THE TICKET.

GOVERNOR, - - - JOHN YOUNG BROWN, Of Henderson. LIEUT. GOVERNOR - MITCHELL ALFORD, Of Fayette. ATTORNEY-GEN. - W. J. HENDRICK, Of Fleming. AUDITOR, - - - L. C. NORMAN, Of Boone. TREASURER, - - - H. S. HALE, Of Mason. REGISTER, - - - G. B. SWANGO, Of Wolfe. SEPT. INSTRUCTION, - E. P. THOMPSON, Of Owen. CLERK COURT APPEALS, - A. ADDAMS, Of Harrison.

The Democratic State Convention met pursuant to call at Louisville at noon, on Wednesday, by Chairman Castleman, of the State Central Committee. J. H. Goodnight was named as temporary Chairman, and having appointed Committee on Permanent Organization, Credentials and Resolutions, the convention adjourned till Wednesday night. For this (10th District), Z. T. Young was placed on Committee on Credentials; D. D. Sublett on Organization, and Judge W. M. Beckner on Resolutions. The convention adjourned till 8 p. m. Upon the arrival of the hour for re-assembly, the Convention promptly went to work. The Committee on Resolutions was ready to report and named Charles R. Long, of Louisville, for permanent Chairman; James E. Stone for permanent Secretary. It further recommended the dropping of name of the candidate receiving the lowest number of votes after the 10th ballot. The Committee on Credentials not being ready to report, the chair refused to allow any business of real importance to proceed without unanimous consent. The convention bent on having the nominating speeches made, Mr. Reuben A. Miller, of Owensboro, presented the name of John Young Brown, Hon. A. S. Berry nominated Cassius M. Clay, jr., and Theodore Hallam, of Covington, presented the name of P. Wat. Hardin. The Convention adjourned till 10 o'clock Thursday morning.

Upon the meeting of the Convention James A. McKenzie, of Christian county, placed in nomination for Governor, Dr. Clardy, then followed numerous speeches seconding the nominations. The report of the Committee on Credentials was received and adopted without debate, but when the Committee on Resolutions reported it waked a perfect storm. Senator Blackburn who was Chairman of the Committee moved the adoption of the report in a strong speech. Ex-Congressman McKenzie and others opposed that part of it which referred to the free coinage of silver and McKenzie, during the course of his remarks, made a thrust at Blackburn by using the words, "Somebody is out of humor with Grover in Kentucky." Senator Blackburn of course, came back in some remarks and for a while a pan-egyric was given, but the resolution adopted by an overwhelming

"First—The Democracy of Kentucky declare their unflinching devotion to the principles of public policy which make the party maintaining them as national in purpose and as popular in spirit as it was when founded by Jefferson.

"Second—We congratulate the country that the elections of the past year give abundant promise of the overthrow of the Republican party and the final and complete restoration to the people of the control of the Federal Government.

"Third—We insist that tariff reform is the paramount issue before the American people and denounce the McKinley bill as the most outrageous measure of taxation ever proposed in the American Congress. It has increased the burdens, already too great, upon the necessities of life and reduced taxes on luxuries that are most able to bear them. It has made existence harder for every farmer and wage-earner in the land, in order that the profits of the monopolies and trusts may be increased. It robs the many to enrich the few, and does not open a market for a single bushel of wheat or a single barrel of pork. In contrast with it the policy of Grover Cleveland and John G. Carlisle would discourage unnecessary expenditures, provide all needed revenue, cheapen what we buy and open the markets of the world to the products of our farms and factories."

"Fourth—Recognizing the fact that the United States is the greatest silver-producing country in the world, and that both gold and silver were equally the money of the Constitution from beginning of the republic until the hostile and fraudulent legislation of the Republican party against silver, which unduly contracted the circulating medium of the country, and feeling that the great interest of the people demand more money for use in the channels of trade and commerce, we tender our gratitude to the Democrats in the last Congress for their almost unanimous votes in both houses in favor of the free coinage of silver, and demand its restoration to the position of equality before the law given to it by our fathers."

"Fifth—We present for the consideration of the people of the land the course of a Republican Congress which, by its reckless, profligate and ruinous expenditure of public money, has in two years squandered the surplus of more than a hundred million dollars left in the Federal Treasury by a Democratic administration, whilst it has increased in the most extraordinary and unprecedented manner taxation that will add to the distress of the people, and at the same time be inadequate to meet the demands of those who are using the Government to serve their selfish purposes."

"Sixth—We return thanks to the patriotic members of the last Senate of the United States who defeated the unjust, iniquitous and partisan measure known as the Force bill, which would have been a fearful blow at home-rule and local self-government, and was intended to place in the hands of the Republican party the machinery whereby it might by force, fraud and intimidation have perpetuated its iniquitous rule and destroyed the freedom and integrity of the ballot."

