**Underground Waters of Western
Kentucky.**

A valuable and interesting dis-
cussion of the underground water
resources of Kentucky west of
Tennessee River is contained in
Water-Supply and Irrigation Pa-
per No. 164, last issued by the
United States Geological Survey.
The investigation made by the
Hydrographic Branch of the Geo-
logical Survey show that in west-
ern Kentucky the underground
water resources are largely de-
pendent on the local rainfall. The
springs and shallow wells de-
rive their supplies exclusively
from the rain falling in their im-
mediate vicinity, while the rocks
from which the deep wells obtain
waters are supplied by the rain
that falls within the State or in
the area just west of the Missis-
sippi River. In only a few cases
do deep wells pierce the hard rocks
that lie beneath the soft sands and
clays. In Water-Supply Paper
No. 164, which may be obtained
on application to the Director of
the United States Geological Sur-
vey at Washington, D. C., are dis-
cussed the general conditions that
govern the occurrence of water in
wells and the relation of the geo-
logy of the region to the supply of
underground water. These gener-
al discussions are followed by de-
tailed descriptions that show the
water conditions in each county,
the depth at which water may be
obtained, and the height to which
it rises without pumping.

"Living Skeleton" Is Dead

Wm. Vaughn, whose death oc-
curred Sunday night at Long
Branch, was buried at Richmond.
He was said to have been the thin-
nest man in the world. For years
he was with Barnum and Bailey's
circus, and had traveled through
nearly every country on the globe. He
was six feet six inches, and weigh-
ed less than fifty pounds. He ex-
hibited as the "living skeleton."

Mayor Barth Goes After Loafers.
"I am determined to put a stop
to loafing in Louisville," said May-
or Barth. "There is plenty of work
here for every man who
wants employment, but I under-
stand that when contractors ask
able-bodied men to work, they
laugh at them and congregate
around barrel houses. I have in-
structed the chief of police to ar-
rest all loafers. If they won't
work, they will have to leave town
or go to the work-house."

**Schnapps Tobacco is Made ENTIRELY from Flue Cured
Tobacco Grown in the Piedmont Country.
The Imitation Brands Have Schnapps
Quality Only On the Outside
Of the Plug**

Hundreds of imitation brands are
on sale that look like Schnapps to-
bacco. The outside of the imitation
plugs of tobacco is flue cured the same
as Schnapps, but the inside is filled
with cheap, flimsy, heavily sweetened
air cured tobacco. One chew of
Schnapps will satisfy tobacco hunger
longer than two chews of such to-
bacco. The color, size and shape
of the tags, plugs and packages of
certain imitation brands of tobacco
have been made so much like
Schnapps that they have often been
accepted by buyers under the belief
that they were getting Schnapps.
Sufficient proof has been secured
to establish the fact that certain
brands are infringements and in vio-
lation of the trade mark laws, yet the
trade will continue to be imposed
upon by these infringers until the suit
already entered and now pending to
protect Schnapps is decided. A
great many of these imitations are

claimed to be "just as good" as
Schnapps, but there is only one gen-
uine Schnapps. Be sure the letters
on the tag, and stamped on the plug
under the tag spell S-C-H-N-A-P-P-S
and then you have it—the most
wholesome tobacco produced, with
just enough sweetening to preserve
the mild, juicy, stimulating quality
of the leaf tobacco. Expert tests prove
that this flue cured tobacco, grown
in the famous Piedmont region, re-
quires and takes less sweetening than
any other and has a wholesome,
stimulating, satisfying effect on
chewers.

If the tobacco you are chewing
don't satisfy you more than the mere
habit of expectorating, stop fooling
yourself and chew Schnapps tobacco.
Schnapps is like the tobacco chewers
formerly bought costing from 75c.
to \$1.00 per pound; Schnapps is
sold at 50c. per pound, in 5c. cuts,
strictly 10c. and 15c. plugs.

**Murderer Betrayed by Finger
Prints.**

A curious result of the recent
adaption by the United States
army of the system of identifica-
tion by finger prints, just reported
to the War Department, was the
discovery in the person of a sol-
dier at Fort Leavenworth, of a
British murderer, for whom the
Scotland Yard authorities have
long been looking.

The man was a prisoner in the
United States penitentiary, serv-
ing a five-year sentence for a mi-
litary crime. In prison he was
well behaved and liked, but when
the warden, following the order to
take the finger print records of all
soldiers, attempted to secure an
impression of the man's digits, he
met with violent resistance, and
the assistant, who tried to make
the record, was knocked down and
roughly handled.

Suspecting that this resistance
was based upon the man's previ-
ous knowledge of the use to which
these finger prints might be put,
and that his record was bad, the
warden sent copies of the prints to
the police authorities in a number
of cities. Within a comparatively
short time Scotland Yard reported
that the man had committed an
atrocious murder in Morta; that
he had been sentenced to life im-
prisonment and had escaped to
America.

People who get to heaven will
first have to start tributary estab-
lishments down here.

