"EVERYTHING TO WEAR"

LIVINGSTON

Mr. and Mrs. G. S. Griffin and daughter, Jalette, are in Louisville this week. — Mr. and Mrs. J. L. Higghe, of Corbin, are with Mrs. Hughes' parents, Mr. and Mrs. Thomas Farley. — Mrs. Alfred Crain, who was forsaken by her husband several years ago, living near town, died Sunday night of the flu and was buried at the Moberly burying ground Tuesday. She leaves several small children to mourn her loss. — Mr. and Mrs. Claud Griffin and children, of the Buckeye section, are visiting relatives here this week. — Mr. and Mrs. G. V. Caloway has returned from Berea after a weeks visit. — Andy Kincer has been in town for the past two weeks with a well-drilling outfit. He drilled a well for W. G. Nicoley, C. H. Rice, J. T. Omsay and is now drilling one for G. S. Griffin. — A certain man of Mt. Vernon was in our town a few days ago and while he purchased a pair of shoes. After he had worn them a while he discovered that they were both for the same foot. We will not give the name of the man but if you are anxious to know ask S. C. Franklin, he will probably tell you. — Monday, after hearing the good news that Germany had surren-

dered, a house to house canvass was made to purchase explosives and none could be found in our city. It was too grand a victory for the town of Livingston to fail to celebrate, so we procured what we wanted at East Bernstadt, and about 8 p. m., a crowd of the citizens loaded with fire works and a box of dynamite ascended Mount Pisgab, which is the mount overlooking the town, and when the summit was reached the music began. Explosives were set off that jarred the earth and was heard for miles around. It seemed that the very earth trembled, the streets were aglow with red lights, bells tolled, and the engine whistles began to blow. It was a glorious time and what made it more so was the occasion that caused it. A small child of Steve Hellard's died Sunday of the flu, and was buried Monday. — J. P. E. Drummond is having a \$300. heating plant installed in his residence, and Dr. W. T. Amyx is also installing one that costs \$250. — Mrs. Oscar Argenbright and children are visiting relatives in Corbin this week. — Mrs. I. W. Catlin will leave for her new home at Highland Park, Wednesday. — About all of the flu sufferers are able to be upon the streets again, but you can tell them from those that have not had it. — Well, Mr.

Editor, what has become of our friend at Rodhead. We mean the Dr., has he absquatulated (in English means gone), or is he off taking another course in medicine? — We learned today that Logan Overbay, living near town, has had the flu and it had gone into pneumonia; he is very sick. — McMartin is in Louisville this week. — Mr. and Mrs. Robert Sams and Mrs. Henry Brummit have returned from Hamilton, Ohio. — Joe Griffin living a couple miles out of town, is very low with flu. — Well, the Kaiser has had to abdicate the throne and he and his high handed murderers of women and children and his people have agreed to accept the terms of peace laid down by President Wilson. Now that they have laid down their arms and said, take what you will, but all that the Allies can get will not begin to pay the debt that they owe. One thing we hear echoed across the three thousand miles of water, the voice of a to be free people. Our boys will come marching home after days of fighting and chasing the red-handed Hun, but they will be heroes, for they have helped save a nation that was going fast, and what a glorious home coming that will be. What a happy reunion when

mother meets son; when brother and sister shall meet; when sweethearts shall meet; when son and the gray haired father shall be reunited; then there will be joy on earth and many be the prayers that will ascend the Hill of Zion. — Mrs. J. H. Owens has returned home from Hazel Patch where she has been several days caring for flu patients. — Mrs. D. B. Rambo is in Stanford this week on account of sickness of some of her relatives. — The Kaiser said he would eat Christmas dinner in Paris, what is tickling us now is that he can't get to eat it in Berlin. Three cheers for the U. S. We are the greatest nation on earth. — Wonder if the old Kaiser thinks the Yanks will fight now, after they have chased him and his murderers, over the river Rhine. — ABOUT CROUP. If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.

Order Given To Stop Work of Classifying Men

Cancellation of Calls Nullifies Famous Work or Fight Order

NO MORE OFFICERS' CAMPS

Washington, Nov. 12 — Draft boards were ordered today to stop classifying men under 19 or over 36 years and to withhold questionnaires for such registrants not already sent out. It was said officially at the Provost Marshal General's office that registrants from 17 to 46 years old need not fill them out. Orders went out today to the heads of all military departments to discontinue at once the acceptance of applications for admission to the Central Officers' Training Camps. No decision has been reached regarding the

World War Ended

At 5 o'clock Monday morning, which was 11 o'clock Paris time, the armistice, which brought to a close all hostilities and ended the great world war was signed. The fighting is over but the great task of making the terms of the peace is yet to come. Such drastic terms have never before been demanded by any victor, in any war in the past. It may be January or later before the actual terms of peace are signed.

classes now in progress at these camps, but it was intimated here that the students would be permitted to complete the course.

Formal orders or announcements will be issued soon covering all such questions.

Cancellation of all draft calls and inductions yesterday practically has nullified the famous "work or fight" order promulgated last summer, and under which thousands of men flocked to essential industry on pain of immediate induction, though local boards have been ordered to continue classifying after physical examination men between 18 and 36. The "work or fight" order falls by reason of the fact that the only penalty attached was that of being placed in Class 1. With calls stopped the Government has no power to penalize the non-essential employment.

The cessation of draft calls found the work of classifying all registrants under the 18 to 45-year extended limits more than 60 per cent complete in the United States and entirely complete in some States and localities. The stopping of the calls does not relieve any delinquent who has

failed to obey draft board orders from the penalties which are attached under the law. A single order from the General Staff would suffice to start another stream of men flowing into the cantonments and bring the work or fight and all other wartime requirements back into force.
