The quota for this county has been fixed at \$500.00. This is not a large amount and we should not have any difficulty in raising the full amount, together with a good over-subscription. [We not only want the full amount of the quota, but we want as large a number of subscriptions as it is possible to obtain.]

The chairman has appointed Rev. H. T. Young, Publicity Director for this county, which appointment he has accepted. He has appointed on his Committee each teacher in the county, now teaching in the public schools, including the teachers of the graded schools of the county, but in the graded schools the principals are designated as chairman of committee composed of the teachers of said graded schools.

The names of those constituting precinct committees of the county will be given in a later issue of this paper.

ROCKCASTLE COUNTY

October 16th To Be Big Day For Every School District In The County—Exhibits Home, School, Garden and Farm Products.

The 16th day of October is going to be a real big day for every School district in the county. On this day teachers, trustees, parents and young people will gather at the school house for an all day meeting where they will exhibit and see exhibited Home, School, Garden and Farm Products. This will be a day of shaking hands and passing on a good word to the other fellow. If we have something good to say, this will be the day and place to say it. We want to be loyal and deeply interested in our own Community. Our home community comes first. October 16 will be a day of passing on to the other fellow our interest in our own Community.

All exhibits winning first, second and third in Community fairs must be taken to Mt. Vernon on Friday morning, October 17, so that arrangements and judging will be through by Saturday, October 18. The County Fair will open at 8 o'clock Saturday morning October 18. All live stock must be entered by 11 o'clock. Exhibits will remain in their places until 3:30 p. m.

TO FARMERS
All farmers are asked to exhibit to ears of their white corn and to ears of their yellow corn. We want more than 200 exhibits of corn at the County Fair October 18.

TO TRUSTEES.
Every trustee in the county is urged to be present with as many other people from his district as

PRAISES ROCKCASTLE COUNTY

Evarts, Ky., Oct. 7, 1919.

Editor Mt. Vernon Signal,
Mt. Vernon, Ky.

Sir:—
I cannot help but compliment you on the resolution set forth in the Signal as your motto as an Editor. Those resolutions carried out, will sure be the means of a greater Rockcastle which I do believe is in store for Rockcastle County.

As a citizen of Rockcastle Co. for several years, I must say I never met with better people anywhere than those I got acquainted with while a citizen of your county, the good morals, the good churches and schools you have thruout the county are something I am proud of. There is a difference in the spirit of the churches here and down in Rockcastle, not the interest that should be. There has just closed a 10 days union revival here with not one addition. I note in the Signal the spirit of good roads is kindling up. I hope this interest will not die down until there are road roads thruout the county.

I note also, you have a new Editor for the Signal, since I left the county. I do not know how he will pull in the Editorial harness, but lets all give him encouragement, as you all know that Bro. Young has made good all his undertakings since he came to the county and has always been a booster and not a buster, of the entire county. So lets all send in our subscription to the Signal. Here comes mine \$2. for two years subscription to the Signal. With all due respect to the retiring Editor, Mr. E. S.

he can bring with him. All are expected, none excused.

TO TEACHERS
Of course, every teacher will be present with his or her school. This is going to be a school fair and teachers will attend things of their profession. Teachers are requested to insist on their entire school attending this fair.

TO BUSINESS AND PROFESSIONAL PEOPLE.
All business and professional people thruout the county cordially invited and expected to be present. Things pertaining to Home, School and Farm are things which make better citizens.

TO THE PEOPLE OF THE COUNTY AS A WHOLE.

Rockcastle County is our county, we make it what we will. What shall we do and where shall we go on Saturday, October 18th. Since Rockcastle County is our county and our interests are in the county, let's concentrate our interest Saturday, October 18, at Mt. Vernon and be there in person our county spirit as it has never been shown before. 5000 people are expected to be in Mt. Vernon with Community and County spirit bubbling and running over. Are you going to miss it? No! You'll be there with all that makes a county in its truest sense.

ROBERT F. SPENCE,
General Superintendent of Fair and County Agent.

Albright, he has made a successful Editor and made many friends who I am sure regret to see him retire as Editor of this county paper and I want to say this to all who read this missive I mean all whom I made acquaintance with while in your county that I often think of you and now nice we all got along, both in business and in church and in Sunday School. Mrs. Crider and I both join in sending you our sincere wishes for all that is good and great.

I want to tell you just a little about this little town of Evarts, Ky., where we live. This town is only one year old and has about 500 population. It is surrounded by large mountains which are very beautiful. We have people here from Pennsylvania, Conn., West Va., St. Louis, Louisville, Ohio, Indiana, Virginia, Tenn., and some from Europe and lots from Rockcastle county, and practically from every state. All seem to enjoy these high mountains and deep valleys. I don't think there is any danger of freezing this winter as this place is surrounded by large coal operations. There are only three Ford cars here in Evarts. I guess if you should be in Jupiter you would see a Ford car there.

We have had a Bank organized and doing business now, since I came and bought here, also a nice drug store and movie.

The coal miners are talking of coming out on a strike Nov. 1st, but I think they will decline the idea. Coal costs here, delivered to your house, \$3. a load of about 25 bushel.

As this letter is getting too long I will stop before the Editor gets worried. With best wishes to the Signal and its readers.

Respectfully yours,
A. G. CRIDER.