"Seventh—We commend to the people of the State the manly, patriotic and upright course of the Chief Executive whom the Democratic party gave to the Commonwealth four years ago, and endorse his administration as consistent with the principles on which he was nominated and elected."

Immediately after the adoption of the report of the Committee on Resolutions, the Convention proceeded to take a single ballot for Governor before it adjourned for the night. This ballot stood: Brown, 2754; Clay 2644; Clardy, 1904; Hardin, 1867.

The fight continued till the eleventh ballot, when Dr. Clardy's name was withdrawn. Upon the conclusion of the twelfth ballot Hardin withdrew from the race, and in a manly speech urged his friends to lay aside all thoughts of bitterness and go to work to make a nomination as if he had never been in the contest. The thirteenth ballot was between Brown and Clay, and before it was ended the proposition was made to make the nomination of Mr. Brown unanimous. M. C. Alford was nominated for Lieutenant-Governor by acclamation. In the contest for Attorney-General, there were four entries. Mr. Wilbur F. Browder, of Russellville, nominated John S. Rhea; Marc D. Gray, of Williamstown, placed the name of Jo. L. Elliston before the convention. Ex-Governor McCreary placed George G. Gilber in nomination, and Judge Alex Humphrey, of Louisville, named W. J. Hendrick. The first ballot standing: Rhea 322, Elliston, 169, Gilbert 213, Hendricks 215. After the second ballot Elliston's name was withdrawn, and before the call

these two to carry him in winner. The convention adjourned till Saturday morning at 9:30 o'clock.

Upon the reassembling of the Convention on Saturday morning, nominations for Auditor were made. A. L. Peterman, of Moore, naming Capt. Jas. Blackburn. Hon. W. H. Mackey, of Kenton, nominating L. C. Norman. R. C. Warren was placed in nomination by J. D. Black. Wallace McKay named Charles S. Green. Upon the first ballot, Col. L. C. Norman received 515 votes, more than a hundred votes over all competitors. Maj. H. S. Hale, candidate for Treasurer, was nominated by acclamation.

In the race for Register of the Land Office came the fight of the Convention. There were four candidates, T. H. Corbett, J. Alex. Grant, T. B. Bullock, G. B. Swango. Sam. J. Sawyer made a magnificent speech in nominating Judge Swango. His many friends from this section, who had the pleasure of hearing him, came home, very enthusiastic in their praise of his effort. Upon the second ballot the names of Grant and Bullock were withdrawn and the field was left to Swango and Corbett. In the call of the ballot there was such an amount of confusion that it was impossible for the Secretary to keep correct tally and for a while pandemonium reigned. The ballot had to be taken over to settle the matter after two hours had been spent in wrangling over the result of the one attempted, and upon the footing of this, Swango was declared victor.

Capt. Ed. Porter Thompson was nominated for Superintendent of Public Instruction and A. Addams for Clerk of the Court of Appeals. The ticket is an exceptionally strong one and will roll up one of the largest majorities ever given in Kentucky.

The report of the Committee on Permanent Organization was presented and adopted with but little change.

The State Executive Committee is constituted as follows: "First District—Henry Burnett, of McCracken. "Second District—Urey Woodson, of Daviess. "Third District—D. C. Walker Simpson. "Fourth District—James R. Wortham, Grayson. "Fifth District—Charles R. Long, Louisville. "Sixth District—Rod Perry Gallatin. "Seventh District—S. G. Sharp, Fayette. "Eighth District—L. W. McKee, Anderson. "Ninth District—Charles B. Poynts, Elliott. "Tenth District—R. H. Vansart, Whitley. "Eleventh District—G. A. Denham, Whitley.

"The State Central Committee is constituted as follows: John B. Castleman, Chairman; James M. Fetter, Attilla Cox, Sterling B. Toeny, Wm. L. Lyons, Frederick Hoertz, Boyd Winchester, Louisville; James W. Bryan, Covington; James D. Hines, Bowling Green; John H. Welch, Nicholasville; H. P. Thompson, Winchester; James A. Garnett, Columbia; H. D. Allen, Morganfield.

There is no danger from whooping cough, when this remedy is freely given. It completely controls the disease. 50 cent bottles for sale by T. G. Julian.

Mr. Ed. C. Orear, also of this city, is very favorably spoken for the nomination of Republican party for Attorney General. Mr. Orear is not disturbing himself about the empty honor, his extensive practice absorbing so much of his attention that he really has little time to bestow on such small paying matters.

HORSE AND TRACK.

Tyrolean, 2:20, is expected to beat 2:15 this season.

Country Girl, 2:22, has been bred to Roy Wilkes, 2:08.

Lida Bassett, 2:20, has a foal at foot by Antevolo, 2:19.

Eastern parties have offered Bob Stewart \$6,500 for Walter E.

