

THE ADVOCATE

HARRIS & MASON, Proprietors

MT. STERLING, TUESDAY, AUG. 25, 1891.

FOR PRESIDENT.

GROVER CLEVELAND,  
Of New York.

FOR VICE - PRESIDENT.

JOHN G. CARLISLE,  
Of Kentucky.

THE TOBACCO WAREHOUSE ASSOCIATION.

The Exchange Warehousemen would have the world believe that since the Kentucky Tobacco Growers' Association at their recent stockholders' meeting failed to re-elect three of their former directors, that they are in a muss among themselves. Doubtless the warehousemen are sorry in the case, but the facts are nothing to be further from the truth. Mr. Barker had said, unless he was allowed to take stock enough in the business of the house to make it an object of special interest to him, he preferred to retire. His position was considered antagonistic to the charter, and against the interests of the house, so he voluntarily withdrew. Mr. Dewess became displeased last April because he was selected as manager of the house, and in a huff went off and bought ten thousand dollars worth of stock in the Farmers Warehouse, (an institution in which his father is largely interested), shipped his own crop to that house, and it is charged influenced others to ship there. Of course this could not be tolerated, and the nature of the result was his defeat in the recent election. He is now an enthusiastic "Bogardus Kicker," but it is known of all men, that he is now an outsider occupying precisely the same position as any other warehouseman, and they all kick with an energy worthy of a better cause. Judge Turner lives more than 200 miles away from Louisville, in a section of the country that does not ship any tobacco to the house. He had taken no stock in the Association, and was believed by the stockholders the interests of the house could best subserved by selecting another man. The Growers' house has nothing whatever to do with the muss the Exchange Warehousemen are kicking up among themselves. If they accuse each other of violating Rule 6, or any other rule, the Growers' house has nothing to do with that. It is an institution of their own framing, one that the Growers' have no stock in or sympathy with. It is only a Protective Tariff for the benefit of a few warehousemen, and the Growers' are for Free Trade. They simply ask the liberty of selling their own crops, with the least possible expense attached. The recent dividend of 15 per cent, declared by the Growers' house at the end of four months business, shows conclusively that \$1.50 per hoghead is too much for the grower or shipper to pay. Let the tobacco growers and shippers everywhere stand by the Growers' house, and it will right a wrong that has long existed. We have had the Leaf Tobacco Exchange question explained to us, perhaps a dozen times, but we utterly fail to understand how it can be of any benefit to anybody except as a protective tariff for the exclusive benefit of a few warehousemen.

The Pennsylvania Republican Convention snubbed Blaine, Wednesday, to the same extent that the Democratic convention of Kentucky last week snubbed Cleveland. Each was snubbed in favor of its standard-bearer in the National campaign of 1892, but neither considered it good politics to plunge into a stream a year before coming to it.—[Louisville Times.]

"A woman can never keep anything to herself," said Danboy to his wife, who had been repeating something he didn't want known.

"Oh, yes she can," said Mrs. Danboy, sweetly.

"I'd like to know what it is!" he growled.

"It's her real and private opinion of her husband."—[Detroit Free Press.]

"Well, this is Act 1st," said the summer youth, as he put his arm around her and tenderly drew her to him.

"And it is also Scene 1st," replied the Summer girl, as she pointed to her downing chaperone standing not ten feet away.—[Life.]

Sharpsburg Items.

Miss Lillie Thompson, of Owingsville, visited Mrs. Robert Hopkins last week.

Miss Pearl Kincer is visiting friends at Morefield this week.

Mrs. T. Wood returned Monday from a two week's visit to friends and relatives at Maysville.

Miss Nancy Kincer is the guest of Miss Mattie Emmons at Reynoldsville.

Mrs. Cole Bascom and son, John, are spending a few days at Olympian Springs.

The warlike times, which prevailed here during the election and the fair, have passed away, and peace again spreads her white wings over our village.

Saturday, Sunday and yesterday were very rainy days, but every drop that fell was welcome. It will be a great help to corn and tobacco, and will insure a good crop of grass for fall use.

A number of our citizens attended the Maysville fair last week.

