion of Races.

The fusion of races now taking place with us is not essentially different from the fusion which has been going on in England for seventeen centuries. Whether the United States will ever take possession of Ireland seems at present a doubtful matter. But who would have dreamed ten years ago that the American eagle would spread itself over Porto Rico and the Philippines? America has well nigh depopulated Ireland and there Irish emigrants have a strong voice in the political control of our affairs.

The relations between America and Ireland have always been of the friendly character. No student of American history can ever forget how large a share Ireland contributed, directly and indirectly, to freeing the colonies from English tyranny, and no one who has followed the course of events in America will deny that the Irish have done more than their part in promoting the interests of the country.

But for the Irish to come, not only bag and baggage, but bringing the old sod, too, is another matter, America has not yet become so accustomed to ruling in distant lands that she is certain of success in this direction. It will be well for her to prove her ability on this line before putting herself in the position of England and having more foreign possessions than contribute to her welfare and security.

Near Henderson Lucian Brown shot and killed his brother-in-law, Ollie Anderson, and then committed suicide.

A Fiendish Attack.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain nor sit in a creak propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at T. E. Paull's Drug Store and W. H. Wilkinson, of Liberty.

Tot Causes Night Alarm.

"One night my brother's baby was taken with croup," writes Mrs. J. C. Snider, of Critten, Ky. "It seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for Coughs, Colds, Throat and Lung troubles. 50c and \$1.00. Trial bottles free at T. E. Paull's and W. H. Wilkinson, Liberty.

A dispatch from Antwerp says that a detachment of black troops recently sent by the Congo authorities to quell a revolt at Balingis, Kansas, was captured and that the soldiers were murdered, roasted and eaten.

Is Life Worth Living?

Sleeplessness, debility, nervousness and palpitation of the heart are not diseases; they are symptoms indicating that the various vital organs are not working in harmony. Morley's Liver and Kidney Cordial restores order and rids the body of all waste products that clogs the system. It insures sound digestion, sound nerves, and sound sleep. Ask your druggist.

J. W. McDonald and his wife Susan were shot from ambush on the banks of Brazos river, near the Falls county line, Texas, and both were killed. They were there fishing and were near their tent at the time.

Neuralgia Banished.

There is no more severe or stubborn pain than neuralgia. A remedy that will cure it will cure any pain. Dr. G. S. Stivers, dentist, Louisville, Ky., says: "My wife suffered over two years from very severe neuralgia, which several physicians failed to relieve. I then got Morley's Wonderful Eight, which relieved her in a five minutes and soon effected a permanent cure. Sold by agent in every town."

M. Bernheimer, a German farmer, of Franklin county, Kansas, who asked the priest to christen an infant son, Leon Czolgosz, was driven from the county by indignant citizens. The priest indignantly refused to christen the infant with such a name.

A twelve-year-old boy named Southwick kidnaped a six-year-old child in Great Falls, Mont., and demanded a ransom of \$1,500 for its return. He was captured by the police, however, and the stolen child was recovered.

Stepped Into Live Coals

Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's Arnica Salve wholly cured me after everything else failed." The fighting burghers in South Africa wish to make reprisal if the British continue hanging and shooting rebels. The matter will be brought to the attention of Mr. Kruger and the subject will probably be brought before the European public in an open letter.

Tobin Hanson, a Dane, killed Samuel Maratte, aged 15 years, son of a wealthy Montreal (Canada) man, and walked into police headquarters saying: "I killed a boy for money and got only 50 cents. That is not enough so I came to give myself up."
