

### SUMMER COON

#### Tells About the Political Situation in Matelee.

#### Oiling the Dissatisfied Element With Blue Ribbon.

#### HAD A GOEBEL MEETING.

Matelee Phillips, July 30, '99.

A big goebel meeting at Admiral Jones head quarters in which sum of the most prominent goebel leaders met and disgust the bolting democrats persuasion in statesman like manner, among the gathering of politicians were Senator Ben Frisby, ex-Senator Joseph Swartz, Comadore John G. Shomake, Secretary Fitzgerald and the honorable James Thomas of Higginsville, Missouri. Mr. Thomas made quite a speech on the present outlook among the bolters, which will probably bring sum of the mattlee bolters back to there punching all rite by the 1st of november. Mr. Thomas sed in his speech that he had started out as a bolter and had made up his mind to never suport Senator goebel, but after a consultation with the summer coon he has changed his minde and will help the summer coon to stump the mattlee phillipons for the goebel ticket. Admiral mill Hall says he will all so take a seat in the goebel band wagon. the summer coon is oiling up all of the short bolters with blue ribbon; he says that will land the most of them all rite when a man bolts the reglar nomance of his party because evry body else don't see with his eyes, are gernerly summer men, and there is nothing better to doctor them with then hudsons olde blue ribbon. It all ways landed olde Summer at the rite place when he got to scattering in politicks so I think you had better come back in the goebel folde or the woolvs mite goble you up again this fall. Sum of our high toned bolters woulde come home all rite if he could see a little piece of pve set a side for hi speel benefit, but we can't hav pve evry meal how ever wee will hav ginger snaps once a month and a nip of blue ribbon evry day providing 10c is in site.

### SUMMER COON.

#### KIDNEY TROUBLE

Is a deceptive disease—thousands have it and don't know it. If you want quick results you can make no mistake by using Dr. Kilmer's Swamp-Root, the great Kidney Remedy. At druggists in fifty cent and dollar sizes. Sample bottle by mail free, also pamphlet telling you how to find out if you have kidney trouble.

Address Dr. Kilmer & Co., Binghamton, N. Y.

### All In.

At the Amx Boon sale on Saturday as Csp. Jack Stewart i selling an article said, "All in!" when the cover of a lard barrel slipped and not "all" of Jack went in—only one leg. Then the boys had the laugh on him.

Last week Nart Burch and Thomas Thomas sold in Louisville 10 hds. of obacco at an average of \$11.22.

### A Fatal Accident to a Prominent Man.

Nathan B. Day, of Frozen Cree k, Breathitt county, is a prosperous and influential farmer, merchant and lumberman. On Wednesday a fly-wheel of his stave-mill burst, part of it hitting him. His arm was badly crushed and some ribs broken.

N. H. Trimble, of this city, received a telegram on Saturday saying that Mr. Day died on Friday night, July 28, 1899. Thus Breathitt county loses one of her best and most influential citizens. He had served his county as Judge of the County Court and School Superintendent for two terms. His brothers are Taylor Day, of Hazel Green, Floyd, of Jackson, John, of Winchester, and William, of Frozen Creek. He is the father of Walter Day, Republican nominee for State Treasurer.

The English "Society for the Prevention of Consumption" presided over by the Prince of Wales, was recently addressed by Sir William Broadbent, who stated that it was definitely known that every case of consumption began with a germ communicated from some other case. There is no such thing as inherited consumption. There may be local weakness which tends to consumption, but the germ has absolutely to be planted in the weak spot before consumption can ensue. This ought to comfort thousands of people who have "weak chests" or "weak lungs." They are not forfeited victims of this dread disease. All that is needed to bid absolute defiance to this deadly scourge, is to be able to strengthen the weak lungs, and build up a strong body. The answer to this need is found in Dr. Pierce's Golden Medical Discovery. It so purifies the blood and increases the blood supply, that disease is thrown off and weak organs are nourished into perfect health, which defies germs of every kind. People, given up by the doctors, emancipated, bleeding at the lungs, with obstinate, lingering coughs, are being cured every day by the use of "Golden Medical Discovery." It is strictly temperance medicine containing no alcohol, whisky or other intoxicant.

Unecda Biscuits and Jinger Wavfers received yesterday.

BASSETT & PITMAN.

### Who is To Blame?

Comment has been mad that too muc p-p-r, scraps of barrel hoops, plank, general rubbish, and even weeds are allo ed on the streets. The heavy rain on Friday somewhat relieved the situation. If business men at all hours of the day dump trash in the streets, the street commissioner will have a hard time. Co-ope to make our streets attractive.

### CASTORIA.

The Kind You Have Always Bought  
Bears the Signature of *Chas. H. Fletcher*

### Resigned.

Ed Booth has resigned as Deputy Warden of the Frankfort penitentiary. His successor will be named by the Prison Comm-isioners. John Panch, of this city, is a candidate for the Wardenship. John is one of our brightest and best young men, and is the man for the place.