Mrs. Mary (Byrum) Thompson departed this life at her home on Main street last Saturday morning at 3 o'clock. She was born at Moorefield, Nicholas county, Feb. 3, 1834, and in August, 1859, she joined the Methodist church (South). November 15, 1859, she was united in marriage to Richard L. Thompson, who survives her. She also leaves five daughters to mourn her loss. The funeral was preached by Rev. Redd at the Methodist church last Sunday afternoon at 3 o'clock, and the interment took place in Crown Hill Cemetery. The cause of her death was that fatal disease, consumption. Thus passes from our midst a woman of noble character, a devoted wife, beloved mother, and one who was esteemed by all who knew her. A large concourse of sorrowing friends and relatives followed her remains to their final resting place, and while the heavens were hung with the mourning drapery of clouds, all that was mortal of Mrs. Thompson was consigned to the tomb, her immortal soul having taken its flight to God. "Blessed are the pure in heart, for they shall see God."

And now, as we must leave these parts for a few weeks, we hand our pen to a competent substitute, who will take pleasure in keeping the ADVOCATE fully posted as to the events in this neighborhood during the absence of

HORSE AND TRACK.

Camptown, the dam of Egbert, has been bred to Mambrino King.

Four of California's breeders are confident of lowering Freedom's yearling record this year.

At Ottawa, Ill., last week, Dr. Sparks, 2:18½, went the fastest heat ever trotted by a four-year-old over a half-mile track, and it was a fourth heat at that.

Alvin and Rosaline Wilkes have each trotted in 2:15 in a race this season. Alvin did his mile at Cleveland, while the Wilkes mare did the trick at Buffalo.

The Cyclone trotters are getting very plentiful. One, two, three and four-year-olds by him are on the move and are winning more than their share of the races.

C. W. Williams, Independence, Ia., has sold to W. H. Huegle, of Des Moines, Ia., the two-year-old colt Drifton, by Nutwood, dam Miss Redmon, by Bourbon Wilkes, for \$55,000.

When the colt Brown Hal was bought by his owner Campbell Brown, he cost \$780. Dallas was once sold for \$150, Hal Pointer for \$200 and Little Brown Jug for \$60.

Mary Marshall stepped the last half of a mile at Independence, Friday, in 1:03, and the last quarter in 30½ seconds. Allerton also trotted the last quarter of a mile the same afternoon in 30½ seconds.

Sallie Benton, the gray mare that reduced the four-year-old record to 2:17½ in 1884, has had her first starter in public. She was the two-year-old gray filly Starlight, by Electioneer, and she won her engagement, taking a record of 2:31.

C. H. Nelson, with his famous stallion and fourteen others, is at Rush Park track, Independence, Iowa. The 400 stalls at the track are all full, and the hundred being built are all spoken for. A large number of horses will be stabled outside the track.

Tom Jones, Des Moines, Iowa, has purchased from R. G. Stoner, Paris, Ky., the yearling bay stallion Lord Wilkes, by Baron Wilkes, 2:18, dam Nathalia, by Nutwood, 2:18½; second dam Beatrice (dam of Patron, 2:14½), by Cuyler; third dam by Mambrino Patchen.

Jubilee De Jarnette had thirty-two ounce shoes on his fore-feet when delivered at Riverside Park, Rushville, Ind. 'Tis said that heavier ones would have been put on had there been more iron in Comersville. He is now gambling around the track in 2:35 with thirteen-ounce shoes.

The black gelding Black Diamond, who has been reported dead by a number of turf papers, won a race at the Louisiana (Mo.) meeting, trotting one heat in it in 2:21, which is said to be the fastest mile ever made over a half-mile track in the State. At all events it was very fast work for a dead horse.

Lady Bunker, dam of Guy Wilkes, 2:15½, was barren for three years, and became very fat. Last fall M. Lang, her owner, broke her to harness, although she was seventeen years old and worked one hundred and fifty pounds off her. She was then stunted, her to Prince Regent, and is due to foal this fall.

A man cannot well afford to train colts that toe in, or toe out, or have long weak backs or crooked legs, that will require a full set of boots to keep them from thumping themselves to pieces. Either knock such goods in the head or dispose of them at road-horse prices, as it does not take very long for them to eat their heads off on the farm.

