Vittated and bad blood often lead to serious diseases. A good plan is to take some blood medicine at intervals of four or six weeks. The best Lightning Blood Elixir. It is a pure vegetable compound. D. O. Brunson, of Davis Station, S. C., says: "I had some kind of skin disease for twenty years. I paid out \$500 for the best physicians of the South, and found no relief. My skin was raw and itching all the time. My merchant insisted that I should try Lightning Blood Elixir. I had taken so many patent medicines that I had no faith, but thought I would try it, and now I am honestly saying that one bottle of Lightning Blood Elixir cured me sound and well." All druggists sell it, and will tell you all about it.

Fire at Sharpburg.

On last Friday morning about one o'clock fire broke out in the saloon of Wm. Merryfield, at Sharpburg, destroying the building, and also the Exchange Bank building. Everything in the Bank was saved. The building, one part occupied by Wm. Merryfield as a saloon, and the other part by Mrs. J. J. Matthews as a millinery store, belonged to B. F. Hughart, and was insured for \$1,200. The Bank was insured for \$600. It was rumored here that the fire was of incendiary origin, but Mr. Allen says it was not, but that it started in the saloon of Wm. Merryfield, and was probably the result of a defective flue. Sharpburg has been unfortunate, having only partially recovered from the disastrous fire of some months ago.

Merit Wins.

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Backlen's Arnica Salve and Electric Bitters, and have never had a single case of failure. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. FRATMAN & ESTILL, Druggists.

The following Champaign (Ill.) News, will be interesting to many friends and relatives of the young man in this county, as well as his remarkable success as a revivalist.

Rev. S. S. Jones has returned from Loraine, Adams county, where he held a revival meeting the past month. He found no organization there at all but considered it a good field to work and began his meeting. He concluded with an organization of one hundred and forty members, a Sunday school with seventy-five and a Christian Endeavor society with thirty members. It was a remarkable meeting and proves Rev. Jones a successful revivalist.

The latest in naval appliances is armor of especially prepared rubber. This armor is to repel the balls from an enemy's battery against himself, "hoisting him with his own petard," while the rubber-armored vessel is pouring it into him, also, from its batteries. When two vessels of this sort contend against each other their commanders will probably throw dice for which is to set fire to his magazine, otherwise it would be a sort of passball game, interesting but not dangerous.

"I have just recovered from a second attack of the grip this year," says Mr. J. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days, against ten days for the first attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy, as I had to go to bed about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting down." 50 cent bottles for sale by C. W. Honaker, Jr., & Co., druggist.
