District Convention.

SCHOOL QUESTION SETTLED.  
The school controversy here has been settled by the Lees Collegiate Institute taking the public school. Willie Taylor and Mrs. S. B. Stidham, the teachers employed by the trustees, are to have positions in the institute for the next six months term of the free school at a salary of \$50 each per month. The pupils of the free school are to enjoy all the advantages of the institute for the term of six months without any extra cost. This agreement seems to have met the approbation of all the parties to the controversy, and we think it is a good arrangement for the children, as it would be almost impossible for this district to build a house that would be as comfortable as the college building, which has ample room and is well lighted and heated and well arranged for the comfort and convenience of the pupils.

He had been in the employ of the L. & E. about twelve years and was considered one of their best men. His wife was the daughter of H. D. Hays, of this town, who still survives him.
