TOBACCO TO BE HIGH

Every indication points to one of the finest tobacco crops ever raised in Garrard county and from the encouragement received by the directors and stockholders of the Garrard Tobacco Warehouse from the growers of this and adjoining counties, there seems no reason why the local market here should not be the banner market of the state.

Last year the farmers of this county lost something like \$100,000 by selling to "pinhookers," taking their tobacco to the markets of Lexington, Danville and Richmond and seeing their crop sold for double what they were paid and in some instances trebled.

Messrs L. G. Davidson, John M. Farra and R. L. Burton have just returned from North Carolina and Virginia and report tobacco on these markets bringing fabulous prices, bringing home samples that brought more than one dollar a pound.

Our army is returning to these shores eighteen thousand tons huskier than when it left. The average increase in weight of the American soldier was twelve pounds to a man.

SMILES

A VALUABLE SIGN. During an epidemic in a small Southern town every infected house was put under quarantine. After the disease had been checked, an old negro protested vigorously when the health officers started to take down the sign on her house.

THE NAUGHTY TYPE. A certain editor and publisher of a country newspaper in Kansas was asked to leave the community as the result of a typographical error in his report of the wedding of the mayor's daughter.

WHO TOOK THE PILL? The little daughter of a homeopathic physician received a ring with a pearl in it on the Christmas tree. Two days later she poked her head tearfully in at the door of her father's office.

WOULDN'T DO. Johnny and Jimmy were at a party and being away in a corner at supper time, they were not looked after very well. They managed to get some jelly and bread and butter but no spoons.

STUTTERING REPARTEE. A man who was in the habit of stuttering was asked why he did so.

SUPPLYING THE LOSS. A professor of science well known for his absentmindedness, was engaged in a deep controversy one day with a fellow-student when his wife hurriedly entered the room.

Private Blank," said the Colonel severely, reprimanding a doughboy for a minor breach of military regulations, "what would you do if I should tell you that you were to be shot at sunrise?"

REPUBLICAN LANDSLIDE

Kentucky has evidently given Mr. Morrow, Republican candidate for Governor, a majority of about 30,000. Rockcastle county voted for Governor and for and against the Prohibition Amendment as follows:

Table with columns: Precinct, Mr. Black, Mr. Morrow, Dry, Wet. Rows include East Mt. Vernon, West Mt. Vernon, Roundstone, Scaffold Cone, Crooked Creek, Orlando, Livingstone, Walnut Grove, Brown, South Brodhead, Powers, Pine Hill, Wildie, Red Hill, North Brodhead.

PLEASE REMEMBER THAT THE SIGNAL GIVES RESULTS OF ELECTIONS, IN PARTY POLITICS, AND DOES NOT COMMENT ON THE RESULTS. We do want to say that when a telegram came from Louisville asking for the vote on the Prohibition Amendment that we gave this vote with pride.
