Life 100,000 Years Ago

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. To day the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure sore lungs, Colds, obstinate coughs, and prevent pneumonia, its best medicine on earth. 50c and \$1.00. Guaranteed by Paull Drug Co. Trial bottle free.