The body of Robert G. Ingersoll, weighing 215 pounds, was reduced to two pounds of pearly ash. The body clad in the night-robe in which he died was committed to the flames, so says a dispatch.

### CORRESPONDENCE.

#### LEVEE.

J. W. Baker still continues very low.

We have been having a bountiful supply of rain.

Herbert Heflin bought a sow and pigs of Asa Kidd for \$15.

Dr. J. F. Lockhart and wife, of Kiddville, have been visiting friends and relatives at Ezel the past few days.

T. W. Barrow sold a cow and calf to Miss Malissie Garret for \$42; also to Joe O'Rear his hogs at 3¢ cents lb.

G. P. Douglass has been very low the past few days, but is some better at present.

W. H. Heflin delivered their lambs to Green & Lyman last week. Twenty-one head averaged 77 pounds per head.

#### TANNER'S STORE.

On Friday Mrs. Wm. Sudduth fell at her home and broke an arm.

Miss Calhoun, of Oxford, Ohio, was in our midst last week soliciting for a college.

No good rain recently. Tobacco and corn are being cut short.

J. B. Gay, for three days, has been quite sick, but is now improving.

Clarence Muir is very sick with typhoid fever.

Miss Ida Miller Tanner has returned from a visit to Woodford county.

Mrs. Joseph A. Tanner entertained a house party from Midway for two weeks. The young people have gone home.

#### ROTHWELL.

On Thursday, Trimble, of the ADVOCATE was at Rothwell and neighborhood, expanding—the list of subscribers. Crops appeared to be backward. The health of the community is good. There is considerable activity in the lumber and tie trade. The Public School is taught by the daughter of A. J. Ringo. We had a pleasant call and rest at the home of Solomon Ringo and wife. He is now in his 84th year. His eyes are somewhat dim, thus depriving him of much pleasure from reading. As we converse with aged and infirm men and women we think of that renewed vigor and life eternal which is attainable through faith in the Christ after the mingled joys and sorrows, sunshine and shadows, of this life are past.

According to the observation of A. J. Ringo, Menelee county will pole a big vote for the Democratic ticket headed by Wm. Goebel. Our call at George Down's and the announcement for dinner were pleasing coincidents. As Mr. Downs was not exceedingly anxious to plow and being generous he kindly granted us the use of his horse for a tour up the creek. Our calls are usually short as we have many people to see.

The first call was at N. A. Wills'—then beyond. On Court Day Jno. Helton will have a span of bay mare mules for sale. We had heard that J. D. Crisp was sick. We had met him in the fall of '96, so went socially for few minutes. He has been unable to work for the past eight months but hopes to be out again. Expressing words of Christian hope and assurance we rode on.

The Clay and Bridges tramway will soon be finished to the railroad, thus giving an outlet to their valuable timber. Many men find employment by various companies "in the woods" and there appears to be no excuse for idleness. Returning we cooled off at Mr. Downs' and took the train for town. We observed that the train crew is very accomodating, they will stop most any where for a horse or cow to get off the track and a passenger to get on or off the train.

#### Buried in a Chair.

At Pawling, N. Y. Mrs. Geo. S. Norton, wife of a well-to-do contractor, was buried last week sitting in a rocking chair, which she requested should accompany her to the grave.

It was not alone her attachment to the chair that prompted her to make this strange request. She was a large and stout woman and had a dread of being crushed into an ordinary coffin.

I. N. Phipps has purchased the Jas. Kash property on Grassy Lick pike, eight acres, of Col. Wm. Hurst, for \$1,500 cash, and will very soon begin the erection of a handsome modern residence.

### SOCIAL EVENTS.

At the residence of Mrs. Fannie Reese on Wednesday evening, her granddaughter, Miss Mary Wood, gave a dance to her young friends. Delightful refreshments were served, and the evening was pleasantly passed.

Little Miss Hazel O'Rear, daughter of Judge O'Rear, celebrated her fifth birthday on July 25, by giving a birthday party to her little friends. A nice lunch was served. Sixty little ones were present. She received many nice presents.

Miss Nellie Tipton entertained beautifully at her country home last Monday evening in honor of her guest, Miss Margaret Christian, of Chilesburg.

Get your pocketbook fat, for everybody will be wanting to give a bridal present. Announcement later.

Dr. Daniel's Veterinary Colic Cure is an infallible cure. Try it. For sale at Kennedy's.

#### Change of Firm.

Mr. R. C. Lloyd on Monday sold his stock of drugs to Robert H. White & Co., and the business will be continued at the same stand in the Odd Fellows' Building. Stock will be enlarged. Mr. White, who has been with W. S. Lloyd for twelve years past and received his education at the Philadelphia College of Pharmacy, and passed before the State Board of Pharmacy, will have charge. Mr. Thomas Goodwin will be his clerk. Mr. White expects to make this one of the most attractive stores in the city. His experience and push leads us to believe he will command a large patronage.

We handle choice meats.  
C. F. KEESER.

#### Off For An Outing.

Tomorrow morning "everybody and the cook" will be off for a day's outing at Natural Bridge and Toront. A great day it will be.