Nelson failed at Freeport, Ill., in an attempt to lower his mark of 2:10½. He trotted a mile in 2:11½, just equaling the time in which he turned the track at the recent great Detroit meeting. The mile was very poorly rated, the quartering being 33½, 32½, 31, 34½. The middle half was thus trotted in 1:03½, and the third quarter at the rate of 2:04.

Before the Hal Pointer-Yolo Maid race at the recent Cleveland meeting, Secretary Fasig was chaffing the colored boy who rubs Brown Hal about the race. Of course the boy's heart was with Hal Pointer, and when Mr. Fasig said, laughingly, "I guess that the Maid will make you fellows walk home," he took it in earnest. "Well," he answered, "mebbe she will, Mr. Fasig, but it am a heap farder to old California than it am to Tennessee." As we all know the boy did not have to walk.

SCIENCE HILL

SHELBYVILLE, KY.—An English and Classical School for Girls. Sixty-seventh Annual Session opens Wednesday, Sept. 30th, 1891. Prepares for Wellesley. W. T. POYNTER.

It is said that Goldsmith always does two things when a horse joins his stable; put a side check on, and let the animal's toes grow out long, it being his idea that this treatment of the feet gives them more speed, although they are more liable to break down or injure a tendon in case they try to go too fast.

The roan colt Bermuda Boy has reduced the half-mile track record for two-year-olds to 2:29. He has been a very consistent performer since he started out in Illinois in June, and will have speed enough to make Monbars step when they come together. He recently showed an eighth in seventeen seconds. This is a remarkable brush of speed for a youngster that has been raced as much as he has.

Alma Mater has now three sons that are sires of speed, and speed that has been seen in front when the time was better than 2:30. They are Alcantara, Aleyone and Allandorf, the latter being the sire of Strong Boy, a colt that paced the second heat in the race that won at Portsmouth, O., last week in 2:25. Strong Boy is four years old, and will in all probability beat 2:20 this season.

The black stallion Temple Bar, who won the Merchants' and Manufacturers' Stake at Detroit, and came to grief at Cleveland, is a six-year-old, and stands 15½ hands. He started the season with a record of 2:25½, and lowered it to 2:17½. In none of his races this year has he suffered defeat. Temple Bar inherits speed and gameness. His sire is Egbert, son of Hambletonian 10, and his dam, Nettle Time, produced two other trotters with records better than 2:30.

Horses that are afraid of the cars are doubly dangerous, as no one can travel much without coming in contact with the cars. The way to break horses to the cars is not to drive them in a carriage as near to them as possible and then punish them with the whip to make them stand still, but rather get them kept a night or two right close to the railroad, where they can see the cars a dozen times a day, and they will get so accustomed to them that they can be driven by the cars with perfect safety.

Kentucky horses have, during the present season, been shedding fresh lustre on her turf history. Nancy Hanks has already lowered her great record of last year and promises to beat 2:20 at 2 o'clock p. m.

one of the greatest record breakers of the year. Temple Bar, Mambrino Maid, New York Central, Doctor Sparks and other great horses have shown the quality of their breeding on many of the tracks of the country. They have added new evidence to the truth of the old adage that "blood will tell."

Hal Pointer has lost but two races since he has been on the turf. His first appearance was made in Columbia, Tenn., on October 2, 1888. On that occasion he was defeated by the gray horse Engineer after he had won two heats in what proved a six heat contest. His fastest mile that day was finished in 2:33½. Two days later he started again and won a five heat race taking a record of 2:29½. As is well known his next appearance was at Cleveland, during the Grand Circuit meeting of 1889 and the only defeat he sustained since the time was when Chapman met him at Rochester. It is not generally known when Chapman won his engagements at Detroit and Rochester, he was owned by F. Veits, of Ashtabula, O. He was purchased for a trifle, looked after very carefully and proved a successful horse.

Notice.

The sale of the booth privileges of the Hazel Green Fair Association, will take place on Wednesday, September 10th, at 2 o'clock p. m.