**Both The Grand Jury and The
Board of Trustees Ought to
Act.**

On Halloween night, students of
the State College, Lexington, at-
tacked several policemen, serious-
ly injuring three of the officers.
They also blockaded the street car.
We clip from the morning Lex-
ington Herald the following editor-
ial:

We regret the conduct of the
students of the State College on
Halloween. Such conduct as they
were guilty of is inexcusable. It
is inexplicable how boys who are
the picked boys of the State; who
come of those people who value
education; who themselves are at
a college for the purpose of secur-
ing an education; who are Ken-
tuckians, and therefore have tra-
ditions of manliness and fairness,
can be guilty of such conduct as
those boys were in using stones
and sticks to attack the officers
who attempted to prevent the de-
struction of private property.

We hope there were compara-
tively few State College students
guilty of such conduct and that
the mob was made up principally
of Lexington rowdies and ruffians.
We would rather have it true that
they were Lexington fellows, not
in the college, who were guilty of
such shameful conduct, than have
it true that the youth who are be-
ing trained in Kentucky's college
to be the leaders of Kentucky's
future, were guilty of what these
boys did.

Every one guilty should be pun-
ished to the limit of the law; pun-
ished both by the civil authorities
and by the college authorities. If
the spirit of that institution is not
such as to make gentlemen of the
boys who attend, by the influence
and example of those who are at
the head of it, at least they should
be made law-abiding citizens
through the fear of punishment
inflicted when they violate the law.
The grand jury should investigate
the whole affair and indict those
guilty of the crimes committed.
The Board of Trustees should also
investigate the whole affair and
dismiss the students who were
guilty of acts of commission and
the members of the faculty who
were guilty of acts of omission.
It has been an annual occurrence
for the boys at the State College
to commit outrages Halloween
night; those at the head of the col-
lege know this. If they are fit
for their places they should have
taken steps to prevent such an out-
break.

**Arlington Hotel at Jackson De-
stroyed By Fire.**

The Arlington Hotel at Jack-
son, Ky., owned by County Judge
Sewell S. Taulbee, was burned on
Wednesday. The fire originated
from a defective flue in the kitchen.
It was well under headway before
it was discovered. The loss will reach
\$5,000, partially covered by insurance.

**Farmers Organizing for Better
Prices.**

Organizer Crawford, of Pendle-
ton county, is now in Mason
county instituting lodges of the
American Society of Equity among
the farmers. The object
of the lodge is to combine for bet-
ter prices of farm products.

You may be able to postpone
coal buying time by thinking of
the price. It is calculated to make
the average man quite hot.

The young man who tries to be
"one of the boys" may succeed at
it, but he is pretty apt to be a fail-
ure at everything else.

A lot of men have been made
miserable by reason of being
forced to try to live up to an ac-
cidental reputation for brilliancy.

Perfect faith means perfect trust.

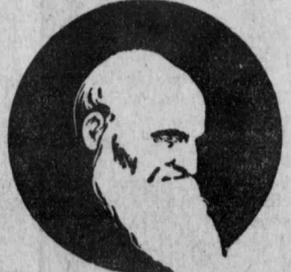

**It Takes
Nerve**

Everything depends upon
your nerves. It is nerve force
that causes the brain to direct
the motion of your body; it is
nerve force that causes your
heart to pulsate, and send the
blood through your veins; it
is nerve force that causes your
stomach to digest food, your
kidneys to filter the blood, and
the liver to secrete bile.

In fact, nerve force is the
power that runs your body, so
if you feel worn-out, irritable,
nervous, cannot sleep, or eat
well, have pain or misery
anywhere, your nerves are
weak, and your system run-
down. To restore this vitality
take Dr. Miles' Nerveine which
will strengthen and build up
the nerves. You cannot be
healthy without strong nerves.
"For eighteen years Dr. Miles'
Nerveine and Anti-Pain Pills have been
my close companions. Early in mar-
ried life, while raising children, my
nerves became all worn-out—could not
sleep; had no appetite; indigestion
very bad, and had such awful dizzy
spells. Then I began using Dr. Miles'
Nerveine, and at once I began to im-
prove, and soon found myself in
perfect health."

MRS. S. L. YOUNG,
324 Pittsburg St., New Castle, Pa.
Dr. Miles' Nerveine is sold by your
druggist, who will guarantee that the
first bottle will benefit. If it fails, he
will refund your money.

Old People

NEED VINOL

it strengthens and vitalizes.
With old age comes feebleness and
loss of power; the blood is thin and
digestion weak.
Vinol repairs worn tissues and
checks the natural decline. It tones
up the digestive organs, aids assim-
ilation, makes rich, red blood, and
strengthens every organ in the body.
In this natural manner Vinol replaces
weakness with strength.
Vinol contains all the medicinal
elements of cod liver oil in a con-
centrated form, taken from fresh cods'
livers, the useless oil eliminated and
tonic iron added.
Try it on our guarantee.
