Prominent Educator Believes That Vapomentha is a Sure Preventive.

Dr. R. M. Brame, discoverer of Brame's Vapomentha Salve, has a letter from C. C. Wright, Superintendent of the Wilkes County, N. C. Public Schools, in which he says: "We have used Brame's Vapomentha Salve for nearly all the ills for which it is prescribed and have always secured satisfactory results. If used in time it has never failed to break up colds, usually the forerunner of Grippe, Influenza and Pneumonia. I speak from personal observation. I believe if this preparation is used in time it will prevent the development of pneumonia in every instance, if used according to directions."

The strong statements are fully justified by the remarkable recoveries that follow. Brame's Vapomentha Salve is applied freely over the chest and throat and inserted in each nos-

tril. Brame's Vapomentha Salve penetrates the pores of the skin, relieving congestion, at the same time healing vapors arise and are breathed through the mouth and nose, loosening the phlegm and causing the patient to breathe freely. Its absolute reliability is evidenced by dozens of unsolicited testimonials. Brame's Vapomentha Salve will relieve pneumonia, influenza, grippe, pleurisy, bronchitis, whooping cough, catarrh, asthma, tonsillitis, hay fever and inflammation of the skin.

Vapomentha is applied externally, and it will not stain the clothes, as other salve do. No home should ever be without it. Buy it from your dealer or direct from the Brame Drug Co. North Wilkesboro, N. C. A small bottle costs 30c; a much larger one, containing six times as much \$1.50.

Get Goodyear Tire Economy for That Smaller Car

Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages.

The 30x3-, 30x3½-, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce.

This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires.

Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$2350

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$2150

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag..... \$450

Lick Not at All.

Some folks don't lick postage stamps because they taste like Hades and others because they have heard that there's germs on 'em. But most people in their haste give them a lick and let it go at that.

The Medical Times put two investigators at work on the subject some months ago and their report is just out. They obtained stamps from fifty different places, mostly business offices. Some were kept exposed on desks, some in boxes in desk drawers, and some were carefully locked in cash registers. No matter; the degree of exposure didn't count. In every case the gum on the backs contained deadly disease germs.

The investigators found the bacilli of typhoid, diphtheria, skin diseases and blood diseases. Not a few, but many on the back of every stamp. In twenty cases the colonies of germs were too numerous to count.

Of course, as the Medical Times points out, if these germs were virulent to everybody, great epidemics would result, so widespread is the practice of licking stamps. Nevertheless, it is probable that many people have been stricken in this way who were physically in a condition to be receptive to the disease bacilli. Few know whether they are in such condition, hence it is just as well to moisten the stamps

some other way than with the well-known tongue.—Louisville Herald.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak..."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. Urge Adequate Rates. In a resolution adopted by the Association of Life Insurance Presidents the heads of the country's large insurance companies express their attitude toward the railroad situation as follows:

"Rehabilitation of the railroads and establishment by law of rates adequate to provide for the present and future demands of our growing commerce and to stabilize the credit and securities of the roads."

Protection for Public. The executive council of the National Association of Credit Men in a public statement on the credit situation of the country says: "The council in its consideration of the transfer of the railroads to private control felt that it is of the highest importance that the railroads be protected from the dangers of receivership and the public assured against interrupted service."
