Danger Signal.

If the fire bell should ring would you run and stop it or go and help to put out the fire? It is much the same way with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done by taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mrs. Thomas Beeching, An-

draws, Ind., writes: "During the winter my husband takes cold easily and coughs and coughs. Chamberlain's Cough Remedy is the best medicine for breaking up these attacks and you cannot get him to take any other." For sale by Paul Drug Co. Adv.

KENTUCKY'S ROAD COMMISSIONER

Robert C. Terrell Has Successfully Put State Good Road Laws Into Operation

HEAD OF STATE DEPARTMENT

Called From the Chair of Rural and Highway Engineering of State University by Governor McCreary—Great Work Accomplished During the Past Three Years in Blue Grass State.

Frankfort.—Kentucky's Road Commissioner, Robert C. Terrell, who has successfully put into operation the good roads laws of Kentucky and for the past three years has been the head of the road department, was born near Bedford, Trimble county, Kentucky, in 1884. After finishing the common school of that county, he entered the State University of Kentucky and graduated from that institution in 1906, receiving the degree of bachelor of engineering, and was given the master's degree in civil engineering in 1908.

Immediately after receiving his degree in 1906, he took charge of the location of the Duck Fork extension of the Louisville & Atlanta railway, now a portion of the L. & N. system. In addition to locating the road, Mr. Terrell mapped and opened up a large coal field for the Kentucky River Coal & Coke Co., which was afterwards leased by the Big Hill Coal Co. of Pennsylvania. In June, 1907, after completing the work with the Kentucky River Coal & Coke Co., Mr. Terrell was employed by the Arkansas, Louisiana & Gulf Railway at Hamburg, Arkansas, as assistant engineer on twenty miles of construction, where he remained until its completion in the summer of 1908.

ROBERT C. TERRELL
Kentucky Road Commissioner.

Through Mr. Terrell's influence with the Board of Trustees of the State University of Kentucky, there was established the chair of rural and highway engineering in the Department of Civil Engineering of that institution. He was unanimously chosen professor of that chair. He immediately began the campaign to secure not only the undergraduate students in the course, but also arranged to have the practical road builders of the state to take short courses and attend lectures during the winter season. The course grew very popular, and many students were enrolled in both the two and four-year courses for undergraduate students and large numbers of the county road men, as well as the county judges and magistrates matriculated for the lecture courses.

In 1912, when the Department of Public Roads was established by the General Assembly, Governor McCreary called Mr. Terrell from the chair of rural and highway engineering of State University of Kentucky and appointed him the first Commissioner of Public Roads of Kentucky. Mr. Terrell assumed his duties on July 1, 1912, and has untiringly given his time and attention to the upbuilding of the road system of the state. Through his efforts and the showing made by the department prior to the meeting of the General Assembly of 1914 was made possible the passage of the state aid road laws in Kentucky, which provide for intercounty seat system of highways and a five-cent tax, together with the license tax on automobiles to be spent for the construction of the state system of highways, the state paying one-half the cost and the county one-half the cost of such improvement.

Mr. Terrell, through his splendid corps of assistants and thorough organization, has had active supervision and charge of the preparation of the plans, specifications and estimates of cost and actual construction of more than one thousand miles of road, and has thoroughly demonstrated to the citizens of the Commonwealth of Kentucky the advantage of having roads constructed on scientific principles, and has made popular the new road laws and has been successful in as-

curing the co-operation of the county officials throughout the state. Mr. Terrell, when interviewed on the subject, stated he was well pleased with the success of the new road laws, and that a good showing had been made this year, and that fully fifty per cent more work would be accomplished during the year 1916, as the county officers of nearly every county in the state have already signified their intention of taking their pro rata part of the state aid fund for the coming year, and many more counties are preparing to vote bond issues. —American, Nashville, Tenn., November 14, 1915.

Colds Need Attention.
Internal throat and chest troubles produce inflammation, irritation, swelling or soreness and unless checked at once, are likely to lead to serious trouble. Caught in time Dr. Bell's Pine Tar Honey loosens the phlegm and destroys the germs which have settled in the throat or nose. It is soothing and healing. Pine is antiseptic; honey is soothing—both together possess excellent medicinal qualities for fighting cold germs. Insist on Dr. Bell's Pine-Tar-Honey. 25c at Paul Drug Co. Adv.

Flooding and Cramping!

STELLA-VITAE STOPPED IT!

This has a world of meaning to every woman who suffers as Mrs. J. S. Blair, of Enterprise, Okla., suffered and there are many thousands such.

Mrs. Blair tells the story of her suffering and cure much better than we can tell it. We quote her own words:

"I had been flooding, cramping and vomiting for five months and taking medicine from as good a doctor as the county affords, but he did me no good. I got tired of doctor's medicine and sent to the drug store for a woman's medicine and the druggist sent me STELLA-VITAE.
"One bottle stopped everything and I felt like a different woman. I have used six bottles already and will continue to use and praise STELLA-VITAE whenever I need a woman's medicine."

What STELLA-VITAE did for Mrs. Blair it will do for you. We guarantee the first bottle to benefit you. Your money back if it don't. You cannot afford to not try it—when you have all to gain and not a penny to lose.

Go to your dealer today and begin trying STELLA-VITAE, trying to become well. We lose the price if you are not benefited. In many years of guaranteeing STELLA-VITAE less than one bottle out of every thousand has failed to benefit.

Your chances of being benefited are a thousand to one!
