A short time ago some men were engaged in putting telegraph poles upon some land belonging to an old farmer who disliked seeing his grass tramped down. He ordered them off his land. The men produced a paper which said that they had leave to put the poles up where they pleased. The old farmer went back and turned a savage bull into the field. The savage beast made after the men, and the old farmer seeing them running out of the field shouted at the top of his voice: "Show him your paper! Show him your paper!"

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The properties have so much faith in its curative powers, that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials. Address, F. J. Chepey & Co., Toledo, O. A farm journal editor very properly says that there are a great many reasons why farmers should visit each other more than is now the custom. One is for the exchange of ideas even if all of them are not accepted. Some times one idea is worth a great deal. Farmers are in need of sociability and in no other way can this be brought about better than by visiting. Winter is a good time to visit and exchange ideas. An old pack peddler is seldom admitted in the home of where many papers are taken and where families have plenty of sociable neighbors and friends. But few gold bricks are bought, and swindlers of all kinds steer clear of such homes.

ARE YOU DEAF?

ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Baltimore, Md., March 30, 1902. Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain

Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.

Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost.
