KISSED AS A LOST BROTHEER.

Divinity Student Has Novel Experience in Hotel Dining-Room in Chicago.

Edward O. Lansing, of Lockport, N. Y., who is a divinity student at the McCormick Theological seminary, 833 1/2 Chicago avenue has a way of accosting strange men that is "amazing."

"I think that this is a pretty cool reception," said the woman.

"I'd like to know what you would call a warm reception if this is a cool one," replied Lansing.

"I am serious. Is that what I am to expect from you after all of my trouble in finding you?" asked the woman.

"I don't think that you had much trouble finding me. You seemed to kiss the first man you saw," said Lansing.

"Didn't you intend to meet me here as you agreed?" once more queried the woman.

"Most certainly not," replied Lansing. "I am not sorry that I met you."

"Why did you wear the violet if you don't intend to meet me?" she asked.

"Lansing looked down to the lapel of his coat and then understood the mistake. The woman said her name was Dorothy Simpson and that she was to meet at the hotel a brother whom she had not seen for ten years. He was to wear a bouquet of violets.

George Simpson, the missing brother, did not appear on the scene and Miss Simpson left the hotel.

"I am satisfied. I believe that I will dine here every day with a bouquet of violets in my buttonhole," said Lansing as he left.

CANCER CURED!

Mr. W. W. Prickett, Smitfield, Ill., writes, Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Lintiment for a sore leg, and through an accident, I rubbed some of the lintiment on the cancer, and as it gave me almost instant relief, I decided to continue to use the lintiment on the cancer. In a short time the cancer came out and my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it cannot be too highly recommended." 25c, 50c and \$1.00, at Chas. C. Davis' drug store.

Dowie is talking of moving his "Zion" to Matagorda Island, near Aransas Pass, on the Southwest coast. If he does not like that locality which he is now inspecting, he may take his dupes to Australia. But why move? Chicago is as near heaven as any other place.

WEEK AND LOW-SPIRITED. A correspondent thus describes his experience: "I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depression and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at Chas. C. Davis' drugstore.

THE UNKIND WORD. If I had known in the morning How woefully all the day The words unkind Would trouble my mind I said when you went away, I had been more careful, darling, Nor give you needless pain; But we vex our own With a look and top!

We might never take back again. For though in the quiet evening You may give me the kiss of peace, Yes, well might it be That never for me The pain of the heart should cease. How many go forth in the morning Who never come home at night, And hearts are broken For harsh words spoken, That sorrow can ne'er set right.

We have careful hearts for strangers, And smiles for the sometime guest, But oft for "our own" The bitter tone, Though we love our own the best. Ah! lip with the curve impatient; Ah! brow with the look of scorn, 'Twere a cruel fate Were the night too late To undo the work of morn.

BALTIMORE FIRE.

The Greatest in the History of America—Loss Will be Upwards of \$200,000,000.

INSURANCE COMPANIES HEAVILY HIT.

The terrible conflagration which swept over Baltimore, Md., Sunday destroyed 2,500 buildings right in the heart of the city and the estimated loss will foot up to something over \$200,000,000, which is the greatest fire this continent ever suffered. The next greatest was the Chicago fire, which occurred in 1871, when the loss was \$196,000,000.

New York City, Philadelphia, Washington City and Pittsburg, and several other smaller cities all went to the aid of the stricken city with their fire departments, but so strong was the fire monster that it lapped up all in front of it and burned until the water's edge was reached.

Government Warfield has declared a legal holiday, which will run for several days' duration, and the suspension of business will be of material benefit to the unfortunate merchants. Martial law has also been declared and every means will be exhausted to save what valuables that can be gotten out of the debris.

Government Engineers were sent for and they came with large amounts of gun cotton and dynamite and three charges were exploded in their attempts to stop the fury of the fire. Only one man lost his life in the catastrophe. He was a fireman from York, Pa.

The insurance companies of Baltimore are the hardest hit and they will probably have to go out of business, as they carried more risks than they will be anything like able to pay.

With the accustomed generous spirit the American people are coming to the aid of the sufferers.
