

ANNOUNCEMENTS

We are authorized to announce

as a candidate for Representative from the Seventh Legislative District...

COUNCIL OF NATIONAL DEFENSE

A man who has children wants them to live easier; have more of the luxuries of life; be surrounded by a better environment...

If you wish to buy a home in a town or city how would one suit you with a mud hole in front of it reaching completely across the street...

A piece of fly paper tacked around a tree will keep insects from climbing up and inhabiting the tree, but it will not keep them out any more effectively than mud roads will keep business men with money and enterprise out of a county.

If the Eastern States with poorer land than we have can build hard surface roads for miles through swamps, what keeps us from building them on higher land with all the material to build at the road side.

The largest crop of winter wheat ever grown was forecast for this year by the Department of Agriculture, basing its estimate on conditions existing April 1. The enormous yield of 837,000,000 bushels was announced...

WITHERS

Chas. Rice, of Livingston was at this place Sunday.—Mr. Wm. Robinson remains very sick.—Mrs. Louisa Allen and daughter, Mrs. Rebecca Durham were the guests of their son and brother, Linville Allen Tuesday.—Mrs. Mattie Mullins' entire family were sick last week with flu.—Mrs. Ben Mullins and children, are all sick.—Eliza and Russell Mullins, who were reported sick last week have about recovered.—W. L. Cummins, of Mt. Vernon, was a visitor at the home of J. H. Mullins from Thursday until Sunday.—Mrs.

aura Cotton, and daughter, Miss Rosa, of Wildie, were guests of her parents, Mr. and J. C. Allen last week.—Roy Cummins, of Mt. Vernon, was the guest of his cousins, Estill and Forrester Mullins from Friday until Sunday.—There has been but very little farming done in this part yet.—There were services at Red Hill Saturday and Sunday conducted by Rev. Rovey Mul-

lis.—Miss Callie Roberts is on the sick list this week.—Guy Black visited his parents, Mr. and Mrs. Henry Black at Atlanta Saturday and Sunday.—Mrs. Fred Mullins was the guest of her mother, Mrs. Price at Level Green last week.—Mr. Alex McDaniel, an aged citizen of this place, has the chills. He chills almost every day.—There have been a few cases of mumps in

this part, but as there is so much sickness anyway, we hope they will not get spread. ROCKCASTLE TO HAVE ROADS. Rockcastle has been allotted 25 convicts by the State Road department and the Dixie Highway from the Madison line to Livingston will be completed. A camp for the convicts will be

opened in Mt. Vernon May 1st. Judge Mullins has asked the road department for an engineer to complete the survey from the corporate limits to the Bill Patton place and also to survey the inter-county seat road from Mt. Vernon down Steggs Creek to the Pulaski line by way of Hansford as soon as a right of way is secured for the Pulaski road. The contract will soon be let for

the Livingston to Parker Creek road. A plan is also on foot which insures the completion of Boone Way to the Lincoln line. There will be road work in every direction, which means more to old Rockcastle than anything that has ever come yet. It looks like a hopeless task when the county does not have a dollar of its own money to spend; but Judge Mullins and his Fiscal