The Odd Fellows are completing arrangements and on tomorrow morning at 6.55 everything will be in readiness, and a great crowd will move toward these picturesque places. We are glad to see the people so much interested and know they will have a most enjoyable time.

**CASTORIA.**  
The Kind You Have Always Bought  
Bears the Signature of *Chas. H. Fletcher*  
School Items.

Teachers are requested to call at my office for registers, blanks, etc., before they begin teaching in order that they may know what is required and how to facilitate matters.

The Institute will be held in the week beginning August 21. Prof. Rainey, of Carlisle, will conduct it. All teachers holding certificates will, according to the school law, be required to attend the full time. All interested in education are invited to be present.

Our final examination this year will be held the third Friday and Saturday of August.

MARY G. ANDERSON,  
County Superintendent.

#### At Home.

The Guthrie Clothing Company is now at home in their new quarters, northwest corner of Main and Mayaville streets, with their complete line of clothing, etc. This storeroom, the property of T. G. Julian, has been put in handsome condition and is now one of the prettiest storerooms in the State. It will be pleasant to do business there on account of the light. The entire front is glass and will be dressed in the attractions for each day. The proprietors advise us that their purchases are large and of the latest styles and that this will be a strictly up-to-date store. They will contend for an increase in patronage.

#### What of It?

At Winchester fourteen teachers started in the examination. Three quit before finishing. Of the remainder two were granted first-class certificates, two second-class and one third-class. Several others would have received a third-class, but they had held a third-class certificate before and the law prohibits the granting of a third-class certificate more than once, to the same person.

### Seed Wheat

75c to \$2 per bushel.  
Mt. Sterling Commission Co.

#### Pine Tobacco Sale.

On Wednesday, in Louisville, F. G. Allen, of Shelby county, sold 11 hds. of fine burley, leaf and lugs. The three best sold for \$17.75 per hundred the balance at \$10 to \$13.75, averaging \$15.47.

### Dr. Goldstein

Will Remain Until Saturday,  
Can be Consulted at New  
Central Hotel.

It is my specialty to fit glasses in such a manner that they relieve the eye-strain perfectly, fitting the eye with spectacles that you can see with ease and comfort, thus preserving the eye. In examining the eye only the latest improved methods and instruments are used. Physicians especially are invited to call and investigate my methods of correcting errors of refraction. Many cases of headache, neuralgia, nervousness, irritability, insomnia, vertigo, nervous prostration and the seeming stupidity of children are often due to defective vision caused by an abnormal curvature of the cornea or crystalline lens or to an irregularity of the refracting media of the eye, and are relieved at once upon the application of the proper glasses. Ninety per cent. of the people over 40 years of age need glasses and 50 per cent of the 90 need them for distance.

Glasses are not always given to improve eye-sight, but to relieve undue strains; in short, assist nature. Thousands of eyes are ruined annually. Seven persons out of ten have neither eyes alike, and one out of twenty, astigmatism; hence the necessity of testing each eye separately. Special attention given to any inequality that may exist between the refraction of the eyes.

Optical science has made rapid advances within the last few years. The correct adaption of spectacles has become a distinct profession. The optician who thoroughly understands his business, realizes fully that in adjusting glasses for his customers he is treating with a most delicate and precious organ, where the slightest error may result seriously, while if he does his work well, he not only gives comfort and ease to his patrons, but in many instances restores the sight.

Special care should be taken in selecting the first pair of spectacles, nor should it be attempted without the aid of a responsible optician. It is most important that the lenses should be accurately centered and of the best quality, and the frames so made that the wearer looks directly through the center. Glasses nicely fitted to the face become an ornament as well as a necessity.

Fitting children with spectacles a specialty.  
Parents, do not neglect your children's eyes.  
Difficult cases solicited.  
All questions in regard to the eyes cheerfully answered.  
CONSULTATION AND EXAMINATION FREE.  
Office hours from 10 a. m. to 3 p. m.

**THE SICK.**  
Joel Feiler has been sick for several days.  
C. H. Petry has been quite sick since Saturday.  
John Jackson, jailer of Bath county, is in a dying condition.  
Miss Ella Trimble has been sick for a week, and is improving.  
J. G. Trimble was confined at home with a sprained back for three days last week.  
There is now much sickness among the logmen on Red river near Chimney Top. Flux is prevalent. Mr. Ledford, a young man, died on Wednesday, and two other members of his family are sick.

One attractive feature of the ADVOCATE for some months has been the very interesting and instructive letters written by Miss Fannie Hinds, now in Seoul, Korea, Asia. These appear exclusively in the ADVOCATE. See in this issue one written to R. M. Trimble. Miss Hinds was much surprised when she heard that her letters, which were intended only for the family, were being printed. Her many friends and the thousands of readers of the ADVOCATE have been delighted in reading these very interesting letters. For ourselves and them we thus publicly thank her, and we trust that a deeper interest in Foreign Missions will be created by them. We ask that every reader will call attention to them.
