

Gradyville.

We have had no rain for the past week.

Our people are ready and waiting for the Columbia Fair.

Both old and young men of our city engage in a social game of marbles every day except Sunday.

Uncle Charlie Yates was on the sick list a day or so of last week.

Mr. Geo. H. Nell, one of our tobacco producers informed your reporter that he thought his growing crop would bring one thousand dollars. Several other crops in this section like unto this one.

Mr. Robertson informed us that New Mexico was a fine country and all our Kentucky people are doing well.

Mr. Ed Whitlock, one of Bliss' prosperous farmers, was in our midst one day last week and informed us that his growing crop of tobacco was about ready for the knife and his corn crop was looking fine. Give us more farmers like Mr. Whitlock.

Mr. J. A. Diddle is a very busy man now days. He informed your reporter that he had received orders for lumber for six large tobacco barns. If there is any one in this section can furnish it, it is Mr. Diddle. He has the timber, teams and mill and knows exactly how to get up on time.

Mr. Jesse Breeding, of the Nell section was in our midst last Friday and informed us that his wife, Mrs. Breeding, who has been in delicate health for several years, was enjoying better health this year than she had for several years. We certainly were glad to hear this statement and trust it will only be a short time until she will have her perfect health again.

The protracted services at Union church closed last Thursday night. Our meeting was a success from the beginning to the end. Rev. Henry, of Lebanon, Tenn., did the preaching. He is a man of power and did a great work for our church as well as the community at large. We are not able to give the number of professions, but there were quite a number. We have now at Old Union an interesting Sunday School with good attendance, also our ladies have a large missionary Society that meets once a month.

next Saturday. More interest is being manifested than for county offices. A good fiscal court is what makes a county prosper.

Last Sunday evening Babe Harris accidentally shot Tom Triggle. Harris was fooling with an old pistol that was loaded, when going off, penetrating the boy's bowels, who lingered until Tuesday morning and died. We hope this will be a lesson to our bad boys and not only to them but to parents who let their boys go fishing on Sunday not knowing where they are instead of having them go to church and Sunday-School.

Your scribe attended the 18th

annual meeting of the Russell Springs Medical Society held at Russell Springs yesterday. While the attendance was not so large yet every one present seemed to be interested and we had one of the best meetings in the history of the Society, and the good people of Russell Springs have the thanks of the Society for kindness in which they received and entertained the Doctors. Let us all go back next August boys.