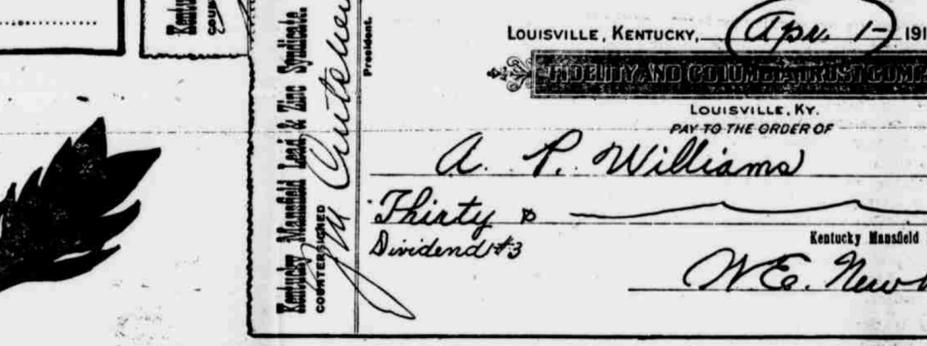

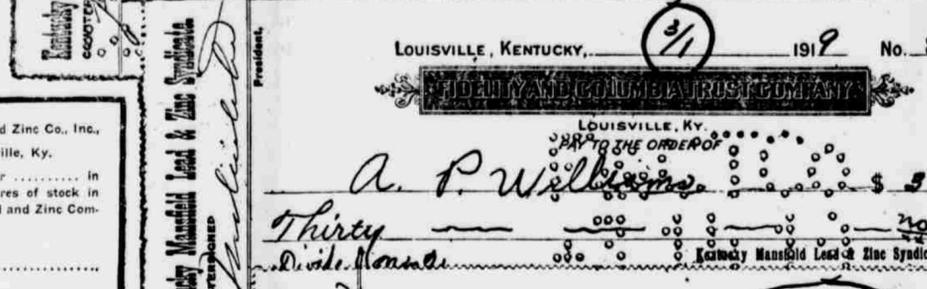

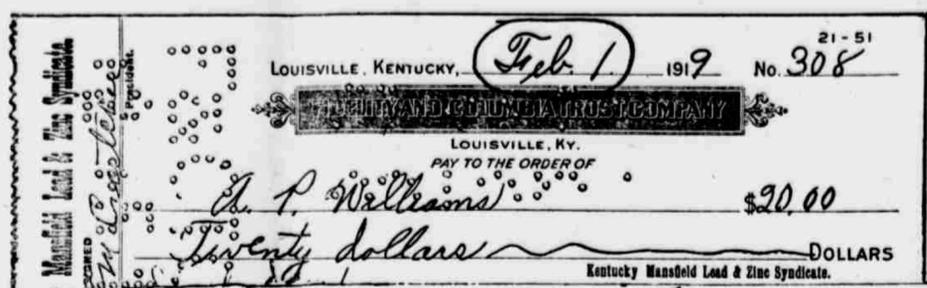

Court are taking advantage of every opportunity offered to build roads and they are certainly entitled to the help and support in every way of the people. CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Signature of

What The One Is Doing— The Other Should Do— And More

Officers and Directors Of The Two Companies Largely The Same

Get this straight—there are two companies! The one is the Kentucky Mansfield Lead and Zinc Syndicate, and the other is the Louisville Mansfield Lead and Zinc Company.

It Is The Record Of The One That Makes The Other So Promising

The Kentucky Mansfield Lead and Zinc Syndicate is already in operation and is already paying dividends. It paid a monthly dividend of 2% in January, 3% in February and dividend checks of 3% are now going out for March.

Certificate of Assay: The entire sample used for assay. Fairly soft native rock and an easy milling ore, breaking clean which should give a high recovery. Sample accompanied by affidavit as to sample. The above report was made by W. P. Taylor, the chemist, from samples taken by J. R. Sandage in the presence of Mr. C. O. Storm, Mrs. J. S. Long and Mrs. J. H. Havens...

Stock Now \$1.00 A Share

The Louisville Mansfield Lead and Zinc Company is capitalized at \$500,000.00—at \$1.00 a share, fully paid up and non-assessable. A very large part of this has already been subscribed—indeed, the company is fully organized and is already sinking the first shaft for the first mill on one of the four tracts (of 40 acres each) on which it holds the leases.

These holdings of the Louisville Mansfield Lead and Zinc Company are at Mansfield, Missouri, where the Mother Lode of the famous Ozark district comes nearest the surface. The 40-acre tract on which the sinking of the first shaft has already begun is immediately adjoining that of the Kentucky Mansfield Lead and Zinc Syndicate.

OFFICERS: T. M. Crutcher, President, T. T. Beeler, Vice Pres., Nat. C. Cureton, Secretary, W. E. Newbold, Treasurer.
