The Meaning of It.

The following sections of the Local Option law are from the Kentucky Statutes. The reader can see there is no loop-hole of escape on the part of any one who sells, barter or loans any spirituous, vinous or malt liquors or any beverage, liquid mixture or decoction of any kind which produces or causes intoxication. The law covers the ground completely; not even hard cider or an intoxicating patent medicine can be sold. Also it will be seen that a druggist can not sell, barter or loan alcoholic or other intoxicating liquids, even on a physician's prescription. The law is absolute, as voted by the people of Bath county.

§ 2557. PENALTY FOR SELLING IN VIOLATION OF LAW.

After the entry of the certificate of the canvassing board, as above provided for in the order-book of the county court, if the vote was given against the sale, barter or loan of spirituous, vinous or malt liquors, it shall be unlawful for anybody to sell, barter or loan any spirituous, vinous or malt liquors in the said county, city, town, district or precinct, as the case may be to any person, except as herein after provided; and any person who shall sell, barter or loan, directly or indirectly, any such liquors in said county, city, town, district or precinct, shall, upon conviction, be fined the sum of not less than one hundred nor more than two hundred dollars for each offense; and any sale, barter or loan of any article, with the agreement, expressed or implied, that the right or title to or possession of any spirituous, vinous or malt liquors shall also pass, shall be considered a sale, barter or loan within the terms of this act.

§ 2557A. INTOXICATING BEVERAGE PENALTY FOR SELLING—WHAT CONSTITUTES SALE.

It shall be unlawful for any one to sell, barter or loan, directly or indirectly, any beverage, liquid mixture or decoction of any kind which produces or causes intoxication in any county, city, town, district or precinct, in which the barter or loan of spirituous, vinous or malt liquors is or shall be prohibited, in accordance with the local option law. Any person who shall sell, barter or loan, directly or indirectly, any such beverage, liquid mixture or decoction in any such county, city, town, district or precinct shall, upon conviction, be fined the sum of not less than one hundred dollars for each offense; and any sale, barter or loan of any article, with the agreement, expressed or implied, that the right or title to or possession of any such beverage, liquid mixture or decoction shall also pass, be considered a sale, barter or loan within the terms of this act.

§ 2558. DEALERS IN WHICH LAW DOES NOT APPLY—DRUGGISTS—PHYSICIANS—RETAILERS.

The provisions of this act shall not apply to any manufacturer or wholesale dealer, who, in good faith, and in the usual course of trade, sells by the wholesale, in quantities of not less than five gallons, delivered at one time, and not to be drunk on the premises; nor shall the provisions of this act apply to druggists, unless it be written in the petition, notice and order for the election that the provisions of this law and prohibition shall apply to druggists; if not so written, then licensed druggists may sell for medicinal purposes, on a prescription written and signed by a regular practicing physician, legally authorized to prescribe medicine, which prescription shall state the date thereof, the quantity thereof, the quantity prescribed, and the name of the person to whom it is prescribed; but no physician shall make or sign any such prescription unless such liquor is absolutely required as a medicine; any physician who makes or signs any prescription for such liquor or liquors, except as provided for in this section, shall be guilty of a violation of this act, and, on conviction, be fined in any sum not less than fifty dollars, nor more than one hundred dollars. It shall be the duty of every druggist to keep an accurate register, in a book kept for that special purpose, of every sale of such liquor made by him, his clerks or employees, which shall show, as to each sale, the date, the quantity, to whom made, and upon whose prescription, which prescription shall be preserved by said druggist for twelve months, and only one sale shall be made on any prescription; which register shall be open for inspection at all reasonable times by the county or Commonwealth's attorney and the grand jury of the county in which such sales have been made. Any druggist who shall fail to comply with any requirement of this section shall be fined in any sum not less than fifty dollars nor more than one hundred dollars for each failure; and failure to so comply shall constitute a separate offense. No provision of this act shall not

I take this method of letting the readers of THE OUTLOOK know that I am in a degree acquainted with George Kelley, charged with having

a horse of Elijah Groves in his possession. He is a simpleton and do not think he is morally responsible for his acts, as he has drawn money from the State and has run away from his widowed mother at Delvinta, Lee county, Ky., and has been from pillar to post since. His mother is a widow with the care of seven small children on her hands, and I write this in his behalf, knowing she is unable to do anything for her unfortunate weak-minded son.

GOOD NEWS FOR MOTHERS AND DAUGHTERS.

How often do we see a naturally beautiful face marred by wrinkles, blackheads, blotches and pimples, caused in the majority of cases by inactivity of the pores of the skin? These minute openings fail or are unable to perform their natural functions, hence the skin is disfigured.

We are pleased to say that the new remedy Paracramol makes the skin soft, smooth and healthy, by creating a natural activity in the pores.

When applied, Paracramol opens the pores, stimulates circulation, removes congestion and any inflammation by inducing perspiration. It draws out impurities and removes blackheads, pimples, blotches, etc., in a perfectly safe and sure manner.

If applied freely to the face twice a day, morning and night, and rubbed in well, then covered with a hot towel for two or three minutes, it will not only soothe but remove the troubles and impart a healthy peach-bloom glow to the skin that will please even the most particular woman.

Paracramol positively does not contain anything that will injure even the most delicate skin. It is a clean, safe, cooling, soothing, application that every mother and daughter can use every day in the year with pleasure and satisfactory results.

A trial will convince you. So get a bottle of Paracramol to-day from your druggist. If it fails to do what we claim, send it back to us and we will refund your money. We guarantee every bottle to give satisfaction.

Sold every where. 50c and \$1.00 bottles.
