THE effect of the great war on Men's Clothing will be felt this spring—still more next fall.

We have had to buy with greater care and discrimination than ever, to protect our customer against poor fabrics.

That's why we appreciate having a line of medium-priced clothes for men and young men, that is absolutely dependable—Clothcraft.

Every piece of cloth that enters the factory is tested mechanically to determine its strength and chemically to prove its ingredients. This is but the first of a long series of safeguards that protect Clothcraft values.

But don't wait too long, there'll be greater demand this spring for nationally known value like Clothcraft. Buy early

Knoxville's First Trade Trip

The Knoxville Board of Commerce is receiving enthusiastic letters daily from the different Boards of Commerce of the towns and cities to be visited on their First Trade Trip, assuring them of their hearty cooperation in making this trip the decided success of the Knoxville organization. It is a pleasure to be the first trip that Knoxville has ever made of this kind, neither pains nor expense are being spared to make it a success in every way.

The purpose of this trip is not altogether for business purposes, or for selling goods, but rather to meet the people of the various towns from whom they buy goods and to whom they sell goods, and forming them into a closer relationship with each other.

In several of the larger towns and cities where the "Special" is to stop for some length of time, preparation is being made to entertain the visitors in many ways; while in the smaller towns where the length of stay will not permit of extensive entertainment, other forms will be provided.

The "Special" will consist of eight all steel Pullman cars, including two dining cars and one combination baggage and refreshment car.

The train will carry over 100 of Knoxville's leading business and professional men and manufacturers on board. Besides these, there will be a large brass band to help make merry when the visitors arrive in the various towns and cities.

Each member of the party will wear a white hat and carry a striped umbrella in addition to wearing the regular badge.

DANGERS OF DRAFT.

Draft is the best when we are holed and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist.
