E. L. Dawkins, who has been visiting home folks at Worthville for the past month, has returned and resumed his work as clerk in the bank.

James Lykina was cut and stabbed several times with a knife by Jesse Trent, on Frozen creek, near Thomas Strong's last Sunday evening.

Abner Bowman, of Athol, was here visiting friends and relatives from Saturday till Monday. He is unusually stout and active for a man of his age.

Sam Turner shot and wounded Nigger Richmond in the leg last Friday evening. The difficulty occurred near the residence of Alex Herald, near the mouth of Punchedon Camp. The parties were said to be drinking at the time.

In a difficulty near the home of Henry Gabbard, on Punchedon Camp, last Saturday evening, Isaac Gabbard got his arm broken and Mrs. Henry Gabbard was accidentally hit in the head with a rock and seriously hurt. We understand that Breck Little is accused of breaking Gabbard's arm. The belligerents were drinking at the time.

We take the following from the Clay City Times of March 26:

"The Jackson Democrat is for Judge J. Wise Hagins for Circuit Judge in the 23d judicial district. The Democrat is for the right man. Judge Hagins has been a man who has always followed honest convictions of right as he saw. He may have been in bad company, but not altogether, for where ever you have found the Judge in the past few years, you have also found about 1,000 other Democrats of his county. Such men are not to be driven from the party if we expect to gain victories. Judge Hagins is honest, capable and from principle every inch a Democrat. He can carry 1,000 more Democrats than any other man, which means his election. Then why not nominate him!"

### Commonwealth's Attorney.

Qualifications, fitness for the office to which one aspires should be and is the first consideration of the people. The selection of an able commonwealth's attorney is indeed important. In his hands the rights of the people are entrusted to him. Society must look for redress and protection against crime and criminals. He is the people's, the law-abiding and law-abiding, the best citizens' representative. The criminal when caught employs the best legal ability to be had. Men who are specialists in criminal law, expert judges of men, forceful lawyers of great ability, throttle justice in open court unless the people's rights are protected by the commonwealth's attorney. If law and order can be maintained, the people's rights protected, the supremacy of the law upheld and our homes safeguarded, the people must have a fearless champion of undoubted integrity and equal in ability to the best lawyer in the district. The emoluments of the office justify the services of such a man; the people demand it; the preservation of their rights justify it.

Our fellow-townman, A. H. Patton, has by his energy and ability built up a lucrative practice. He is recognized as one of the leading lawyers of Eastern Kentucky. By his unswerving devotion to the rights of the people, his courageous stand on all public questions, has found the way to the hearts of our people. They have seen him utter, of old know he will stand by their rights, they appreciate his firmness of this way and public sit logging and gun-limited conf. Mrs. Rachel McElroy, the wife of V. C. McIntosh, for the Mrs. Julia Ann, to carry the solid vote of his party, and practically the full strength of the independent voters of this county.

### Shake In A Bottle.

Now is the time when the doctor gets busy, and the patent medicine manufacturer reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they could either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

### Simpson.

Dr. Wise, of Lee City, was at this place Tuesday to see the sick. Harlan Wilson has moved from the head of Boone to Davis. Charles Sweeney moved from Stillwater to the farm he purchased of Harlan Wilson. Mrs. Hampton is having her farm sown in oats and grass. M. D. Maloney cut his foot very bad the first of the week. Algin Derickson was on this side Tuesday. There will be a sacrament and foot washing at this place the first Sunday in April conducted by Rev. Madden and others.

Judge T. B. Blakey, of Beattyville, has been appointed Assistant Attorney General under the act passed by the legislature. He is a native of this county and has been in the act of passing the bar.

### School Legislation.

The last General Assembly of Kentucky will go down in history of Kentucky as the "Educational Legislature." It made a record for more school legislation than any General Assembly preceding it. Following are the most important acts passed by it, all of which have been signed by the Governor:

"The Half-Million Appropriation," made up of \$200,000 for the State University and \$150,000 for each of the State Normal schools for additional buildings and repairs. The same measure carried increased annual appropriations to these three institutions.

The bill changing the name of Kentucky State College to Kentucky State University, Lexington, Ky. This is an act which has long been desired by the alumni and other friends of this institution. In this connection the fact should be emphasized that all sub-freshman work in the sense of preparatory work will be eliminated after two years. Those now matriculating in the academy will be given opportunity to finish their academy course. All sub-freshman work in the Normal Department will cease at the close of this school year. The law provides for regular collegiate work in the Department of Education, but there will be no sub-freshman studies offered in the Normal Department after this summer.

A bill was also passed changing the name of Kentucky University, at Lexington, to Transylvania—the name under which this institution in years past won great renown.

