DO NOT CROWD THE SEASON

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all come from. The heavy winter winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy however and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by Chas. C. Davis.

CROP REPORT

Shows Promising Spring about to open.

During the few days of open weather the past week, many farmers made haste while the sun shone. Many acres of land were plowed. Others made preparations for plowing, but before they could be completed bad weather came and they were compelled to delay their work movements. Preparations were also made for their farm work, and farmers are now anxiously waiting for conditional weather.

What is in some better condition, and crop may not be so curtailed as was at first predicted.

Lambs are arriving fast, and ewes are looking extremely well. A big lot of lambs are expected to be raised in Madison this year if weather is favorable, and several bunches have been sold for June and July delivery at excellent prices.

Work animals are in great demand and good prices are being realized. This demand is, of course, due to the necessity of such stock for producing a 1908 crop, but a share can be contributed to the

fact that buyers from other sections have bought much of the Madison county horse and mule stock.

Undoubtedly corn and potatoes will be the chief crop of this year. Of course corn has largely produced, but not many potatoes have been previously raised. The latter will exceed by a great amount any crop ever put out heretofore.

Several poultry raisers have young chickens on hand, some of three weeks growth. More poultry will be raised in this section this year than before, owing to the persons that take up the business anew. Eggs meet ready sale and an average price of about 17½ cents is being paid.—Register.

RHEUMATIC PAINS RELIEVED.

Chamberlain's Pain Balm relieves rheumatic pains and makes sleep and rest possible, which is alone worth many times its cost. B. F. Jrocker, Esq., now 84 years of age and for twenty years Justice of the Peace at Martinsburg, Iowa, says: "I am terribly afflicted with sciatic rheumatism in my left arm and right hip. I have used three bottles of Chamberlain's Pain Balm and it did me lots of good." For sale by Chas. C. Davis.

Following is an extract from a dispatch from Barboursville, home of Caleb Powers, which expresses the sentiment of the Republicans of that section:

"It is generally reported that Caleb Powers, whether or not he is set free, will be one of the strongest contestants for the Republican nomination for Congress, and should he indicate that he wanted the honor there is little doubt but that he would have a walk-over. Friends of Powers in this city, his home, are already boosting him for the Congressional nomination, and that his name will be considered is shown by the fight for the local places on the committee. Powers' backers claim the Corbin meeting is premature and doubt the legality of the call."

A NARROW ESCAPE.

Many people have a narrow escape from pneumonia and consumption as a result of a cold that hangs on. Foley's Honey and Tar cures coughs and colds no matter how deep seated and prevents pneumonia and consumption. Refuse substitutes. Chas. C. Davis.

The first test against that section of the rate law which prohibits railroads from giving transportation in exchange for advertising was scheduled to begin in Chicago Monday. The case is isthat of the Government against the Chicago, Indianapolis and Louisville railroad. The case is felt to involve the whole principals of the law in question.

Thousands crowded the church at Paterson, N. J., where the body of Father Leo Heinrichs lay, and a detail of fifty policemen was required to preserve order. The funeral of the murdered priest was held Monday.

Is the one you pay out for a box of Dr. King's New Life Pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at Chas. C. Davis' drug store.
