## G. T. JOHNSON

O. K. STORE. Mt. Vernon, Ky.

#### TO WHOM IT MAY CONCERN:

Which is to say to his Honor, the Police Judge, the Town Trustees and to the Business men and all lovers of Mt. Vernon, Greeting:—  
 'Enough if I be watchman  
 Whose calling wakens Rome  
 When out some brave Horatious steps  
 To battle here at home;  
 Some Lartious or Herminious—  
 Some brave and dauntless three,  
 To fight for a park in Mt. Vernon;  
 To them the glory be.

A thought, gentlemen, a thought comes to me like a zepher of a spring morning and carries with it the hope and inspiration of the beautiful For a long, long time I have contemplated making a suggestion in regard to beautifying the town so dear to the hearts of us all. There is a little triangular piece of ground belonging to the Louisville & Nashville Railroad Company, fronting and abutting on Main and Richmond Streets, and directly opposite the hotel and railroad station, on which is now located what is known as the "Old Section House". What a beautiful park it would make; The tendency of the Company has been to improve the looks of the road. At Crab Orchard, the Company has a nice park close to the station and at several other stations along its right of way. We believe if the people of Mt. Vernon would take up the question in earnest, the Company would tear down the old section house and make a park where it now stands. It is worth trying. We move that the Board of Trustees pass a resolution asking the Company to convert this small piece into a park and that the business men of Mt. Vernon who pay hundreds of dollars every year to this Company for freight and express, get up a petition containing a similar request. If the Company refuses, then let the Trustees propose if the Company would furnish the ground, Mt. Vernon, as a municipal corporation would build the park and attend to it when made. The cost would be little, but whatever it costs, let us have it. If we would prosper, let us have it. If we would be happy, and desire a more beautiful village, let us have it. It is a golden opportunity to improve and beautify. Let us shake ourselves in our downy beds and say,—"Awake, get up! It is morning!"

"Rosy morn stands tiptoe on the misty mountain top." It would be so enjoyable to inhabitants of Mt. Vernon; so refreshing to its people and those who pass through upon the trains. Nothing would beautify and adorn the town so much. The spirit of improvement seems to be upon us. It has been a long, long time in coming but it seems to be really here. Success to the town and prosperity to the people.

Yours for the park,  
RICHARD G. WILLIAMS.

**CHAMBERLAIN'S COUGH REMEDY IS BOTH AGREEABLE & EFFECTIVE.**  
 Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by Chas. C. Davis.

Both Houses of the Maryland Legislature have passed a bill fixing saloon licenses for Baltimore. Saloons and clubs now paying \$250 annually will pay \$500 next year, \$750 the next year following and \$1,000 the third year. The license will then remain at \$1 000.

**A NARROW ESCAPE.**  
 Many people have a narrow escape from pneumonia and consumption as a result of a cold that hangs on. Foley's Honey and Tar cures coughs and colds no matter how deep seated and prevents pneumonia and consumption. Refuse substitutes. Chas. C. Davis.

#### DO NOT CROWD THE SEASON

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sun-shine. Children that have been out all winter are brought out and you wonder where they all came from. The heavy winter winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy however and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it For sale by Chas. C. Davis.