A bill creating an Educational Commission of eleven members which shall make a study of the present school law and school system of Kentucky and of other States and draft recommendations to be laid before the next General Assembly. The law provides the memberships of the Commission as follows: The Governor, ex-officio; the State Superintendent, ex-officio; the Presidents of the two State Normal schools, ex-officio; The President of the State University, ex-officio; one Representative elected by the Lower House of the General Assembly; one Senator elected by the Upper House; one member of the Federated Woman's Clubs, selected by the officials of the Federation; one representative of the colleges; one city superintendent; and one county superintendent—the three last named to be appointed by the Governor. Representative J. H. Jackson, of Owen county, was selected by the House; Senator J. J. Watkins, of Union county, by the Senate. Governor Willson has appointed Dr. F. W. Hinit, President of Central University, at Danville; Supt. E. H. Mark, of Louisville; and Supt. L. N. Taylor, of Pulaski county.

It is rightly believed that this Educational Commission has a greater opportunity before it for shaping the educational destinies of Kentucky than any other legally authorized body ever provided for in the South.

"The bill creating a County Board of Education and doing away with the present cumbersome School Trustee System many men prominent in education and in politics both have said that there is a greater possibility of improvement for the common schools in this measure than in all the others put together.

At an early date, we shall give an analysis, somewhat in detail, of the provisions of the County Board Bill which becomes a law in ninety days from the date of its signature, which took place March 24th.

Deputy U. S. Marshal Mays captured John Noe and James Stamper, moonshiners, in Powell county last week and placed them in the Richmond jail. The posse destroyed 2,000 gallons of beer, 150 gallons of singlings and a still claimed to be worth \$500.

Stop with Hart and others, at the Reed Hotel while in Lexington, and examine.

### Christian Church Convention.

The Christian Church Sunday School Convention, comprising the counties of Breathitt, Wolfe, Powell, Lee and Estill was held at Hazel Green, the 28th and 29th of March. Those who went from Jackson were Misses Josephine McGuire and Mollie Stidham and Rev. C. M. Summers and Paul Derthick, Robert M. Hopkins, from Louisville, and Rev. George Vergo, from Australia, a student at K. U., joined the crowd at the O. & K. Junction.

The convention was the best that has been held in this district. The addresses given by the different speakers were practical and full of inspiration. Much progress in Sunday school work has been made in this district since the convention of a year ago. At all of these sessions there was a crowded house. The convention took a decided stand for teacher training classes and the adult Bible class movement. The time has come when the Bible school must have trained teachers—teachers who are Bible students and who can impart their knowledge to others. Then the time has come when the adults must be found in the Bible schools, and the adult Bible class movement is spreading all over this country. One speaker said that every person under the age of 105 years should be in a Bible class.

The new officers for the year are, President Prof. M. O. Carter, Vice President, Paul Derthick; Secretary and Statistician Miss Kate Reed.

It was voted to hold the convention at Irvine, Ky., next year.

### WOLFE COUNTY. Lee City.

Dr. Wise went to West Liberty on business Monday. A large crowd went to Cannel City Sunday and all report a nice time. The Juniors from here were R. B. Rose, Dr. J. H. Dunn, Whitney Wise, Bruce Rose, George Taylor, Henry Clair, Harland Pratt, J. L. Duff, others who attended were Misses Edie Bryant, Sebina Patrick, Ethel Wise, Nora Wise, Mrs. Carrie Duff, Mrs. George Taylor, Rosa Rose, Merdie Stricklin, Alex Duff, Henry Chaney and a Mr. Hounshell. Elder J. D. Hunter and F. P. Wilson preached able sermons. Mrs. W. P. Wise has been on the sick list for several days. Dr. Wise was called to the bedside of his sister a few days ago, who is very low with consumption. Miss Nora Wise has returned from Elkatawa where she had been visiting relatives. Miss Trina Watters returned from Berea College Saturday. Rev.

### OWSLEY COUNTY.

#### Eversole.

Circuit court convened at Booneville last Monday with Judge Lewis on the bench and Hon. Ira Fields as commonwealth's attorney. Up to date there have been but two sent to the penitentiary, viz.: Dan Terry and one of the Evans boys. Two small boys were sent to the House of Reform. Arthur Yearry and a Miss Johnson were arraigned before the court for living in adultery. In order to beat the case they agreed to marry. Everybody in the court seemed anxious to be at the wedding. While Yearry was getting his license, Charles Hogg, a noted young attorney, moved the judge that the couple should come up stairs and marry before the court. The judge sustained the motion and Jackie Smith was sent to inform them of the same. In a short time the couple entered the court room, the young woman carrying a child in her arms. Chas. Hogg, always willing to lend a hand in time of need, agreed to hold the baby while Rev. S. K. Ramey officiated. The ceremony was soon over and Rev. Ramey, in a very dignified way, introduced Mr. and Mrs. Yearry to the audience. No one seemed to extend a warmer congratulation than "Yaller Britches." Jackie Smith declared that this was the first couple he had ever waited upon. Matt Roberts, who lived at the mouth of lower Buffalo, died at his home Friday night and was buried Saturday. James Gentry, of Madison county is moving to J. C. Roses'.

Blanton Bros. have finished their log contract for F. W. Fletcher on South Quicksand and have moved back to their homes at Lambrie.