Senator Stanford says Smol cau trot quarters in twenty-nine seconds.

Crit Davis has about fifty head of horses in training at Harrodsburg, Ky.

Doble expects to have about forty-five head of horses in training this season.

Always breed to something that is an improvement on what you now have.

Gold Leaf, 2:11, is a very sick mare at Parkville Farm. She is not expected to live.

It will save you money in the horse business to learn by the experience of others.

Annabel, by George Wilkes, will be bred to Alcantara in the hope of getting a sister to the dam of Prince Regent.

Stamboul, 2:11, the great son of Sultan, 2:24, is 15 hands, 2 1/2 inches high, and is as handsome as a thoroughbred.

Alta Bell, sister to Bell Boy, St. Bel, Chimes, etc., has been bred to Stamboul, 2:11, and will be trained for a fast mark this year.

The demand for Nutwood's get out of the choice mares at Highland Farm is on the increase, one of the latest sale being the five-weeks-old chestnut colt, Eolian, by Nutwood, out of Alcantara's daughter Alpha, to John E. Owens, Parkersburg, Pa., for \$7,500.

John Goldsmith expects to put five of the get of Sable Wilkes, 2:18, in the 2:30 list this season. As his oldest colts are but three years old this spring, if he succeeds in doing this it will place Sable Wilkes far ahead of any other horse as a sire of early speed.

The report comes from California that the filly, Rowena, by Azmoor, 2:24, dam thoroughbred, will be sent against Freedom's yearling record of 2:29. It will be remembered that Azmoor's dam is thoroughbred and if a filly bred in such lines as Rowena should secure the yearling record, there would be many converts to the "thoroughbred blood in the trotter" theory.

The gray mare Sonoma by Electioneer, dam Sontag Mohawk, took a record of 2:28 at San Francisco last Saturday. This gives Sontag Mohawk six trotters better than 2:30 and ranks her second only to the great mare Green Mountain Maid. It is probable that before the close of this season Sontag Mohawk will have one, and possibly two others in the list. As she is now but sixteen years of age she gives promise of proving one of the greatest of all brood mares.

Last season on the turf was in some respects disappointing to those who looked for record smashing. The stallions did their part in reducing the record for aged and four-year-olds, and beating the previous best yearling record, but the mares and geldings which were expected to beat the time of Maud S. and Jay-Eye-See failed to do that fast. More trotters entered the 2:30 and 2:20 lists and more young trotters earned records than in any previous year. But even conservative men look for something better this year in the way of equaling or approaching the record of the queen, as never before were there so many trotters with such apparent good prospects of going fast as at present.

The correspondent of the Breeder and sportsman writing from Santa Rosa, tells a clever story on an enthusiastic horseman up that way. He has a mare that dropped a colt the twenty-ninth of December. He had been lying awake nights and praying that the colt would not make its appearance until after the first of the year, but his prayers were of no avail. When the heir came, he shut it and its mother up in his barn, thinking to keep its advent from the knowledge of the outside world in order to have it come in as a '91 colt. But the mare grew frisky, kicked the door open on the thirtieth, and the heir got out in the yard. A neighbor's lad got a glimpse of it, and while our enthusiastic horseman was relating to a coterie of friends, that he expected his mare to drop a colt in a few days, a small boy ran up to him and said: "Say mister, your colt has broken out into the yard." The enthusiastic horseman hurried home almost too full for utterance, but it is said that he managed to articulate a few forcible quotations from the good book, when he realized that his little game was knocked into a cocked hat. He very appropriately named the colt "Little Too Soon."

The extreme dry weather is playing havoc with our farmers, they having planted only about half a crop. Some farmers are not through breaking ground yet. The corn that has been planted is growing very little. Grass is suffering very much; the frosts and dry weather have almost entirely destroyed our prospect for fruit; the outlook for the tobacco men is certainly gloomy; plants are doing badly, and the ground is so dry that it cannot be put in condition for planting. We advise those having old crops not to be in too big a hurry about selling, as this long drought will certainly enhance the value of the last year's crop.

The reports that come to us from this entire section say that the farmers are making extensive preparations for a large crop. All growing crops are promising a large yield, whilst prices for grain are ruling very high. Cattle are also being bought for summer delivery at good round prices, with a prospect that they will go still higher. Tobacco, all things considered, is doing better than for two years past. In fact it begins to look as if the farmer's time had come to get back some of the losses he has been sustaining in the last few years.

Julian, the druggist, desires us to publish the following testimonial as he handles the remedy and believes it to be reliable: I bought a 50 cent bottle of Chamberlain's Pain Balm and applied it to my limbs, which have been afflicted with rheumatism at intervals for one year. At the time I bought the Pain Balm I was unable to walk. I can truthfully say that Pain Balm has completely cured me. R. H. FARR, Holywood, Kan. Mr. A. B.
